Re: Russell Harber Landing  
Santa Rosa County, 57-0183476-002-RG

Dear Ms. Adams:

We have reviewed your Notice of General Permit received by the Submerged Lands and Environmental Resources Program on April 27, 2001, concerning the above referenced project. The project appears to qualify for the general permit specified by Rule 62-25.801, Florida Administrative Code (F.A.C.).

Please thoroughly review and be aware of the conditions associated with the general permit (attached). Your particular attention is directed to the statement contained in the general permit which states that this general permit does not relieve you, the permittee, from obtaining a dredge and fill, collection system or distribution system permit where it is required.

We wish to point out that Rule 62-25.801, F.A.C. also requires that the permittee file an As-Built Certification with the Submerged Lands and Environmental Resources Program within thirty (30) days after the facility's completion. This certification is included as Page 4 of DEP Form 62-1.215(2), the General Permit for Stormwater Discharge Facilities.

If you have any questions about the need to obtain additional permits, or any other matters, please call David Hitt at (850) 595-8300, extension 1173.

Sincerely,

  
Clifford G. Street, P.E.  
Supervisor, Engineering Support  
Submerged Lands & Environmental

USACE

MAY 09 2001

Donna S. Adams  
6378 Dixon Street  
Milton, Florida 32507

Dear Ms. Adams:

This is to acknowledge receipt of your notice (File No. 57-0183476-004-DG) received on April 27, 2001, of intent to use a general permit for the construction of two 76' x 16' boatramps with two 55' x 6' catwalks and a 98' x 6' finger pier, located at Old River Road on Blackwater River, Class III Waters, Shellfish Unclassified Harvesting Waters, Section 03, Township 01 North, Range 28 West, Santa Rosa County, pursuant to Rule 62-312.803, Florida Administrative Code. Based on the forms, drawings, and documents submitted with your application and attached to this letter, it appears that the project meets the requirements for the general permit listed above.

Any activities performed under a general permit are subject to general conditions required in Rule 62-4.540, F.A.C. (attached), and the specific conditions of Rule 62-312.803, F.A.C. (attached). Any deviations from these conditions may subject the permittee to enforcement action and possible penalties.

In addition, this letter is your authorization to use sovereign submerged land for the construction of your project, as required by chapter 253.77, Florida Statutes, and Chapter 18-21, Florida Administrative Code.

Be advised that your neighbors and other parties who may be substantially affected by the proposed activity allowed under this determination of approval of the general permit have a right to request an administrative hearing on the Department's decision that the proposed activity qualifies for this general permit. If an administrative hearing is timely requested by a substantially affected person, the finding that the proposed activity qualifies for this general permit must be reconsidered, and it is possible that the hearing could result in a determination that the proposed activity does not qualify for the general permit. Under Rule 28-106.111 of the Florida Administrative Code, a request for such an administrative hearing must be filed with the Department's Clerk in the Office of General Counsel within 21 days of publication of notice in a newspaper of general circulation in the county where the activity is to take place.

The Department will not publish notice of this determination. Publication of this notice by you is optional and not required for you to proceed. However, in the event that an administrative hearing is held and the Department's determination is reversed, proceeding with the proposed activity before the time period for requesting an administrative hearing has expired would mean that the activity was conducted without the required permits.

If you wish to limit the time within which all substantially affected persons may request an administrative hearing, you may elect to publish, at

"More Protection, Less Process"

Printed on recycled paper.

Donna S. Adams

File No. 57-0183476-004-DF

Page 2 of 2

your own expense one time only in the legal advertisement section of a newspaper of general circulation in the county where the activity is to take place.

If you wish to limit the time within which any specific person(s) may request an administrative hearing, you may provide such person(s), by certified mail, a copy of this determination.

For the purposes of publication, a newspaper of general circulation means a newspaper meeting the requirements of sections 50.011 and 50.031 of the Florida Statutes. In the event you do publish this notice, within seven days of publication, you must provide to the following address a certification or affidavit of publication issued by the newspaper. If you provide direct written notice to any person as noted above, you must provide to the following address a copy of the direct written notice: Department of Environmental Protection, at 160 Governmental Center, Suite 201, Pensacola, Florida 32501-5794.

Please be advised that the general permit expires five years from the date the notice to use the general permit was received by the Department. If you wish to continue this general permit beyond the expiration date, you must notify the Department at least 30 days before its expiration.

A copy of your notice also has been sent to the U.S. Army Corps of Engineers (USACOE) for review. The USACOE may require a separate permit. Failure to obtain this authorization prior to construction could subject you to enforcement action by that agency. For further information, you should contact Clif Payne of the USACOE at (850) 433-3510.

