

**Quote Request:** Escambia County CRA – Home Inspector

**Quote Number:** CRA\_ Home Inspector

**Description:**

The Escambia County Community Redevelopment Agency (CRA) is soliciting bids for a **Home Inspector** for weatherization improvements. Improvements may include:

- Roof Replacement of roof sheathing;
- Installation of hurricane straps;
- Installation of window and door opening protection;
- Installation of hurricane resistant windows and doors;
- Brace bottom chord gable end;
- Anchoring of wall or floor units to the foundation;

For each structure, the inspector shall identify any previous mitigation improvements as well as any mitigation deficiencies. The inspection shall be completed using the state standard Uniform Mitigation Verification Inspection Form and Project Information Sheet (PIS). *See attached examples.* Additionally, the inspector shall provide the following information:

- An opinion on whether the structure can be retrofitted to effectively improve structural survivability;
- Color photographs

The bid must include cost per inspection/transaction. Inspection Services will be needed for 5-10 homes. The actual number of homes could be more or less depending on funding. The Inspector must also submit copy of his/her License with submittal and Certificates of Insurance for General Liability, Auto and Workers Compensation. All bids must be submitted on Vendor Registry.
