

*Escambia County Public Safety, Communications Division is soliciting quotes for:*

**Equipment or Service:**

A qualified contractor to provide and replace a Motorola SLR8000 Base Station with wireline control VHF Frequency Range (136-174 MHz)

**Location:**

Don Sutton Tower      2340 Crabtree Church Rd.

Coordinates: (30.44.00N, 87.21.43W))

**Contact:** Communications Chief, Andrew Hamilton (850.471.6316).

**Selected Vendor Requirements:**

- Removal and disposal existing unit
- VHF Frequency Range (136-174 MHz) with wireline control
- Comply with Motorola R56 standards and guidelines for grounding
- Motorola certified technician
- Vendor to coordinate with the Communications Chief or designee on the exact date and time work is to be performed at the site.
- Vendor must regularly perform land mobile radio (LMR) installation work as the main focus of their company business.
- Vendor must supply three references for projects similar in size and scope with the proposal.
- Provide the full manufacture warranty on materials and one (1) year warranty on workmanship from the final date of acceptance.
- Manufacturer's manuals, warranty documents shall be provided
- System shall be tested to demonstrate satisfactory functional and operating efficiency.
- All work shall be completed according to the manufacturer's instructions, specifications, and standard trade practices.

This shall be a complete, turnkey, removal and installation. It shall be understood and agreed upon that the quote includes each component for material and labor, even though every item involved is not particularly mentioned. The contractor shall be held responsible to provide ALL labor and materials (including electrical and grounding) for the entire scope of the project.

Vendor is responsible to verify any and all information needed to provide a complete and accurate quote. A site visit may be scheduled by contacting the Communications Chief.