If you have any questions, please contact Kathleen Jones at (850) 595-8300, Ext. 1174. When referring to this project, please use the file number listed above.

Sincerely,

Larry O'Donnell

**RECEIVED**  
MAY 11 2001  
JACKSONVILLE DISTRICT  
USACE

Dear Ms. Adams:

On April 27, 2001, we received your application (File No. 57-0183476-005-DE) to perform the following activities: to fill approximately 0.02 acres of previously disturbed jurisdictional wetlands to pave an existing dirt road, located at Old River Road on Blackwater River, Class III Waters, Shellfish Unclassified Harvesting Waters, Section 03, Township 01 North, Range 28 West, Santa Rosa County.

Your application has been reviewed to determine whether it qualifies for (1) regulatory authorization; and (2) any required authorization to use state-owned (sovereign) submerged lands owned by the state of Florida.

## 1. Regulatory Review – EXEMPTION VERIFIED

Based on the information submitted, the Department has determined that filling approximately 0.02 acres of disturbed jurisdictional wetlands to pave and enhance an existing dirt road that will minimize future sedimentation into the wetlands is exempt, under rule 62-4.040(1)(b), Florida Administrative Code, from the need to obtain a regulatory permit under section 373.4145 of the Florida Statutes and chapter 62-312 of the Florida Administrative Code. This determination is made because the activity, in consideration of its type, size, nature, location, use, and operation, is not expected, either individually or cumulatively, to cause or contribute to the release of pollutants or harm to resources in sufficient quantity, quality, content, or character as to reasonable justify regulation under section 373.4145 of the Florida Statutes, or chapters 62-25 or 62-312 of the Florida Administrative Code.

This determination is based on the information you provided the Department and the statutes and rules in effect when the application was submitted and is effective only for the specific activity proposed. This determination shall automatically expire if site conditions materially change or the governing statutes or rules are amended. In addition, any substantial modifications in your plans should be submitted to the Department for review, as changes may result in a permit being required. In any event, this determination shall expire after one year.

## 2. Authorization to use state-owned (sovereign) submerged lands – [ Not required]

The activity does not appear to be location on sovereign submerged lands, and does not require

further authorization under chapter 253 of the Florida Statutes, or chapter 18-21 of the Florida Administrative Code.

### **Additional Information**

This letter does not relieve you from the responsibility of obtaining other federal, state, or local authorizations that may be required for the activity.

Please retain this letter. The activities may be inspected by authorized state personnel in the future to insure compliance with appropriate statutes and administrative codes. If the activities are not in compliance, you may be subject to penalties under Chapter 373, F.S. and Chapter 28-14, F.A.C.

### **NOTICE OF RIGHTS OF SUBSTANTIALLY AFFECTED PERSONS**

This letter acknowledges that the proposed activity is exempt from wetland resource permitting requirements under Rule 62-4.040(1)(b) of the Florida Administrative Code. This determination is final and effective on the date filed with the Clerk of the Department unless a sufficient petition for an administrative hearing is timely filed under sections 120.569 and 120.57 of the Florida Statutes as provided below. If a sufficient petition for an administrative hearing is timely filed, this determination automatically becomes only proposed agency action subject to the result of the administrative review process. Therefore, on the filing of a timely and sufficient petition, this action will not be final and effective until further order of the Department.

Be advised that your neighbors and other parties who may be substantially affected by the proposed activity allowed under this determination of exemption have a right to request an administrative hearing on the Department's decision that the proposed activity qualifies for this exemption. Because the administrative hearing process is designed to re-determine final agency action on the application, the filing of a petition for an administrative hearing may result in a final determination that the proposed activity is not authorized under the exemption established under Rule 62-4.040(1)(b) of the Florida Administrative Code.

The Department will not publish notice of this determination. Publication of this notice by you is optional and is not required for you to proceed. However, in the event that an administrative hearing is held and the Department's determination is reversed, proceeding with the proposed activity before the time period for requesting an administrative hearing has expired would mean that the activity was conducted without the required permit.

If you wish to limit the time within which all substantially affected persons may request an administrative hearing, you may elect to publish, at your own expense, the enclosed notice

Donna S. Adams  
File No. 57-0183504-005-DE  
Page 2 of 3

(Attachment A) in the legal advertisement section of a newspaper of general circulation in the county where the activity is to take place. A single publication will suffice.

If you wish to limit the time within which any specific person(s) may request an administrative hearing, you may provide each person(s), by certified mail with a copy of this determination, including Attachment A.

