All bidders and other interested parties are hereby notified of the following additions and/or revisions to the bid documents for the IFB #300-17 TIRES FOR DAWSON COUNTY EQUIPMENT/VEHICLES:

1. The contact name and number to whom questions are to be submitted is Melissa Hawk at mhawk@dawsoncounty.org, no later than September 15, 2017, at 1:00 PM, EST.
2. The Vendor's Price Proposal Form has been amended and attached to this addendum. Please submit response on this revised form.
3. All other terms, conditions, dates and times remain in full force.

To follow are questions and answers to the IFB #300-17 Tires for Dawson County Equipment/Vehicles:

Question: Is the #8 Tire the 225/70/19.5 Toyo M134 supposed to be an M154?

Answer: The Fleet Maintenance Director sent the list as M134. He has confirmed this should be M143.

Question: Number 18 tire shows as an 8 ply and typically we see radial tires having a star rating. Is this supposed to be a 1* and not an 8ply?

Answer: The Fleet Maintenance Director states that the 8 ply is correct.

Question: I understand that the bid states that it requires the vendor to have an online website ordering. However, if we do not have a website, would the following option work in its place? We would come up with a spreadsheet (ordering form) that would have all bid tires listed. The customer would be able to go in and input amount of tires needed and the total cost would be calculated. Then, customer would be able to email this directly to a designated salesman at any time to process the order.

Answer: The Fleet Maintenance Director will accept the method of creating a spreadsheet to be emailed to a designated sales representative in lieu of an on-line ordering method.
