Arlington County, Virginia, is soliciting proposals from Offerors having experience and abilities in the areas identified in this solicitation. Each proposal must contain evidence of the Offeror's qualifications in the specified areas and in other disciplines directly related to the proposed work. Offerors might also be required to submit profiles and resumes of the staff to be assigned to the project, references, examples of similar work performed and other information that will clearly demonstrate the Offeror's relevant expertise, as specified in the solicitation.

A County Selection Advisory Committee ("SAC") will review and evaluate all written proposals based on the criteria identified in this solicitation. Subsequent evaluations, such as to select firms for negotiation, may include, but are not limited to, review of more detailed proposals and/or oral presentations. Any such subsequent evaluations will be based on the same criteria.

The County reserves the right to accept or reject and to waive any informalities or irregularities in the proposals and to contract as the best interests of the County require in order to obtain the services described in this RFP. Selection of an Offeror's proposal does not mean that all aspects of the proposal are acceptable to the County. The County reserves the right to negotiate terms and conditions with the selected Offeror before executing a contract.

3. OFFERORS’ RESPONSIBILITY TO INVESTIGATE

Before submitting a proposal, each Offeror must make all investigations necessary to ascertain all conditions and requirements affecting the full performance of the contract and to verify any representations made by the County upon which the Offeror will rely. No pleas of ignorance of such conditions and requirements will relieve the successful Offeror from its obligation to comply in every detail with all provisions and requirements of the contract or will be accepted as a basis for any claim for any monetary consideration on the part of the successful Offeror.

4. INTEREST IN MORE THAN ONE PROPOSAL, AND COLLUSION

Reasonable grounds for believing that an Offeror is interested in more than one proposal for a solicitation, including both as an Offeror and as a subcontractor for another Offeror, or that collusion exists between two or more Offerors, will result in rejection of all affected proposals. However, an individual or entity acting only as a subcontractor may be included as a subcontractor on two or more different Offerors’ proposals. Offerors rejected under the above provision will also be disqualified if they respond to a re-solicitation for the same work.

5. COMPETITIVE NEGOTIATION FOR NON-PROFESSIONAL SERVICES

This solicitation is a competitive negotiation for goods and services, as defined in the Arlington County Purchasing Resolution. The content of the proposals and the identity of the offerors are not public record until a Notice of Decision to Award has been issued. The opening of proposals is therefore not public.

6. NOTICE OF DECISION TO AWARD

When the County has made a decision to award a contract(s), the County will post an Award Notice or Intent to Award to [Vendor Registry](#).

7. TRADE SECRETS OR PROPRIETARY INFORMATION

Trade secrets or proprietary information that an Offeror submits in connection with a procurement transaction may be exempted from public disclosure under the Virginia Freedom of Information Act ("VFOIA"). However, the Offeror must invoke VFOIA protection clearly and in writing on the Proposal Form for County review. The Proposal Form must include at least the following: (1) the data or other materials sought to be protected and (2) specific reasons why the material is confidential or proprietary. It is the Offeror's sole responsibility to defend such exemptions if challenged in a court of competent jurisdiction.

8. DEBARMENT STATUS

The Offeror must indicate on the Proposal Form whether it or any of its principals is currently debarred, enjoined, or suspended from submitting proposals to the County or to any other state or political subdivision and whether the Offeror is an agent of any person or entity that is currently debarred, enjoined or suspended from submitting proposals to the County or to any other state or political subdivision. An affirmative response may be considered grounds for rejection of the proposal.

9. CONFLICT OF INTEREST STATEMENT

The Offeror must provide a statement regarding any potential conflict of interest, with the notarized signature of a principal of the Offeror, on the form provided in this solicitation.

10. EQUIVALENT EXPERIENCE AND REFERENCES

If an Offeror is unable to meet the experience and/or reference requirements of this solicitation, the Offeror may submit a resume indicating the qualifying experience and references for previous work by the proposed project manager. The Project Manager's resume must include a description of the previous project(s) and contact information for the previous employer(s), the project owner(s) and a verifying reference, if different.

Arlington County may request additional information and will determine whether the project manager's experience is an acceptable substitute for all or part of the experience and/or reference requirements of the solicitation.

If a contract is awarded based on documents and information submitted pursuant to this section, the Offeror may not change the named project manager for the duration of the contract unless the County approves a substitute project manager with equivalent qualifications.

