Tax Commissioner

KERRY ROOKS  
Coroner

LAURENS C. LEE  
Magistrate

RFB: 18-008  
Addendum #1  
June 8, 2018

Purpose: Address Written Questions

1. Who is responsible for the electrical upgrades for the 20 K.W. heat strips and the 10-ton outdoor unit?
2. Should we change the scope and specifications for the 10-ton unit from a 20 KW heat strip to a 10 KW heat strip?

**Answer – Change the scope of work and the specifications on the 10-ton unit to require 10 KW heat strips instead of the 20 KW heat strips.**

3. Are the supplied thermostats already in use and integrated into the system?

**Answer – The units must operate via the existing thermostats. The controls vendor is Mallory and Evans in Clarkston, Ga.**

4. Would (2) 5-ton condensing units be allowed instead of (1) 10-ton unit?

**Answer - (2) 5-ton will be considered as long as (2) separate air handlers are being proposed**
