

## Request for Information

Franklin County is gathering requirements for roof repair and roof install. The purpose of this RFI is to identify qualified firms who are able to meet our needs.

Franklin County is open to alternate suggestions. Respondents are strongly encouraged to provide helpful information and feedback regarding alternate suggestions to help the County decide which option best meets our needs.

The purpose of this RFI is to help Franklin County gather information regarding potential roof repair and install of new roof. We are requiring the following information. Locate/identify roof sections that need repair at the Franklin County Sheriff's Office (FCSO). Vendor needs to provide specs of what type of new roof is suggested. Provide information if it will be necessary to remove or keep existing roofing membrane with new overlay. Vendor needs to provide pros and cons for suggested roof type. (Example: TPO vs EDPM) Is vendor capable of removal and replacement of existing skylight, removal of existing abandoned exhaust vents and drain vents and repair of any roof holes?

A mandatory site visit is required. This can be scheduled with Bill Barns via email at: [bbarns@franklinmo.gov](mailto:bbarns@franklinmo.gov) or by calling 636-583-2560 ext: 1405.

Physical address of site visit:

Franklin County Sheriff's Office  
1 Bruns Ln  
Union, MO 63084

After the site visit is completed, please submit your responses to:  
[purchasing@franklinmo.gov](mailto:purchasing@franklinmo.gov).

Approximately 45,000 square feet (potential contractors will be responsible for determining actual measurements of roof)