11. REPLACEMENT OR AUGMENTATION OF KEY PERSONNEL OR SUBCONTRACTORS

The key personnel and subcontractors in an Offeror's proposal are considered essential to the Offeror's qualifications and may not be replaced or substituted, nor may additional personnel or subcontractors be added, after qualification of the Offeror's proposal unless the County approves the changes in advance in writing.

12. AUTHORITY TO TRANSACT BUSINESS

Any Offeror organized as a stock or nonstock corporation, limited liability company, business trust, or limited partnership or registered as a registered limited liability partnership must be authorized to transact business in the Commonwealth of Virginia as a domestic or foreign business entity if so required by Title 13.1 or Title 50 of the Code of Virginia, or as otherwise required by law. The proper and full legal name of the entity and the identification number issued to the Offeror by the Virginia State Corporation Commission must be included on the Proposal Form. Any Offeror that is not required to be authorized to transact business in the Commonwealth must include in its proposal a statement describing why the Offeror is not required to be so authorized. The County may require an Offeror to provide documentation that 1) clearly identifies the complete name and legal form of the entity and 2) establishes that the entity is authorized by the State Corporation Commission to transact business in the Commonwealth of Virginia. Failure of an Offeror to provide such documentation will be a ground for rejection of the proposal or cancellation of any award. For further information refer to the Commonwealth of Virginia State Corporation Commission website at: www.scc.virginia.gov.

The County reserves the right to waive this requirement at any time, for any reason.

13. EXCEPTIONS TO TERMS AND CONDITIONS

The attached draft Contract Terms and Conditions contain a number of mandatory terms, which are marked with an asterisk. Those terms are not negotiable. If an Offeror objects to a mandatory term, the County will consider the proposal non-responsive.

The Offeror must state whether it requests revisions to any of the remaining, non-mandatory terms and, if so, must explain the reason for the request(s) and propose alternative language. An Offeror who does not request a revision in its proposal may not object or request revisions to any contract terms during the negotiation process.

The County will review any request for revisions to non-mandatory terms after the selection of finalists for negotiation. Such requests will not factor into the evaluation of proposals.

14. INSURANCE REQUIREMENTS

Each Offeror must be able to demonstrate proof of the specific coverage requirements and limits applicable to this solicitation. If the Offeror is not able to do so, it may propose alternate insurance coverage in its exceptions to the County's Terms and Conditions.

15. ARLINGTON COUNTY BUSINESS LICENSES

The successful Offeror must comply with the provisions of Chapter 11 ("Licenses") of the Arlington County Code, if applicable. For information on the provisions of that Chapter and its applicability to this solicitation, contact the Arlington County Business License Division, Office of the Commissioner of the Revenue, at 2100 Clarendon Blvd., Suite 200, Arlington, Virginia, 22201, tel. (703) 228-3060, or e-mail [mailto: business@arlingtonva.us](mailto:business@arlingtonva.us).

16. ESTIMATED QUANTITIES/NON-EXCLUSIVITY OF CONTRACTOR

The contract that will result from this solicitation will not obligate the County to purchase a specific quantity of items or services during the Contract Term. Any quantities that are included in the contract documents are the present expectations of the County for the period of the contract, and the County is under no obligation to buy that, or any, amount as a result of having provided this estimate or of having had any normal or otherwise measurable requirement in the past. The County may require more goods

and/or services than the estimated annual amount, and any such additional quantities will not give rise to any claim for compensation other than at the unit prices and/or rates specified in the contract.

The items or services covered by this contract may be or become available under other County contract(s), and the County may determine that it is in its best interest to procure the items or services through such other contract(s). The County does not guarantee that the selected contractor will be the exclusive provider of the goods or services covered by the resulting contract.

The contractor may be required by a using jurisdiction to enter into a separate contract containing general terms and conditions unique to that jurisdiction.

18. ELECTRONIC SIGNATURE

If awarded, the Offeror may be required to accept an agreement and sign electronically through the County's e-signature solution, DocuSign.

