Anderson County Schools has adopted the Eureka Math Curriculum for all schools K-12. It is necessary for Principals to understand the program, its philosophy, and have a clear understanding of how it works within the classroom. This 2 day training provided by Great Minds will teach our principals the foundational understanding of this curriculum. The training will also include time working with our principals to observe lessons and teach them how to provide quality feedback. This quality feedback will support our teachers in effectively implementing the Eureka curriculum in all schools.

## SOLE SOURCE LETTER

May 15, 2018

This letter confirms that Great Minds (including its affiliates) is the sole source provider of curriculum materials known as *Eureka Math*<sup>TM</sup> in all formats, including digital, and translations, including Spanish. Great Minds is the copyright holder to these materials as well as the publisher and producer.

Camelot Print and Copy Centers is the official printer for *Eureka Math*<sup>TM</sup> Homework Helpers.

Any questions should be directed to [sales@greatminds.org](mailto:sales@greatminds.org).

Sincerely, \_\_\_\_\_
