3. Small wares Bid
4. Produce

Robertson County School Nutrition Program, hereinafter called Robertson County, is requesting your firm's participation in our bid for products and services rendered. Robertson County will be awarding a bottom line, all or none, bid. In addition, Robertson County is requesting product information and nutritional information on all grain and meat/meat alternate products at the time of bid opening. The other products on bid that require nutritional information must be supplied by 10 days after bid award. Our objective is to maximize our dollars and have the best quality product purchased to serve the very best for any menu occasion. Robertson County is interested in:

1. Selecting suppliers in such a manner as to provide for open and free competition and comparability.
2. Creating strong partnerships with the suppliers of goods.
3. Taking advantage of economies of scale to help reduce costs.
4. Better utilization of good quality products with few, if any, substitutions.
5. Driving revenues through increased participation.

Robertson County's estimated purchases are around 2.3 million dollars annually in food and non-food products. We intend to deliver directly to each of the 20 schools from the distributor company. We serve over 7,000 meals daily in the National School Lunch Program and 4,500 meals in the School Breakfast Program.

Furthermore, for Robertson County to derive the full benefit of technology, we request that the program has the potential for our weekly orders to be transmitted electronically from each school's manager's office to the distributor.

Robertson County is truly one bid, delivered to 20 locations and paid by one check to the vendors. Robertson County will be responsible for payment of all purchases and services rendered. If purchases are not authorized by the School Nutrition Supervisor, then the responsibility of expenditure will fall back to the vendor.

Robertson County intends to seek out these vendors that can maximize our dollars and provide us high quality products at competitive pricing. Robertson County would like good quality products delivered to each cafeteria in the district. Substitutions for products on the bid must be prior approved by the School Nutrition Supervisor before each weekly delivery. Each bid must be enclosed in a sealed envelope marked "School Nutrition Bid" for category(s) in the lower left hand corner and delivered to the Robertson County Finance Office, Attention Taylor Tomblin, Purchasing Agent, 523 S. Brown Street, Springfield, TN 37172 on or before the following date: June 2, 2020, CST, they will be opened and read at 10:00 a.m.
3. Bid Period for this award will be from July 1, 2020 through June 30, 2021, with the option to renew the bid for four (4) one (1) year periods contingent on the availability of future appropriations. The renewal will apply to bread and grain products, food products, non-food products, produce, and small ware products bids.
4. Bid Addendum may be issued at any time during the bid period to allow for new products to be added to the bid. These product prices should reflect no greater percentage of mark-up costs than applied to the original bid.
5. Robertson County agrees to use the designated contract distributor for fresh produce items and services as listed herein as well as for comparable substitutes. The district may have the opportunity to take advantage of special purchases/deliveries from other sources such as the Department of Defense (DOD) produce program or locally grown produce. Section 9 (j) of the Richard B. Russell National School Lunch Act (42 U.S.C. 1758 (j)) is amended to encourage schools to purchase locally produced foods, to the maximum extent practicable and appropriate. The law allows schools to use geographical preference for the procurement of locally produced foods. This agreement does not prohibit the district from making such purchases. These purchases may be made by school or district wide. Bidders are strongly encouraged to enter into purchase agreements with local producers and supply those local products on the school nutrition bid.

Produce items are listed on Section "B" and are to be bid on a **cost plus fixed fee bid**.

6. The objective of this invitation to bid is to select one primary supplier for all of the items requested in this bid. This bid is being requested this way to determine the one best supplier to meet the system's needs on the items requested in this bid document. These categories will be bid for the entire 2020-2021 School Year:

**FOOD PRODUCTS, NON-FOOD PRODUCTS, PRODUCE AND SMALL WARE PRODUCTS**

**For the expanded bid tabulations, when different items, brands, or cases are bid, the tabulation will be based on equivalent serving sizes (for example 2 oz. M/MA, 1oz, M/MA, ½ cup Fruit/Vegetable) NOT "per case" pricing tabulation. Proof is the burden of the vendor upon submission of the bid packet. Examples of proof of component equivalent are found in Child Nutrition Labels or Manufacturer's Sheets. THIS CONDITION APPLIES TO THE FOOD BID.**

**If size/count pack, or brand or any other specifications are not as requested, prices must be broken down to serving units and must be clearly stated on the bid form before the bid will be considered.**

