SECTION 6: SPECIAL PROVISIONS

SP-1. ELECTRONIC SUBMITTALS. The City will accept both sealed Bids and on-line, electronic Bids for this solicitation. Any place in this document that states "...sealed bids only..." is hereby replaced with "...sealed Bids or on-line Bids..." On-line electronic Bids must be submitted on the City's Web Based Bid Platform. The City's only acceptable Web Based Bid Platform is Vendor Registry, accessible through the City's Purchasing web page www.codb.us/841/Purchasing under "Public Solicitation", then selecting the desired bid, and clicking "Submit Bid". No other forms of on-line submittals will be accepted.

Bidders may submit sealed hard copies of Bids to the Purchasing Division or on-line Bids on the Web Based Bid Platform. **Proposers who send their Bid through email will be found non-responsive and ineligible for award.**

Questions may be submitted online through the City's Web Based Bid Platform. All responses will be posted in the form of an addendum or replied to the public through the Web Based Bid Platform. The Bidder must ensure their submittal reflects all addenda so issued.

- **SP-2. EFFECTIVE DATE AND TERM.** The Effective Date of this Contract is the date on which the last Party signs it. The successful Contractor(s) shall be awarded a Contract for an initial 1 year, commencing on the effective date. The City will have the option to renew this Vendor up to 4 Terms of 1 year(s) each, by providing Vendor written notice. Such notice must be provided at least 60 days before the end of the current Term, unless waived by Vendor.
- **SP-3. MULTIPLE AWARDS.** The City reserves the right to award multiple Contracts if this is deemed in the City's best interest. A Contract will be awarded to the lowest responsive and responsible Bidder. The City further reserves the right to award a secondary Contract to the next lowest responsive and responsible Bidder. The Secondary Contractor will be awarded a Contract for work that the Primary Contractor is unable to perform, cannot meet the City's time requirements or whose pricing is unacceptably high for a specific project. There are no guarantees as to the quantity of work.
- **SP-4. BONDS.** There is no bonding required for this solicitation.

SP-5. BIDDER QUALIFICATIONS AND REQUIRED SUBMISSIONS

- **A. Minimum Qualifications.** In order to be considered qualified to perform the requested Services, the Bidder must have all required permits, must have an active, permanent, and successful operation within the State of Florida for a minimum of three years prior to the date of submission of Bids, and must otherwise have sufficient organizational capacity, equipment, and facilities to provide the requested Services.
- **SP-6. PIGGYBACK AUTHORITY.** All Vendors awarded Contracts pursuant to this solicitation are required to permit government agencies, cities, counties, and political subdivisions to participate in the Contract under the same prices, terms, and conditions except where allowance are made for differences in delivery costs.
- **SP-7. WORK AUTHORIZATIONS.** This Contract, in and of itself, does not require the Vendor to provide any Commodities or perform any Services, or require the City to pay for such Commodities or Services. No Commodities or Services will be deemed ordered, and no obligation will arise to pay for such Commodities or Services, except when specifically authorized by a written Work Authorization issued in accordance with the City's procurement policies. The Work Authorization will generally consist of the Vendor's written, date quotation, listing the Commodities offered, including quantities, with reference to the units and prices set forth in the Bid Schedule, consistent with the provisions of this Contract; and the City's Purchase Order accepting such offer. No Work Authorization may alter the terms and conditions of this

Contract; and any provision of a Work Authorization. In case of a conflict with a Work Authorization, this Contract will govern.

SP-8. PRICE ESCALATION/DE-ESCALATION (PPI)

The City may allow a price escalation provision within this award. The original Contract prices shall be firm for the entirety of the initial one (1) year Contract period. A price escalation/de-escalation will be considered at the time of Contract renewal and at 1-year intervals thereafter, provided the Contractor notifies the City, in writing, of the pending price escalation/de-escalation a minimum of sixty (60) days prior to the Contract renewal date. Price adjustments shall be based on the latest version of the Producer Price Index (PPI) -Industry Data, as published by the U.S. Department of Labor, Bureau of Labor Statistics. This information available www.bls.gov. The web link for this service/commodity https://beta.bls.gov/dataViewer/view/timeseries/PCU3326183326187 index [bls.gov, click beta, click data finder, type key word in search bar, enter, copy link above] The base will be April, 2020. The maximum escalation for any period will be 5%.

Price adjustment shall be calculated by applying the simple percentage model to the PPI data. This method is defined as subtracting the base period index value (at the time of initial award) from the index value at time of calculation (latest version of the PPI published as of the date of request for price adjustment), divided by the base period index value to identify percentage of change, then multiplying the percentage of change by 100 to identify the percentage change. Formula is as follows:

Current Index – Base Index / Base Index = % of Change % of Change x 100 = Percentage Change

PPI Calculation Example: PPI for current period 232.945

Less PPI for base period 229.815 Equals index point change 3.130 Divided by base period PPI 229.815

Equals 0.0136

Result multiplied by 100 0.0136 x 100

Equals percent change 1.4%

END OF SECTION

Addendum 1, 3.25.20 - Accepting online submittals only.

17. BID FORMS/SCHEDULE:

- The Bid Schedule is a separate Excel document Bidders must download, complete, print and submit with the bid. The Bid Schedule must be downloaded from at http://www.codb.us/841/Purchasing then click "Public Solicitation", choose "Fencing Installation, Removal, and Repair", then click "Bid Schedule".
- The Bid Proposal Letter, the Bid Schedule, and all other required Forms must be completed. All blank spaces must be filled with dark ink or via typing. All corrections and erasures must be initialed by the party submitting the Bid on behalf of the Bidder.
- If this solicitation requires unit prices and there is a conflict between the unit prices and the extended totals, the unit price will take precedence.
- The Bid may not contain qualifications or exceptions of any kinds.
- Acknowledge addenda at the proper place on the Bid Proposal Letter.
