4.0 METHOD OF AWARD AND PROPOSAL EVALUATION PROCESS

4.1 METHOD OF AWARD

Contracts will be awarded in accordance with G.S. 143-52 and the evaluation criteria set out in this solicitation. Prospective Vendors shall not be discriminated against on the basis of any prohibited grounds as defined by Federal and State law.

All qualified proposals will be evaluated, and awards will be made to the Vendor(s) meeting the RFP requirements and achieving the highest and best final evaluation, based on the criteria described below.

While the intent of this RFP is to award a Contract(s) to single Vendor the City reserves the right to make separate awards to different Vendors for one or more line items, to not award one or more line items or to cancel this RFP in its entirety without awarding a Contract, if it is considered to be most advantageous to the City to do so.

The City reserves the right to waive any minor informality or technicality in proposals received.

4.2 CONFIDENTIALITY AND PROHIBITED COMMUNICATIONS DURING EVALUATION

During the evaluation period—from the date proposals are opened through the date the contract is awarded—each Vendor submitting a proposal (including its representatives, sub-contractors and/or suppliers) is prohibited from having any communications with any person inside or outside the using agency, issuing agency, other government agency office, or body (including the purchaser named above, department secretary, department head, members of the city council and/or mayor's office), or private entity, if the communication refers to the content of Vendor's proposal or qualifications, the contents of another Vendor's proposal, another Vendor's qualifications or ability to perform the contract, and/or the transmittal of any other communication of information that could be reasonably considered to have the effect of directly or indirectly influencing the evaluation of proposals and/or the award of the contract. A Vendor not in compliance with this provision shall be disqualified from contract award, unless it is determined in the City's discretion that the communication was harmless, that it was made without intent to influence and that the best interest of the City would not be served by the disqualification. A Vendor's proposal may be disqualified if its sub-contractor and supplier engage in any of the foregoing communications during the time that the procurement is active (i.e., the issuance date of the procurement to the date of contract award). Only those discussions, communications or transmittals of information authorized or initiated by the issuing agency for this RFP or general inquiries directed to the purchaser

regarding requirements of the RFP (prior to proposal submission) or the status of the contract award (after submission) are excepted from this provision.

4.3 PROPOSAL EVALUATION PROCESS

The City shall review all Vendor responses to this RFP to confirm that they meet the specifications and requirements of the RFP.

- Proposals will be received from each responsive Vendor according to the method of submission specified.
- All proposals must be received by the issuing agency not later than the date and time specified on the cover sheet of this RFP.
- At that date and time, the proposal from each responding firm will be opened publicly and the name of the Vendor and total cost offered will be announced. Interested parties are cautioned that these costs and their components are subject to further evaluation for completeness and correctness and therefore may not be an exact indicator of a Vendor's pricing position.
- At their option, the evaluators may request oral presentations or discussions with any or all Vendors for clarification or to amplify the materials presented in any part of the proposal. Vendors are cautioned, however, that the evaluators are not required to request presentations or other clarification—and often do not. Therefore, all proposals should be complete and reflect the most favorable terms available from the Vendor.
- Proposals will generally be evaluated according to completeness, content, and experience with similar projects, ability of the Vendor and its staff, and cost.
- Vendors are cautioned that this is a request for offers, not an offer or request to contract, and the City reserves the unqualified right to reject any and all offers at any time if such rejection is deemed to be in the best interest of the City.

4.4 EVALUATION CRITERIA

Evaluation will be made by the conformity to meeting all of the specifications as it relates to the lowest responsive responsible bidder. The purchasing and inspections team at the City of Wilson will be reviewing proposals to verify this information to be accurate.

All qualified proposals will be evaluated and award made based on considering the following criteria, to result in an award most advantageous to the City:

4.5 INTERPRETATION OF TERMS AND PHRASES

The use of phrases such as "shall," "must," and "requirements" are intended to create enforceable contract conditions. In determining whether proposals should be evaluated or rejected, the Department will take into consideration the degree to which Vendors have proposed or failed to propose solutions that will satisfy

the Department's needs as described in the Request for Proposal. Except as specifically stated in the Request for Proposal, no one requirement shall automatically disqualify a Vendor from consideration. However, failure to comply with any single requirement may result in the Department exercising its discretion to reject a proposal in its entirety.
