**City of Knoxville**  
**Request for Proposals**  
Bicycle Share Services

**I. Statement of Intent**

The City of Knoxville is seeking an entity or team of entities to provide “turn-key” services for a successful and financially sustainable automated bicycle sharing system (“Bicycle Sharing System” or “System”). The purpose of this solicitation is to select a qualified entity (hereinafter called “Contractor”) to design, implement, own, operate, maintain, and market a Bicycle Sharing System within the City of Knoxville.

Through this procurement, the City desires to enable a licensing agreement(s) for the Contractor to access and install System infrastructure on City-owned real estate, parks, sidewalks and other rights-of-way as practical. The City is willing to entertain proposals outlining other non-monetary contributions by the City including, but not necessarily limited to, System publicity and coordination with City signage and future bike infrastructure improvements. At this time, the City is *not* committing a direct monetary payment or subsidy for the Bicycle Sharing System, and proposers should not expect the City to be a financial contributor to such a System. However, the City may consider contributing to the System in the future through a sponsorship or similar financial support.

It is the intent of the City to award the winning Contractor a Master License Agreement for a two (2) year term to begin upon approval and execution by the City. The Agreement may, by written, mutual agreement of the parties, be extended for two (2) additional (2) year periods.

**III. Background**

The City of Knoxville believes that biking is a key component of a diverse transportation network that promotes healthy lifestyles and makes streets more vibrant and attractive. In the past three years, the City has tripled the number of miles of bicycle infrastructure present in the

city. There are 13 miles of bike lanes and 2.4 miles of buffered bike lanes in the City with another 2.5 miles in the planning stage. The City believes that a Bicycle Sharing System would be an environmentally-friendly and congestion-reducing alternative transportation option for commuters, citizens, and visitors who live in or travel to Knoxville.

The City desires to support a Bicycle Sharing System that integrates system design, branding, sponsorships, and other marketing with the following local priorities:

- Enhancing Knoxville's Urban Wilderness;
- Connecting downtown with other redevelopment corridors and points of interest;
- Strengthening local sustainability and resilience;
- Encouraging active and healthy communities; and
- Promoting equity and inclusion.

The City anticipates that successful proposing entities will: 1) understand these local priorities and have experience supporting efforts to advance these goals in Knoxville; 2) demonstrate a strong ability to secure local sponsorships; and 3) have a successful history of implementing and operating bike sharing programs in the United States. Proposal teams that include teams of companies and/or non-profit organizations are welcomed.

Submitting organizations are strongly encouraged to view this website often to see if addenda are posted. Failure of any proposer to receive such addendum or interpretation shall not relieve such Proposer from any obligation under his proposal as submitted. Such information may include, but is not limited to, current financial statements by an independent CPA, verification of availability of equipment and personnel, and past performance records.

4.7 Included in the Contract Documents is an affidavit that the undersigned has not entered into any collusion with any person with respect to this proposal. The proposer is required to submit this affidavit with their proposal submission.

4.8 Subsequent to the Evaluation Committee's review and the Mayor's recommendation of a firm(s), Knoxville City Council approval may be required before the final contract may be executed.

4.9 All expenses for making a submission of proposal shall be borne by the submitting entity.

4.10 Any submission of proposals may be withdrawn up until the date and time for opening of the submissions. **Any submission not so withdrawn shall, upon opening, constitute an irrevocable offer for a period of 120 days to the City of Knoxville for the services set forth in the Request for Proposals until one or more of the submissions have been duly accepted by the City.**

4.11 Prior to submitting their proposals, proposers are to be registered with the Purchasing Division by setting up a Vendor Self-Service Account. - The City of Knoxville shall not be liable for any commercial carrier's decision regarding deliveries during inclement weather.

## V. Scope of Service

5.1 The City desires to engage a qualified Contractor to provide "turn-key" services for implementing and operating a successful and financially sustainable automated on-demand bicycle sharing system. The program should incorporate information technology to operate a fleet of shared bicycles that may be rented from one bike sharing station and returned to another in a network of stations, providing a transportation alternative to motor vehicle trips for Knoxville's residents, commuters, and visitors.

