

## **Plan Revisions**

**Silt Fence** – Will be needed along LOD for landscaping side of street.

**Light Pole Installation** – Contractor will not do work pertaining to this item. Instead, they will coordinate with Wilson Electric to install conduit and poles on project site after demolition. Old poles will be removed by Wilson Electric.

**Water and Sewer Services** – Both services will be installed by contractor up to meters but will be tapped into main lines by City of Wilson. Contact City of Wilson Engineer to coordinate.

**Trash Cans** – Will be provided by City of Wilson, only footings need to be installed by contractor.

**Pedestrian Crosswalk** – The pedestrian crosswalk shown on the plans is not to be installed.