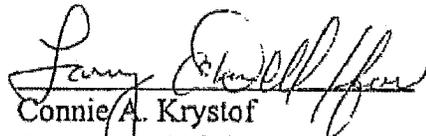

For the purposes of publication, a newspaper of general circulation means a newspaper meeting the requirements of sections 50.011 and 50.031 of the Florida Statutes.

In the event you do publish this notice, within seven days of publication, you must provide to the following address proof of publication issued by the newspaper as provided in section 50.051 of the Florida Statutes. If you provide direct written notice to any person as noted above, you must provide to the following address a copy of the direct written notice.

MAY 09 2001

Dear Ms. Adams:

On April 27, 2001, we received your application (File No. 57-0183476-005-DE) to perform the following activities: to fill approximately 0.02 acres of previously disturbed jurisdictional wetlands to pave an existing dirt road, located at Old River Road on Blackwater River, Class III Waters, Shellfish Unclassified Harvesting Waters, Section 03, Township 01 North, Range 28 West, Santa Rosa County.

Your application has been reviewed to determine whether it qualifies for (1) regulatory authorization; and (2) any required authorization to use state-owned (sovereign) submerged lands owned by the state of Florida.

## 1. Regulatory Review - EXEMPTION VERIFIED

Based on the information submitted, the Department has determined that filling approximately 0.02 acres of disturbed jurisdictional wetlands to pave and enhance an existing dirt road that will minimize future sedimentation into the wetlands is exempt, under rule 62-4.040(1)(b), Florida Administrative Code, from the need to obtain a regulatory permit under section 373.4145 of the Florida Statutes and chapter 62-312 of the Florida Administrative Code. This determination is made because the activity, in consideration of its type, size, nature, location, use, and operation, is not expected, either individually or cumulatively, to cause or contribute to the release of pollutants or harm to resources in sufficient quantity, quality, content, or character as to reasonably justify regulation under section 373.4145 of the Florida Statutes, or chapters 62-25 or 62-312 of the Florida Administrative Code.

This determination is based on the information you provided the Department and the statutes and rules in effect when the application was submitted and is effective only for the specific activity proposed. This determination shall automatically expire if site conditions materially change or the governing statutes or rules are amended. In addition, any substantial modifications in your plans should be submitted to the Department for review, as changes may result in a permit being required. In any event, this determination shall expire after one year.

## 2. Authorization to use state-owned (sovereign) submerged lands - [ Not required]

The activity does not appear to be location on sovereign submerged lands, and does not require

further authorization under chapter 253 of the Florida Statutes, or chapter 18-21 of the Florida Administrative Code.

### **Additional Information**

This letter does not relieve you from the responsibility of obtaining other federal, state, or local authorizations that may be required for the activity.

Please retain this letter. The activities may be inspected by authorized state personnel in the future to insure compliance with appropriate statutes and administrative codes. If the activities are not in compliance, you may be subject to penalties under Chapter 373, F.S. and Chapter 28-14, F.A.C.

### **NOTICE OF RIGHTS OF SUBSTANTIALLY AFFECTED PERSONS**

This letter acknowledges that the proposed activity is exempt from wetland resource permitting requirements under Rule 62-4.040(1)(b) of the Florida Administrative Code. This determination is final and effective on the date filed with the Clerk of the Department unless a sufficient petition for an administrative hearing is timely filed under sections 120.569 and 120.57 of the Florida Statutes as provided below. If a sufficient petition for an administrative hearing is timely filed, this determination automatically becomes only proposed agency action subject to the result of the administrative review process. Therefore, on the filing of a timely and sufficient petition, this action will not be final and effective until further order of the Department.

Be advised that your neighbors and other parties who may be substantially affected by the proposed activity allowed under this determination of exemption have a right to request an administrative hearing on the Department's decision that the proposed activity qualifies for this exemption. Because the administrative hearing process is designed to re-determine final agency action on the application, the filing of a petition for an administrative hearing may result in a final determination that the proposed activity is not authorized under the exemption established under Rule 62-4.040(1)(b) of the Florida Administrative Code.

The Department will not publish notice of this determination. Publication of this notice by you is optional and is not required for you to proceed. However, in the event that an administrative hearing is held and the Department's determination is reversed, proceeding with the proposed activity before the time period for requesting an administrative hearing has expired would mean that the activity was conducted without the required permit.