5.2 The Contractor shall provide and own all system equipment. All System design, installation, operating, maintenance, and promotional responsibilities will be borne and insured by the Contractor. The City anticipates that the Contractor will collect membership/use fees, sponsorships, and other revenue sources in order to cover System capital and operating costs. The City may help promote and showcase the System community-wide, but the City will not directly seek, recruit, or recognize System sponsors.

5.3 The City anticipates entering into a Master License Agreement with the Contractor to allow the placement of bicycle docking stations on sidewalks and other city-owned real estate. The Contractor may also independently arrange for System equipment to be placed on private property or other non-City-owned property with the property owner's approval.

5.4 The Contractor will be responsible for defining the location and densities of System stations and other infrastructure, and the City anticipates that final site determination may depend on sponsorships. However, proposing firms should plan, at a minimum, to provide System stations and supporting infrastructure in Downtown Knoxville, which has a high concentration of tourist attractions, transit use, employment centers, and higher density residential development. The City anticipates that additional stations will be located in and around the University of Tennessee and City Redevelopment Project areas ([www.knoxvilletn.gov/city\\_departments\\_offices/redevelopment/](http://www.knoxvilletn.gov/city_departments_offices/redevelopment/)) to help connect these areas to the downtown and to each other.

5.5 The City anticipates that the System can be planned and launched within 180 days of contract signing. However, proposers may propose an alternative timeline for launch if they feel 180 days is not sufficient to ensure System success.

5.6 Proposers should provide concise descriptions of their approach to and capability to provide

the following scope of work for a Bicycle Sharing System.

A. System Development, Design, and Installation

- i. Describe your proposed process for identifying system deployment areas including site assessment and stakeholder engagement.
- ii. Describe how the proposed system will help connect points of interest in Downtown Knoxville with other areas such as City Redevelopment areas and the University of Tennessee.
- iii. Provide a project schedule that describes when your team intends to launch the Bike Sharing System. Include anticipated planning and construction milestones and deliverables.

B. System Infrastructure and Technology

- i. Provide a detailed description of the bicycles, stations, and any equipment to be used. Description should include mechanical specifications, including information about the gearing, suspension, seat, branding, any onboard technology, and all other amenities (i.e. basket, bell, locks). Describe any ability to deploy alternative bicycle option such as e-Bikes either at launch or during the specified contract period.
- ii. Provide samples of any proposed signs incidental to the operation of a Bike Share System. Identify proposed placement, sizing, and dimensions, and describe how proposed signage may be coordinated with the City's existing signage and will be compliant with the City of Knoxville zoning code.
- iii. Describe the System modularity and expansion capability for stations or kiosks (if applicable), bicycles, and technology.
- iv. Describe your system for reserving bicycles through mobile and web-based platforms.
- v. Describe any safety features that would be included in this system. Proposers are required to have a plan that encourages helmet utilization by customers.
- vi. Describe System electrical requirements including solar connections, if applicable.

C. Operations and Maintenance

- i. Provide a detailed description of maintenance plans for both regular service intervals as well as emergency repairs to all system equipment (e.g. bikes and stations) to ensure the system remains in safe and working conditions at all times.
- ii. Describe local and remote staffing dedicated to the operations of the System. The City anticipates that a successful System will have at least one local full-time employee managing operations of the bike system.
- iii. Please describe your customer service protocols and provide your expected response times to customer service issues.
- iv. Provide your planned office hours of operation.
- v. Describe any bicycle redistribution protocols.

#### D. Membership and Revenue Collection

- i. Provide a description of proposed membership categories and payment options, including sample membership pricing based on the system size, demographics, population, etc. Proposers are encouraged to propose alternative reservation options for users that may not have debit or credit cards. The City is interested in hearing options that allow users to utilize the System for a period of time at no cost.
- ii. Provide a detailed description (including images) of how the payment system will function from a user's perspective.
- iii. Describe any collection methods for loss or theft of equipment.
- iv. Provide a description of proposed sponsorship levels, terms of sponsorship agreements, and rates at the time of system launch.
- v. Describe your plan to publicize and market the system.