1. Product Documentation – CN Labels, Product Formulation Statements, Nutrition Fact Labels, and Ingredient Listings are included with the Bid (All grain products and meat/meat alternate products must be submitted with the Bid; all other product information listed above must be submitted within 10 days to the System after the bid award is made)
2. Whole Grains – Manufacturers must provide the ingredient listing. Remember only those items with whole grain listed as the primary ingredient by weight or the primary grain ingredient by weight will meet the requirement.
3. Whole Grains – Products must contain 50% or more whole grain to be counted as a whole grain product.  
If the product contains the FDA approved whole grain health claim on its packaging it would be advantageous to the program.
4. Sodium Levels – Sodium levels are ranges for the total meal. We are working to lower the amount of sodium in product processing.
5. Sugar – Canned fruit must be packed in its own juice, water, or light syrup. NO fruit packed in heavy syrup will be accepted. Frozen fruits must be frozen without the added sugar.
6. Trans-fat – The Nutrition food label or manufacturer specifications for food products or ingredients used to prepare meals must indicate zero grams of trans-fat per serving (or less than .5 grams/serving). Products can have naturally occurring trans- fats such as beef, pork, or lamb, etc.
7. Buy American Requirement – The "Buy American Requirement" requires that schools and institutions participating in the National School Lunch Program (NSLP) and School Breakfast Program (SBP) in the contiguous United States purchase, to the maximum extent practicable, domestically grown and processed foods. Please note this rule applies to "Private Labels" as well as other labels. The legislation defines "domestic commodity or product" as one that is processed in the United States substantially using agricultural commodities that are produced in the United States. The report accompanying the legislation stipulated that "substantially" means that over

51% of the final processed products consists of agricultural commodities that were grown domestically. Vendors must complete the attached "Buy American" form.

If the supplier offers a Non-American product due to the fact that he/she feels the cost of the domestic product is significantly higher, then the supplier must list the price for the domestic product as well as the price for the Non-American product on the Certification Regarding "Buy American" requirement. It will be up to the School Nutrition Program to decide to purchase the American or Non-American product.

APPROXIMATE USAGE WILL BE FOR 10,000 TOTAL MEALS PER DAY PLUS ALA-CARTE SALES FOR ROBERTSON COUNTY IN THE NATIONAL SCHOOL LUNCH PROGRAM AND THE SCHOOL BREAKFAST PROGRAM. THE USAGE WILL VARY DEPENDING ON PRICING AND VOLUME AT THE TIME THE BID IS SUBMITTED.

#### IV. BID FORM

The bid is set up in three major sections.

Section "A" is being established for specific items for a firm bid amount for the period covered. Section "B" is being established for specific items for a cost plus fixed fee bid amount for the period covered. Each supplier should bid on all items in Section "B" on the bid document. Your bid should reflect the price for fresh and pre-cut produce that you would be selling to Robertson County School Nutrition Program for the week of May 4 through May 8, 2020. The bid prices contained in your initial bid submission are considered "firm" for one (1) week. The selling prices quoted should be bottom line vendor cost plus fixed fee. **The fixed fee shall remain the same throughout the bid period.**

Section "C" is being established on a "Per Case" fixed fee. The fixed fees in the section "C" are preset by Robertson County Schools and are attached to this bid document. The product cost plus the fixed fee is based on the current landed cost at the distributor's warehouse and is determined by:

(A) The purchase price f.o.b. from a packing plant.

(B) Freight charges of an item at the time the item is ordered by Robertson County Schools.

If an item is not listed individually in the firm bid section "A" of this bid document or in the cost plus fixed fee bid section "B" then it automatically falls into the "fixed fee" section "C" of the bid. Bidders are required to submit with the bid a complete list of items carried by the bidder (product catalog) reflecting the items that are currently available in their warehouse. All items in the product catalog that are not listed in section "A" or in section "B" will be considered section "C" items unless otherwise indicated in the bid or indicated in another sealed bid.

(A) All bids must be complete, showing the brand or trade name of each item and the price of the unit to be shipped. If the unit to be shipped is different from the one listed, the bidder must state the shipping unit on which a price is quoted.

(B) If an error in quoting the price or there are items that are not available after the bids are opened, Robertson County reserves the right to award the contract to the next qualified vendor.

## V. ORDERS AND ON-SITE ORDER PROCESSING

The Cafeteria Manager of each school, on a weekly basis will place all orders electronically directly to the distributor. All contacts for substitutions must be made to the School Nutrition Supervisor for prior approval before delivery.

## VI. SPECIAL CONDITIONS

The following special conditions apply to this bid and should be factored into the total cost of products offered in this bid. No additional fees will apply for these conditions and are to be considered a part of the overall bid.