If you wish to limit the time within which all substantially affected persons may request an administrative hearing, you may elect to publish, at your own expense, the enclosed notice

Attachment A

NOTICE OF DETERMINATION OF QUALIFICATION FOR EXEMPTION

In the Matter of an Application  
for a Determination of Qualification  
for an Exemption by:

Donna S. Adams  
6378 Dixon Street  
Milton, Florida 32507

File No. 57-0183476-005-DE  
Santa Rosa County

The Department of Environmental Protection gives notice that the filling of approximately 0.02 acres of disturbed jurisdictional wetlands, located at Old River Road on Blackwater River, Shellfish Unclassified Harvesting Waters, Section 03, Township 01 North, Range 28 West, Santa Rosa County, has been determined to be exempt from requirements to obtain a Consolidated Wetland Resource Permit.

A person whose substantial interests are affected by the Department's action may petition for an administrative proceeding (hearing) under sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received by the clerk) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000.

Mediation is not available.

If a timely and sufficient petition for an administrative hearing is filed, other persons whose substantial interests will be affected by the outcome of the administrative process have the right to petition to intervene in the proceeding. Intervention will be permitted only at the discretion of the presiding officer upon the filing of a motion in compliance with rule 28-106.205 of the Florida Administrative Code.

In accordance with rules 28-106.111(2) and 62-110.106(3)(a)(4), petitions for an administrative hearing must be filed within 21 days of publication of the notice or receipt of written notice, whichever occurs first. Under rule 62-110.106(4) of the Florida Administrative Code, a person whose substantial interests are affected by the Department's action may also request an extension of time to file a petition for an administrative hearing. The Department may, for good cause shown, grant the request for an extension of time. Requests for extension of time must be filed with the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000 prior to the applicable deadline. A timely request for extension of time shall toll the running of the time period for filing a petition until the request is acted upon. Upon motion by the requesting party showing that the failure to file a request for an extension of time before the deadline was the result of excusable neglect, the Department may also grant the requested extension of time.

The petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition for an administrative hearing within the appropriate time period shall constitute a waiver of that right.

A petition that disputes the material facts on which the Department's action is based must contain the following information:

- (a) The name and address of each agency affected and each agency's file or identification number, if known;
- (b) The name, address, and telephone number of the petitioner; the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests are or will be affected by the agency determination;
- (c) A statement of when and how the petitioner received notice of the agency decision;
- (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate;
- (e) A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the agency's proposed action;
- (f) A statement of the specific rules or statutes that the petitioner contends require reversal or modification of the agency's proposed action; and
- (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts on which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by rule 28-106.301.

Under sections 120.569(2)(c) and (d) of the Florida Statutes, a petition for administrative hearing shall be dismissed by the agency if the petition does not substantially comply with the above requirements or is untimely filed.

Complete copies of all documents relating to this determination of exemption are available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, at Department of Environmental Protection, 160 Governmental Center, Suite 202, Pensacola, Florida 32501.

**62-4.030 General Prohibition.**

Any stationary installation which will reasonably be expected to be a source of pollution shall not be operated, maintained, constructed, expanded, or modified without the appropriate and valid permits issued by the Department, unless the source is exempted by Department rule. The Department may issue a permit only after it receives reasonable assurance that the installation will not cause pollution in violation of any of the provisions of Chapter 403, F.S., or the rules promulgated thereunder. A permitted installation may only be operated, maintained, constructed, expanded or modified in a manner that is consistent with the terms of the permit.

Specific Authority: 403.021, 403.031, 403.061, 403.088, FS.

Law Implemented: 403.021, 403.031, 403.061, 403.087, 403.088, FS.

History: New 3-4-70, Revised 5-17-72, Amended 8-31-88. Previously numbered as 17-4.03, Formerly 17-4.030.

**62-4.040 Exemptions.**

(1) The following installations are exempted from the permit requirements of this Chapter. The following exemptions do not relieve any installation from any other requirements of Chapter 403., F.S., or rules of the Department. Other installations may be exempted under other Chapters of Title 62 .

(a) Structural changes which will not change the quality, nature or quantity of air and water contaminant emissions or discharges or which will not cause pollution.

(b) Any existing or proposed installation which the Department shall determine does not or will not cause the issuance of air or water contaminants in sufficient quantity, with respect to its character, quality or content, and the circumstances surrounding its location, use and operation, as to contribute significantly to the pollution problems within the State, so that the regulation thereof is not reasonably justified. Such a determination is agency action and is subject to Chapter 120, F.S. Such determination shall be made in writing and filed by the Department as a public record. Such determination may be revoked if the installation is substantially modified or the basis for the exemption is determined to be materially incorrect.

