### Answers to Specific Questions from Prospective Proposers

- **Are there any flood policies in place currently?**

Yes, at all locations except Cowpens Elementary and the former Cowpens Middle, now utilized as a warehouse. The reason for these exclusions is the fact that the Town of Cowpens does not participate in the National Flood Insurance Program. Neither location is in a 100 year flood plain.

- **Are there any Underground Storage Tank policies in place currently?**

No. All USTs that have existed in the past have been removed and remediated.

Please quote both limits.

- **Does the district want an optional quote for Excess Liability insurance? Yes**
- **The vehicle count (page 10) shows 18 vehicles and 9 buses. The vehicle schedule (page 15) indicates 17 vehicles and 10 buses. Please confirm and confirm the number of activity bus seats.**

17 and 10 respectively. This was an oversight that did not reflect a recent minibus purchase and vehicle retirement.

Assuming 55 per full size and 15 per mini, 350 activity bus seats. This is NOT a change.