- (A) The sales representative must be available to the School Nutrition Supervisor on a regular schedule at a mutually agreeable time to review information and products.
- (B) Monthly "Velocity or Product Usage" reports by individual school will be required to be submitted to the School Nutrition Supervisor the following month.
- (C) Nutrient Data information will be required on all prepared food items as required by H.R. 2066, to be delivered to the Supervisor of School Nutrition.
- (D) Invoices are to be broken down (sub-totaled) into the following categories.  
Robertson County Schools will provide to the successful vendor the appropriate product break down for each category:
  - Food Invoices
  - Non-food Invoices
  - Small wares Invoices
  - Produce

## VII. SELECTION OF VENDOR

Robertson County will award to the most responsive and responsible vendor based on the **LOWEST prices**, and Robertson County will provide minority firms, small businesses, women's business enterprises, the disadvantaged businesses, and labor surplus area businesses the opportunity to do business with the School Nutrition Program. **After meeting all general and specific bid conditions as a qualified vendor, PRICE is the sole determination for the award of the bid.**

A vendor will be selected on the basis and comparison of the following components not necessarily in the order as listed below:

- Quality of Product
- Price
- Service-Vendor's dependability and ability to deliver items ordered
- Vendor's ability to meet specifications and bid conditions
- Past performance of vendor
- Students' acceptance of products
- Serviceability of items carried by the vendor

A vendor may be rejected for one or more of the following reasons:

- Inadequate or unacceptable product lines
- Inadequate facilities with respect to excess capacities, capable of accommodating surges in volume
- Inadequate truck fleets to handle predicted volume of frozen, chilled, and dry goods
- Inadequate sanitation
- Inadequate technical assistance and product information

The bid will be awarded as “all or nothing” based on firm-fixed, bottom line tabulation combined total cost for the contract period. The bid/quote price will be multiplied by the estimated usage to obtain an item total. All category totals will be awarded based on the sum of all extensions to obtain a fixed, bottom line pricing for awarding the bid. **For the expanded bid tabulations, when different items, brands, or cases are bid, the bid tabulation will be based on equivalent serving sizes (for example: 2 oz. M/MA, 1 oz. M/MA, ½ cup Fruit/Vegetable), and not per case pricing tabulation. The estimated usage will be expanded to represent the serving usage.**

If a prospective vendor does not agree with the bid award, they have the right to protest. Disputes arising from the award of this bid must be submitted in writing to Jody Stewart, Robertson County Finance Director, hearing official, no later than ten (10) days from the published award. The hearing official will disclose the dispute to the Tennessee State Department of Education, School Nutrition Office. The steps for dispute resolution are as follows:

- 1) A meeting with the School Nutrition Program Supervisor, the hearing official and representatives from the disputing party to discuss and resolve the complaint.
- 2) A written decision letter stating the reasons for the decision will be prepared by the hearing official and submitted in writing to the protestor and all parties involved. This decision letter will be mailed to the protestor and will advise the protestor that he/she has a right to an additional review.
- 3) All employees will be notified that they cannot purchase under this procurement until a final decision is rendered.
- 4) In the event that purchases must be made for school meals before a final decision is rendered, the emergency purchase procedures established by the district will be used.

Price readjustments of bid quotations are not permitted during the initial contract period.

**To be considered vendors are required to bid 97% of all items.**

In the event an item is not bid, the highest quoted price (from another vendor) will be used for that item in calculating extensions to obtain bottom line pricing totals.

*All bidders* will receive a written notice of bid issuance.

Vendors with a poor performance history will be notified at the time of such performance and will be given an opportunity to correct any problems. Documentation will be kept on file. Any vendor with continued poor performance during the contract period will be removed from the potential vendor list for one contract period.

### **Additional Items added to Bid**

#### **(A) Sampling Items**

The Robertson County School System reserves the right to purchase new items not on the current bid. The purchase will be a one-time only purchase and for the purpose of *evaluating items/sampling items* for future menus (student sampling), and all procurement regulations will be followed. If the item is acceptable with students, *the appropriate methods for procurement* will be followed for the purchase of these items. This purchase will be declared as a “purchase for sampling”.