#### E. Team Experience

- i. Describe your team and its members. Include experience, qualifications, and success in providing bike sharing systems or similar services.
- ii. Demonstrate that your team understands the local priorities described in this RFP and describe your team's experience advancing such priorities in Knoxville.
- iii. Describe your team's ability to secure local sponsorships for projects of similar funding levels.
- iv. Please clearly identify which team members will perform the functions detailed in your proposal, including any sub-contractors.

#### F. City Feedback

- i. Identify what roles your proposal requests from the City, both up-front and during on-going System operations. Such inputs might include assistance with community-wide system publicity or provision of planning insights to inform system development, etc.
- ii. Describe your approach to reporting to the City on System functionality and usage, and how your team will respond to data to help ensure the on-going success of the System.
- iii. Identify any other ways in which your proposal can help the City advance the goals stated in this RFP.

### 5.7 Other Contractor Requirements.

- A. The Contractor will provide quarterly reports to the City of Knoxville regarding the performance of the system. At a minimum these reports shall include: 1) system utilization, 2) bicycle distribution, 3) customer feedback, and 4) membership levels.
- B. The Contractor shall comply with all Federal, state, and local laws and ordinances in designing, installing, operating, and maintaining the System.
- C. Sponsorship Recognition: The City anticipates that the Contractor will seek system

sponsorships from local companies and other entities in order to cover System capital and operating costs. System sponsors may be recognized on System infrastructure (such as bicycles, stations, and signage) by name or other through identifying graphics or logos. However, such sponsorship recognition shall *not* list information beyond a standard logo or graphic, including but not limited to business hours, sales or promotions, or other contact information.

## **VI. Contract Requirements**

Submitting entities, if selected, must be willing to sign a contract with the City which will include certain provisions, among which are the following:

6.1 **Contract Documents.** The contract shall consist of (1) the RFP; (2) the proposal submitted by the contractor to this RFP; and (3) the contract. In the event of a discrepancy between the contract, the RFP and the submitted proposal, the terms that provide the greater benefit to the City and/or impose the greater obligation to the contractor will prevail.

6.2 **Administration.** The contract will be administered by the City of Knoxville Office of Sustainability.

6.3 **Invoices.** Invoices for services will be submitted to the City in accordance with the contract terms.

6.4 **Independent Contractor.** The relationship of contractor to the City will be that of independent contractor. The contractor will be solely and entirely responsible for its acts and for the acts of its agents, employees, servants and subcontractors done during the performance of the contract. All services performed by the contractor shall be provided in an independent contractor capacity and not in the capacity of officers, agents, or employees of the City.

6.5 **Assignment.** The contractor shall not assign or transfer any interest in this contract without prior written consent of the City of Knoxville.

6.6 **Indemnification and Hold Harmless.** The successful proposer will be required to sign a contract with the City which contains the following indemnification clause. This indemnification clause will not be altered in any way. Failure to agree with this indemnification clause in the contract may result in the City moving to the next responsible responsive proposer.

Contractor shall defend, indemnify and hold harmless the City, its officers, employees and agents from any and all liabilities which may accrue against the City, its officers, employees and agents or any third party for any and all lawsuits, claims, demands, losses or damages alleged to have arisen from an act or omission of Contractor in performance of this Agreement or from Contractor's failure to perform this Agreement using ordinary care and skill, except where such injury, damage, or loss was caused by the sole negligence of the City, its agents or employees.