(2) These exemptions do not apply to the discharge to waters of the state from any article, machine, equipment, contrivance or their exhaust system, which contains water-borne radioactive material in concentrations above the natural radioactive background concentration in the receiving water.

Specific Authority: 403.061, 403.805, FS.

Law Implemented: 403.021, 403.031, 403.061, 403.087, 403.088, 403.802, 403.805, 403.813, FS.

History: Formerly 17-4.03(2), F.A.C.; New 3-4-72; Revised 5-17-72; Amended 8-7-73, 6-10-75, 10-26-75, 7-8-76, 7-13-78, 3-1-79; Joint Administrative Procedures Committee Objection Withdrawn - See FAW Vol. 3, No. 30, 7-29-77; Amended 3-11-81, 7-8-82,

Secretary

MAY 09 2001

Donna S. Adams  
6378 Dixon Street  
Milton, Florida 32507

Dear Ms. Adams:

This is to acknowledge receipt of your notice (File No. 57-0183476-004-DG) received on April 27, 2001, of intent to use a general permit for the construction of two 76' x 16' boatramps with two 55' x 6' catwalks and a 98' x 6' finger pier, located at Old River Road on Blackwater River, Class III Waters, Shellfish Unclassified Harvesting Waters, Section 03, Township 01 North, Range 28 West, Santa Rosa County, pursuant to Rule 62-312.803, Florida Administrative Code. Based on the forms, drawings, and documents submitted with your application and attached to this letter, it appears that the project meets the requirements for the general permit listed above.

Any activities performed under a general permit are subject to general conditions required in Rule 62-4.540, F.A.C. (attached), and the specific conditions of Rule 62-312.803, F.A.C. (attached). Any deviations from these conditions may subject the permittee to enforcement action and possible penalties.

In addition, this letter is your authorization to use sovereign submerged land for the construction of your project, as required by chapter 253.77, Florida Statutes, and Chapter 18-21, Florida Administrative Code.

Be advised that your neighbors and other parties who may be substantially affected by the proposed activity allowed under this determination of approval of the general permit have a right to request an administrative hearing on the Department's decision that the proposed activity qualifies for this general permit. If an administrative hearing is timely requested by a substantially affected person, the finding that the proposed activity qualifies for this general permit must be reconsidered, and it is possible that the hearing could result in a determination that the proposed activity does not qualify for the general permit. Under Rule 28-106.111 of the Florida Administrative Code, a request for such an administrative hearing must be filed with the Department's Clerk in the Office of General Counsel within 21 days of publication of notice in a newspaper of general circulation in the county where the activity is to take place.

The Department will not publish notice of this determination. Publication of this notice by you is optional and not required for you to proceed. However, in the event that an administrative hearing is held and the Department's determination is reversed, proceeding with the proposed activity before the time period for requesting an administrative hearing has expired would mean that the activity was conducted without the required permits.

If you wish to limit the time within which all substantially affected persons may request an administrative hearing, you may elect to publish, at

"More Protection, Less Process"

Printed on recycled paper.

your own expense one time only in the legal advertisement section of a newspaper of general circulation in the county where the activity is to take place.

If you wish to limit the time within which any specific person(s) may request an administrative hearing, you may provide such person(s), by certified mail, a copy of this determination.

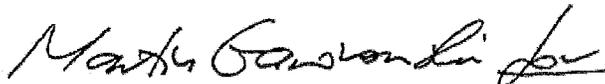

For the purposes of publication, a newspaper of general circulation means a newspaper meeting the requirements of sections 50.011 and 50.031 of the Florida Statutes. In the event you do publish this notice, within seven days of publication, you must provide to the following address a certification or affidavit of publication issued by the newspaper. If you provide direct written notice to any person as noted above, you must provide to the following address a copy of the direct written notice: Department of Environmental Protection, at 160 Governmental Center, Suite 201, Pensacola, Florida 32501-5794.

Please be advised that the general permit expires five years from the date the notice to use the general permit was received by the Department. If you wish to continue this general permit beyond the expiration date, you must notify the Department at least 30 days before its expiration.

A copy of your notice also has been sent to the U.S. Army Corps of Engineers (USACOE) for review. The USACOE may require a separate permit. Failure to obtain this authorization prior to construction could subject you to enforcement action by that agency. For further information, you should contact Clif Payne of the USACOE at (850) 433-3510.

If you have any questions, please contact Kathleen Jones at (850) 595-8300, Ext. 1174. When referring to this project, please use the file number listed above.

Sincerely,

Larry O'Donnell