**(B) Adding Items During the Year and at Time of Contract Renewal**

During the term(s) of a contract awarded under this solicitation, additional purchases not included in this solicitation list and resulting awarded contract may become necessary and benefit the Program. Both parties agree that the aggregate value of added purchases during each year of the contract, if renewable, shall not exceed ten percent (10%) of the estimated total value of the contract. The total value of the contract must be agreed upon and the dollar value listed in every contract and contract renewal. Such additions may be included in the awarded contract list during the contract renewal through a contract amendment, and the total contract value adjusted accordingly. For each contract renewal, the total actual value of the contract in the preceding year and the additions made during the contract term, will be the basis for determining the maximum dollar amount (not to exceed ten percent (10%) of additional goods that will be allowed during the next contract renewal year. The items will be added at a cost plus fixed fee value.

**SECTION "C" PRICING STRUCTURE  
PER CASE FIXED FEE**

Robertson County Schools authorizes the following fixed fee amount be charged on all Section "C" items which are to be bid with the fixed fee per case (or broken case for limited quantities), being added to the cost as described in section IV. "BID FORM".

1. The fixed fee for any Section "C" item not in the section "A" or section "B" of this bid shall be:

**-less than \$1.50 per case or at a maximum**

**-no higher than \$1.50 per case**

**VIII. VENDOR PERFORMANCE**

The vendor will be expected to maintain a 98% "fill rate" average on all combined orders for any given monthly period. (Substitutions on items will not help to satisfy the above requirement). With prior approval, 24 hours ahead of time, an item that is temporarily out of stock may be substituted with an item of equal or superior product quality at an equal or lower price. Substitutions must be prior approved by the School Nutrition Supervisor.

Failure to deliver within the time specified or within a reasonable amount of time, or failure to make replacements of a rejected product immediately will constitute authority to purchase on the open market so as to replace the item(s) rejected and/or not received. On all such purchases, the Contractor agrees to promptly reimburse schools for excess costs caused by such a purchase. Robertson County retains the right to check compliance on any item. A sample selected at random of the product may be shipped to a USDA Acceptance Laboratory for verification of the USDA quality grade or labeling. Compliance for yield will be made by the School Nutrition Supervisor and cafeteria personnel on a random basis. #### XI. PRICE ADJUSTMENTS FOR RENEWAL CONTRACTS

The Robertson County School System bid award shall be July 1, 2020 through June 30, 2021. Errors discovered after public opening cannot be corrected, and bidder will be bound to honor the bid for the initial contract period if offered.

The vendor must submit to the School Nutrition Supervisor on or before March 15, the list of items that should be considered for price adjustments to take effect on July 1.

Robertson County School System requires appropriate documentation to support the requested price adjustment be available for audit by school officials or their designee.

**Renewal Provision:** The contract may be renewed for up to four additional years (five years total) with price redeterminations. The vendor must petition items for price redetermination (price increases) by March 15 of each year for consideration in the next contract period:

- March 15, 2021 – for contract period of July 1, 2021 – June 30, 2022
- March 15, 2022 – for contract period of July 1, 2022 – June 30, 2023
- March 15, 2023 – for contract period of July 1, 2023 – June 30, 2024

Price-redeterminations are only allowed annually at the time of contract renewal. **The Bureau of Labor, Consumer Price Index (CPI), U. S. Food and Beverages** will be the comparison index that will be used for price-redeterminations. Since the indexes are subject to revision after originally published, the original base comparison month will be the prior December. For example, March 15, 2021 petitioned requests will be measured on the December 2020 index. All re-calculation dates will begin at that point. **Seventy five (75) items** with the highest estimated usages (from the original bid purchases) from the petitioned list will be audited using the following formula: The base Index at the time of renewal (December) divided by the Index at the time of award (July). For the potential contract renewal for July 1, 2021: December 2020 Index divided by July 2019 Index. For the potential contract renewal for July 1, 2022: December 2021 Index divided by July 2020 Index.

The audited petitioned items must be equal to or less than the determined percentage using the above formula. If an item is not within the acceptable price range, the vendor must revisit the pricing. If the pricing requirement cannot be met, the item(s) will not be approved for purchasing. In addition to the above process, the vendor may be requested to submit invoices for additional audit purposes.

# Buy American

**7 CFR PART 250.23** stipulates that when purchasing food products using Federal funds, recipient agencies shall, whenever possible, purchase only food products that are produced in the United States. The term “Food products produced in the United States” is defined as “An unmanufactured food product produced in the United States or a food product that is manufactured in the United States.

