

Main Street Revitalization Project Pre-Bid Meeting

ITB 23-01-19-PS

Important items to discuss and point out to all potential bidders:

- The City will be asking for an alternate bid for the water line relocation, it is our intent not to relocate the water line
- An extension for the project will be granted by FDOT, once a Contractor is selected and a project schedule provided
- You must be a FDOT Certified Contractor to be considered for this project
- Most of the work will be done at night or while businesses are closed
- Alday- Howell Engineering, Inc. will provide C.E.I. services

Project Notes: Please Read (Project Specific Notes) page 3 of plans, drawing no. GN01

- Number 3 in additional notes - Contractor is responsible for obtaining all permits associated and required for construction
- Number 13,14,15 in additional notes - Contractor will provide a City approved Traffic Control Plan/MOT Plan
- Number 1 - Contractor will provide continuous access to businesses and residents during construction
- Number 14 - Contractor will remove Memorial Bricks, store them, and be reinstalled per plans
