The information contained in this report reflects our interpretation of the reportable products under the Affordable Care Act.
The Billed Premium column represents the total billed premium amount for policies that were in force at any time during the reporting year.
This report is a year to date report and will reflect the total billed premium at the time the report is requested.
For a report representing the total billed premium for the year, the report must be requested after December 31st.
Please be sure to consult with a tax advisor to determine the aggregate cost of any products that you should report and how you should report the amounts on each employee's W-2 form.