Contractor shall save, indemnify and hold the City harmless from the cost of the defense of any claim, demand, suit or cause of action made or brought against the City alleging liability

referenced above, including, but not limited to, costs, fees, attorney fees, and other expenses of any kind whatsoever arising in connection with the defense of the City; and Contractor shall assume and take over the defense of the City in any such claim, demand, suit, or cause of action upon written notice and demand for same by the City. Contractor will have the right to defend the City with counsel of its choice that is satisfactory to the City, and the City will provide reasonable cooperation in the defense as Contractor may request. Contractor will not consent to the entry of any judgment or enter into any settlement with respect to an indemnified claim without the prior written consent of the City, such consent not to be unreasonably withheld or delayed. The City shall have the right to participate in the defense against the indemnified claims with counsel of its choice at its own expense.

Contractor shall save, indemnify and hold City harmless and pay judgments that shall be rendered in any such actions, suits, claims or demands against City alleging liability referenced above.

The indemnification and hold harmless provisions of this Agreement shall survive termination of the Agreement.

6.7 Termination. The City may terminate this Agreement at any time, with or without cause, by written notice of termination to the Contractor.

If the City terminates this Agreement, and such termination is not a result of a default by the Contractor, the Contractor shall be entitled to receive as its sole and exclusive remedy the following amounts from the City, and the City shall have no further or other obligations to the Contractor: the amount due to the Contractor for work executed through the date of termination, not including any future fees, profits, or other compensation or payments which the Contractor would have been entitled to receive if this Agreement had not been terminated.

The City may, by written notice of default to the Contractor, terminate the whole or any part of this Agreement if the Contractor fails to perform any provisions of this Agreement and does not cure such failure within a period of ten (10) days (or such longer period as the Purchasing Agent may authorize in writing) after receipt of said notice from the Purchasing Agent specifying such failure. If this Agreement is terminated in whole or in part for default, the City may procure, upon such terms and in such manner as the Purchasing Agent may deem appropriate, supplies or services similar to those terminated.

6.8 Insurance. When applicable and prior to the commencement of the contract, contractor must, at its sole expense, obtain and maintain in full force and effect for the duration of the Agreement and any extension hereof at least the following types and amounts of insurance for claims which may arise from or in connection with this Agreement. Contractor shall furnish the City of Knoxville with properly executed certificates of insurance which shall clearly evidence all insurance required by the City. All insurance must be underwritten by insurers with an A.M. Best rating of A-VIII or better. Such insurance shall be at a minimum the following:

- A. **Commercial General Liability Insurance**; occurrence version commercial general liability insurance, and if necessary umbrella liability insurance, with a limit of not less than two million dollars each occurrence for bodily injury,

personal injury, property damage, and products and completed operations. If such insurance contains a general aggregate limit, it shall apply separately to the work/location in this Agreement or be no less than \$3,000,000.

Such insurance shall:

(a.) Contain or be endorsed to contain a provision that includes the City, its officials, officers, employees, and volunteers as additional insureds with respect to liability arising out of work or operations performed by or on behalf of the Contractor including materials, parts, or equipment furnished in connection with such work or operations. The coverage shall contain no special limitations on the scope of its protection afforded to the above-listed insureds. Proof of additional insured status up to and including copies of endorsements and/or policy wording will be required.

(b.) For any claims related to this project, Contractor's insurance coverage shall be primary insurance as respects the City, its officers, officials, officers, employees, and volunteers. Any insurance or self-insurance programs covering the City, its officials, officers, employees, and volunteers shall be excess of Contractor's insurance and shall not contribute with it.

(c.) At the sole discretion of the City, dedicated limits of liability for this specific project may be required.