III. INTRODUCTION TO REQUEST FOR PROPOSAL NO. 24-DHS-RFP-508

The intent of this solicitation and resulting agreement is to obtain the services of a qualified Contractor to provide Housing Quality Standards Inspections. The County is seeking a qualified firm to conduct Housing Quality Standards (HQS) and/or National Standards for the Physical Inspection of Real Estate (NSPIRE) inspections throughout Arlington County following the most recent Housing and Urban Development (HUD) inspection standards for a variety of unit types the County is subsidizing. Arlington County uses the Yardi Voyager software (“Yardi”) to record findings from HQS/NSPIRE inspections.

BACKGROUND/PURPOSE OF SOLICITATION

The Arlington County Department of Human Services (DHS) promotes the health, safety, and economic stability of Arlington’s residents. It is the largest department in Arlington County, providing services to more than 58,000 residents per year with an approximate \$183 million annual budget, more than 780 staff, and over 100 programs.

As part of the Arlington County DHS, the Economic Independence Division (EID) provides services such as housing, food, and employment assistance. Its mission is: in solidarity with Black, Indigenous, and People of Color, to create equitable access to the resources and opportunities needed for every community member in Arlington to be healthy, safe, and economically secure. EID is one of five operating divisions within DHS and encompasses four Bureaus of direct service.

The Housing Assistance (HAB) Bureau is part of EID and leads the integration of housing services and programs designed to provide better housing opportunities to DHS clients and low-to-moderate income community residents. Among the programs managed within the Bureau are the Housing Choice Rental Voucher Program (Section 8), permanent supportive housing, transitional housing, project-based rental assistance, homeless shelters and services, housing grants and real estate tax relief. The Bureau assesses community needs; evaluates services; and assures quality, efficient service delivery within state, federal and local policies/ procedures.

There are two HAB programs that require HQS and/or NSPIRE inspections: The Housing Choice Voucher Program and the Permanent Supportive Housing Program.

1. Arlington County Housing Choice Voucher Program:

Arlington County’s federally funded Housing Choice Voucher Program (AHCVP) assists Arlington’s low-income individuals, families, persons with disabilities and the elderly with obtaining safe, decent, and affordable housing in the private market. The AHCVP must determine if housing units within the County meet the annual Housing Quality Standards (HQS) or the new National Standards for the Physical Inspection of Real Estate (NSPIRE) set by the U.S. Department of Housing and Urban Development (HUD). The AHCVP contracts with Arlington County property owners or landlords to issue direct subsidy payments on the voucher-holder’s behalf once the housing unit has passed inspection.

2. Arlington County Permanent Supportive Housing Program:

The Permanent Supportive Housing program (PSH) is designed for people with disabilities who need ongoing supportive services in obtaining and maintaining housing. PSH provides an ongoing, monthly rental subsidy for individuals and families who face the most complex challenges, such as homelessness or at risk of becoming homeless, but who also have very low incomes and serious, persistent disabilities

that may include substance use, mental illness, or other co-occurring disabilities. Arlington County's PSH program is funded from federal, state, and local sources. The PSH program contracts with Arlington County property owners or landlords to issue direct subsidy payments on behalf of the PSH client once the housing unit has passed inspection. PSH units are scattered-site apartments throughout Arlington County.

V. AHCVP REQUIREMENTS

Only units selected by the AHCVP Inspection Coordinator will be inspected unless otherwise agreed upon by designated County staff.

A. AHCVP Inspection Process

- 1) **Inspections:** AHCVP's Inspection Coordinator will input the housing unit information into Yardi, and the Contractor will be notified in Yardi of units to be inspected. The AHCVP's County's Inspection Coordinator or Contractor will notify the landlord in writing as to the date and time of the inspection, as detailed below. The assigned contracted inspector will conduct the inspection and record the results in Yardi.

- 2) **Notification Letters:** The Contractor must send out AHCVP HQS/NSPIRE notification letters to landlords and program tenants informing both parties of the County’s intent to conduct an inspection.
 - a. Landlord notifications can be emailed or delivered via U.S. postal mail. All tenant letters must be mailed via the U.S. postal service and a copy placed in the landlord portal via Yardi.
 - b. Letters must refer to the Contractor (by name and/or logo) who will complete the inspection on behalf of Arlington County. AHCVP “pass” letters will be sent by the Contractor. These letters must be generated, downloaded, and printed from Yardi. Landlord notifications must be sent to the landlord in one of the following ways: email, uploaded to the Landlord Portal, or delivered via U.S. postal mail. All tenant letters must be mailed via U.S. postal mail.
- 4) **Failed Inspection:** If a unit fails inspection, the Contractor will take photos of each failed item and upload them appropriately in Yardi. The Contractor must send a “fail” letter or report, along with accompanying documentation of what needs to be repaired, to the landlord and tenant. Fail notifications must include deadlines for repairs. The fail letter or report must be generated, downloaded, and printed from Yardi. Landlord notifications can be emailed, uploaded to the Landlord Portal, or delivered via U.S. postal mail.

