

ADDENDUM NO. 1

Issue Date: July 12, 2024

Project Name: Gifford Aquatic Center Slide Replacement

Bid Number: 2024054

Bid Opening Date: July 26, 2024

This addendum is being released to answer questions received to date.

The information and documents contained in this addendum are hereby incorporated in the invitation to bid.

Questions and Answers

Do you have the original construction plans that include the slide?

1. **We don't have original construction plans that include the current slides. The slides were added after the original construction.**

Is there any specific time that is allowed to do a site visit of the aquatic center? If not, do I need to contact anyone specific upon arrival?

2. **Site visits are open any time we are open Monday – Friday 9:00 am – 6:00 pm / Saturday 9:00 – 5:00 pm / Sunday 12:00- 5:00 pm**

We are concerned about the proposed 90-day timeline after contract commencement and wonder if you are open to amending it to a due date in 2025. The following all take significant time and in some cases are unpredictable and out of the control of the manufacturer:

3.
 - Site specific Engineering - 2 to 6 weeks
 - Review by Health department - This can take up to several months on its own.
 - Production of the unit - 8 to 12 weeks
 - Removal of existing slide and installation of new slide - 3 to 4 weeks
 - 90 days after October 1st is December 30th and our crews will not be available for several weeks surrounding the holidays. We would propose a deadline in April before the pool season begins to allow for some of the unpredictable variables.

The County is open to discussing the timeline with the awarded Contractor.