**Section 104(d) of the Child Nutrition Reauthorization Act (Public Law 105-336)** amended section 12 of the National School Lunch Act to require SFAs to purchase for those programs, to the maximum extent practicable, domestic commodities or products. For purposes of this provision, the term “domestic food commodity or product” means agricultural commodities produced in the U.S. and food products process in the U.S. and food products process in the U.S. substantially using agricultural commodities that are produced in the U.S. The term “substantially” means that over 51% of the processed food comes from American produced products.

Each SFA must comply with the “Buy American” requirement by purchasing food products produced in the U.S. for its food programs. Subjects to the exemptions cited above, such purchases must at least be proportionate with the extent of Federal funding in the organization’s school nutrition account. SFAs/Schools should:

- (1) Check their purchasing specifications to ensure adequate procurement of “Buy American” requirement;
- (2) remind their vendors and distributors of the “Buy American” requirement, and
- (3) examine product packaging.

## **210.21-14 and 220.17-01**

### **This memoranda rescinds 210.21-08**

It is essential that local operators understand the need to ensure that all purchases of agricultural commodities and food products comply with this statutory provision. The provision should be **included in bid specifications to ensure compliance. Local operators must also be aware that, as a result of explicit language also contained in the report noted above, this provision now applies to ALL funds in the school nutrition account and not just Federal reimbursement.**

In order to fully implement “Buy American”, a school district must:

- (1) Include “Buy American” language in their bid documents.
- (2) Ensure that all vendors notify the system of any products placed on that bid that do not meet the criteria. (see waiver form)
- (3) THE SYSTEM decides whether or not to purchase the products utilizing the above criteria.
- (4) If the system chooses to purchase non-American products they should notify all personnel which non-American items can be accepted for delivery.

# Buy American Certification

We require that suppliers comply with the Buy American provision in all program meals and:

- 1) certify that the products they are offering are domestic; **or**
- 2) request permission to provide an alternative item when domestic is not available or is priced substantially higher than the non-domestic item.

Requests for alternatives or exceptions should be made as a last resort. However, if you do not have a domestic item to provide for any line item specification on this bid, we will entertain a request for exception at the time of bid. Requests for exceptions during the bid period must be made in writing using this same form. All requests must be submitted at least ( ) days prior to the scheduled delivery date.

Item as specified (include vendor number)	Reason for exception (check one: "Limited or lack of availability" or "Price")		Alternative substitute item (include vendor number)	Price of specified item	Price of alternative item
	Limited or lack of availability	Price			

In all cases, the school food authority is the determining official that makes the decision to accept non-domestic items. Unless a specific exception has been granted, non-domestic items may not be shipped.

I/We \_\_\_\_\_ certify that all food items on this bid have at least \_\_\_\_ percent U.S. content and were processed in the U.S., except for those listed above.

## VENDOR BIDDING INSTRUCTIONS VERSION 1.0

### GENERAL BIDDING INSTRUCTIONS

1. Please confirm that you have downloaded all bid documents from the opportunity that you have received. All documents that require a signature must be mailed back with your completed bid response.

2. Please use the "Specifications" tab on this excel document to enter your bids for this opportunity. You will then upload this information into the Interflex BidAdvantage system to submit your bid response. PLEASE NOTE: Making modifications to the "Specifications" tab may cause your upload process to error - this includes adding or deleting columns, fields, modifying headers, etc. Do NOT, under any circumstances, remove or edit the System ID in column A. You may alter the width and height of rows to make the file easier to look at or print.

3. Bids are to be entered in the green tinted columns of the excel document (to the right of the specifications).

4. If you would like to provide multiple bids for one specification, please copy and paste the entire row. To do this, right click on the row number so that the entire row is highlighted and choose copy. Then highlight the next corresponding row number, right click and choose Insert Copied Cell. You must create a new row for each bid you make on a single specification (i.e. 3 bids, 3 rows).

5. Prices may be expressed to a maximum of five (5) decimal places only (e.g. \$0.00000). The system will automatically round all prices down to the nearest fifth decimal place when uploaded if you have entered more than five (5) decimal places.

6. The "key" tab will designate which fields are mandatory. All mandatory fields should be filled out on items that are being bid. If you do not wish to bid on a line item, please leave that row completely blank. Entering the word "none" or the value "0" will result in errors on the upload of your bids. If any mandatory fields are left blank on the items you are quoting on, you will be required to fill that information in during the upload process.

7. Please include the following items when submitting your bid to the Operator (in addition to the upload of your quotes into the Interflex BidAdvantage system):
  - a.) All completed bid documents as instructed by the Operator.
  - b.) A printed copy of the "Specifications" tab of this Excel file.
