

3rd Set of Questions Submitted for Clarification

1. Will content be written and provided by Spalding County/Our Legacy Museum?

a. Yes.

2. Will images be provided by Spalding County/Our Legacy Museum?

a. Yes.

3. Are there objects and artifacts identified and available from Spalding County/Our Legacy Museum for display in the interpretive exhibits?

a. Yes. We are in the process of collecting objects and artifacts from the community. Some items will be part of the museum's permanent collection while others will be on loan.

4. Are there any restrictions on attaching interpretive products or construction elements to the floors, walls, or ceilings?

a. We prefer adhesives to the wall rather than drilling an anchor. However, we understand that exhibit display requirements vary. We would be willing to discuss the need for such alterations on a case-by-case situation.
