APS Research Development and Accountability Department are requesting courier services to help pick-up and deliver mandated state and district assessments to all school locations during our main testing in February through April.

The average box account will vary from project and by school. Since most tests that require delivery are state mandated assessments all material must be handled with confidentiality and security. We ask that drivers deliver material to a certain secure locked location that varies at each school location. Material must be delivered to each location by a specified time since mandated tests are implemented by the state or the district and adhere to a certain testing window. Schools should receive material no later than a week before the testing window opens. Each testing window varies by assessment.

When picking up testing material from school locations, couriers must follow a timeline implemented by the testing department. Testing department must receive all secure material in a timely manner so that it is processed and sent back to vendor for scoring under implemented guidelines set by the Public Education Department (PED) and individual vendors. APS will furnish maps of the District's location upon award of the Bid proposal. Sites may be added to the contract(s) as new facilities are built existing facilities are renovated or as property is purchased.

A price agreement (PA) will be issued to the successful offeror(s) after evaluation of submitted bid proposals. Pricing as reflected will weigh heavily in the evaluation process.

Pricing Requirements:

A pricing schedule must be submitted with the RFP for the type(s) of delivery services listed in the scope of work for each department.

Pricing as finally negotiated must be the basis for any billing. Pricing will include all aspects of courier services including collection, transportation to the designated sites, licenses, permits, fees, and full documentation.

If any portion of the contract is negotiated as time only, specify your price per hour fully burdened as to overhead and profit. Include as many classifications as apply. Specify overtime and holiday rates. Note that all pricing specified throughout the bid proposal is to be without tax.

Labor and material charges will be listed separately where applicable with taxes computed on labor only. Tax rates will fluctuate as determined by legislative action throughout the lifetime of the contract and will be added as a separate item to invoice. The Contractor is responsible for payment of all taxes due as a result of this work.

APS has determined that it is not possible to project a line item for every condition under which the contractor may be required to perform. In the event that circumstances may occur which necessitate delivery of an unspecified package, envelope, and the like, APS reserves the right to negotiate with the contractor for a fair and equitable price in order to complete the project. Such negotiations will apply to items which would otherwise have naturally fallen under the scope of this agreement could they have been anticipated and are not intended to circumvent normal bidding procedures.

CAMPAIGN CONTRIBUTION DISCLOSURE FORM

Pursuant to NMSA 1978, § 13-1-191.1 (2006), any person seeking to enter into a contract with any state agency or local public body **for professional services, a design and build project delivery system, or the design and installation of measures the primary purpose of which is to conserve natural resources** must file this form with that state agency or local public body. This form must be filed even if the contract qualifies as a small purchase or a sole source contract. The prospective contractor must disclose whether they, a family member or a representative of the prospective contractor has made a campaign contribution to an applicable public official of the state or a local public body during the two years prior to the date on which the contractor submits a proposal or, in the case of a sole source or small purchase contract, the two years prior to the date the contractor signs the contract, if the aggregate total of contributions given by the prospective contractor, a family member or a representative of the prospective contractor to the public official exceeds two hundred and fifty dollars (\$250) over the two year period.

Furthermore, the state agency or local public body shall void an executed contract or cancel a solicitation or proposed award for a proposed contract if: 1) a prospective contractor, a family member of the prospective contractor, or a representative of the prospective contractor gives a campaign contribution or other thing of value to an applicable public official or the applicable public official's employees during the pendency of the procurement process or 2) a prospective contractor fails to submit a fully completed disclosure statement pursuant to the law.

THIS FORM MUST BE FILED BY ANY PROSPECTIVE CONTRACTOR WHETHER OR NOT THEY, THEIR FAMILY MEMBER, OR THEIR REPRESENTATIVE HAS MADE ANY CONTRIBUTIONS SUBJECT TO DISCLOSURE.

The following definitions apply:

“Applicable public official” means a person elected to an office or a person appointed to complete a term of an elected office, who has the authority to award or influence the award of the contract for which the prospective contractor is submitting a competitive sealed proposal or who has the authority to negotiate a sole source or small purchase contract that may be awarded without submission of a sealed competitive proposal.

“Campaign Contribution” means a gift, subscription, loan, advance or deposit of money or other thing of value, including the estimated value of an in-kind contribution, that is made to or received by an applicable public official or any person authorized to raise, collect or expend contributions on that official's behalf for the purpose of electing the official to federal, statewide or local office. “Campaign Contribution” includes the payment of a debt incurred in an election campaign, but does not include the value of services provided without compensation or unreimbursed travel or other personal expenses of individuals who volunteer a portion or all of their time on behalf of a candidate or political committee, nor does it include the administrative or solicitation expenses of a political committee that are paid by an organization that sponsors the committee.

“Family member” means spouse, father, mother, child, father-in-law, mother-in-law, daughter-in-law or son-in-law.

“Pendency of the procurement process” means the time period commencing with the public notice of the request for proposals and ending with the award of the contract or the cancellation of the request for proposals.

“Person” means any corporation, partnership, individual, joint venture, association or any other private legal entity.

“**Prospective contractor**” means a person who is subject to the competitive sealed proposal process set forth in the Procurement Code or is not required to submit a competitive sealed proposal because that person qualifies for a sole source or a small purchase contract.

“**Representative of a prospective contractor**” means an officer or director of a corporation, a member or manager of a limited liability corporation, a partner of a partnership or a trustee of a trust of the prospective contractor.
