

## **Pricing Instructions Attachment E**

- Pricing should be in accordance with the programs defined in Attachment D and may include prices for both options (closest to what the County currently has and plan design recommended by proposer).
- Pricing should follow the same or similar format to the pricing/offerings listed in Attachment A.
- Pricing should be provided net of commission for all items.
- If unable to provide net of commission, include the commission by line of coverage.
- Based on the current year data provided, provide pricing for the total value of each plan and unit pricing.