- B. **Automobile Liability Insurance;** including vehicles owned, hired, and non-owned, with a combined single limit of not less than \$1,000,000 each accident. Such insurance shall include coverage for loading and unloading hazards. Insurance shall contain or be endorsed to contain a provision that includes the City, its officials, officers, employees, and volunteers as additional insureds with respect to liability arising out of automobiles owned, leased, hired, or borrowed by or on behalf of Contractor.
- C. **Workers' Compensation Insurance.** Contractor shall maintain workers' compensation insurance with statutory limits as required by the State of Tennessee or other applicable laws and employers' liability insurance with limits of not less than \$500,000. Contractor shall require each of its subcontractors to provide Workers' Compensation for all of the latter's employees to be engaged in such work unless such employees are covered by Contractor's workers' compensation insurance coverage.
- D. **Other Insurance Requirements.** Contractor shall:
- Prior to commencement of services, furnish the City with original certificates and amendatory endorsements effecting coverage required by this section and provide that such insurance shall not be cancelled, allowed to expire, or be materially reduced in coverage except on 30 days' prior written notice to the City Attorney of Knoxville; P.O. Box 1631; Knoxville, Tennessee 37901. Proof of policy provisions regarding notice of cancellation will be required.

- Upon the City's request, provide certified copies of endorsements and policies if requested by the City in lieu of or in addition to certificates of insurance. Copies of policies will only be requested when contracts are deemed to be extremely or uniquely hazardous, include a dollar amount that is significant to the overall budget of the City or a City Department, or the coverage(s) may not follow standard insurance forms. A policy will only be requested after the City's Risk Manager has reviewed the contract and proof of coverage has been provided. Should the certificate of insurance refer to specific coverage wording or endorsements(s), proof of such policy wording or endorsement(s) will be required.
- Replace certificates, policies, and endorsements for any such insurance expiring prior to completion of services.
- Maintain such insurance from the time services commence until services are completed. Failure to maintain or renew coverage or to provide evidence of renewal may be treated by the City as a material breach of contract.
- If Contractor cannot procure insurance through an insurer having an A.M. Best rating of A-VIII, Contractor may, in the alternative, place such insurance with insurer licensed to do business in Tennessee and having A.M. Best Company ratings of no less than A. Modification of this standard may be considered upon appeal to the City Law Director.
- Require all subcontractors to maintain during the term of the Agreement Commercial General Liability insurance, Business Automobile Liability insurance, and Workers' Compensation/Employer's Liability insurance (unless subcontractor's employees are covered by Contractor's insurance) in the same manner as specified for Contractor. Contractor shall furnish subcontractors' certificates of insurance to the City without expense immediately upon request.
- Large Deductibles; Self-Insured Retentions. Any deductibles and/or self-insured retentions greater than \$50,000 must be disclosed to and approved by the City of Knoxville prior to the commencement of services. Use of large deductibles and/or self-insured retentions may require proof of financial ability as determined by the City.
- Waiver of Subrogation Required. The insurer shall agree to waive all rights of subrogation against the City, its officers, officials, and employees for losses arising from work performed by Contractor for the City. Proof of waiver of subrogation up to and including copies of endorsements and/or policy wording will be required.
- Occurrence Basis Requirement. All general liability policies must be written on an occurrence basis, unless the Risk Manager determines that a claims made basis is reasonable in the specific circumstance. Use of policies written on a claims made basis must be approved by the City. Risk Manager and retroactive dates and/or continuation dates must be provided to the City prior to commencement of any work

performed. Professional Liability and Environmental Liability (Pollution Coverage) are most commonly written on a claims made basis and are generally acceptable in that form.

# DIVERSITY BUSINESS ENTERPRISE (DBE) PROGRAM

The City of Knoxville strongly encourages prime contractors to employ diverse businesses in the fulfillment of contracts/projects for the City of Knoxville.

The City of Knoxville's Fiscal Year 2017 goal is to conduct 3.33% of its business with minority-owned businesses, 9.21% of its business with woman-owned businesses, and 45.5% with small businesses.

While the City cannot engage (pursuant to state law) in preferential bidding practices, the City does **strongly encourage** prime contractors to seek out and hire diverse businesses in order to help the City meet its goals as stated above. As such, the City encourages prime contractors to seek out and consider competitive sub-bids and quotations from diverse businesses.

For DBE tracking purposes, the City requests that prime contractors who are bidding, proposing, or submitting statements of qualifications record whether or not they plan to employ DBE's as sub-contractors or consultants.