The following process must also be followed when a unit fails inspection:

- a. The Contractor must ensure that the landlord meets the following deadlines:
24 hours for completing corrective action deficiencies deemed life threatening emergencies and up-to 30 calendar days for non-life-threatening deficiencies.
- b. The Contractor must coordinate with the landlord regarding a timeline of repairs and re-inspection, except that Arlington County’s Inspection Coordinator will follow-up directly with the landlord or tenant on noted deficiencies and assign an AHCVP inspector if the Contractor is not available for the re-scheduled inspection for a 24-hour violation.
- c. The Contractor will re-inspect the unit. If the unit passes, then the Contractor will follow instructions in. Section V. A, Item 3, Passed Inspection.

- d. The County will accept alternative forms of verification from the property owner or landlord to verify non-life-threatening and minor deficiencies, including photos, work-orders, work order receipts that would eliminate the need for a re-inspection for annual inspections. Minor deficiencies include but are not limited to wall or ceiling cracks, grease build up on stove, carpet buckling, and tub re-glaze.

The photos must be:

- i. clearly labeled so that the relevant content of the photo is easily identified.
- ii. matched to a specific item on the inspection form, along with any other written description of the HQS/NSPIRE violation.
- iii. date and time stamped.

B. No Shows/Client Refuses Entry

The card must provide a contact number, with hours of operation, for tenants needing to reschedule their inspection date. The Contractor must note this action in Yardi.

2) The second inspection attempt must be within seven calendar days of the missed inspection. The Contractor must note this action in Yardi.

3) If after the second rescheduled inspection attempt the tenant is a no-show, the Contractor may enter the unit accompanied by property management or maintenance staff to complete the inspection.

4) At any point during the course of an inspection attempt, if the tenant is home and does not let the Contractor into the unit, the Contractor will inform the AHCVP's Inspection Coordinator. An attempt will be made by the County's Inspection Coordinator to enforce compliance.

5) Passed Inspection: (Refer to Section V. 5A, item 3).

6) Failed Inspection: (Refer to Section V. 5A, item 4).

C. Reinspection (After failed inspection)

1) As noted above, depending on the nature of the deficiencies, the landlord will have either up to 30 calendar days or 24 hours to correct the deficiencies, as dictated by HQS and NSPIRE.

2) The Contractor must coordinate with the landlord as to when the unit can be re-inspected and notify the AHCVP's Inspection Coordinator of the date during the next bi-weekly update.

3) The Contractor must notify landlord and tenant in writing within what timeframe the deficiencies must be corrected and when the reinspection will occur and will then perform the

reinspection. Landlord notifications can be emailed or delivered via U.S. postal mail. All tenant letters must be mailed via the U.S. postal service.

- 4) If unit passes, refer to Section V. 5A, item 3.
- 5) If the unit fails re-inspection, refer to Section V. 5E, Abatement.

D. AHCVP Failed Unit Extension Requests

Landlords will be required to submit any extension requests in writing to the Contractor with a cc to the County. The Contractor will have unilateral discretion to approve or reject extension requests. The Contractor may approve extension requests of less than 30 calendar days. Longer extension requests will require approval from AHCVP's Inspection Coordinator. No extension requests will be granted for 24-hour violations.

E. AHCVP Abatement

Abatement refers to the process by which the subsidy administration entity withholds rental payments for contractual non-compliance, such as uncured unit deficiencies cited under an inspection. If a unit fails reinspection, the Contractor will notify the tenant, the landlord and AHCVP's Arlington County's Inspection Coordinator of the failed inspection and note the failure in Yardi.

- 1) The Contractor will notify AHCVP's Inspection Coordinator via email or other agreed upon communication procedure of the failed re-inspection.
- 2) The AHCVP Inspection Coordinator will then send an abatement letter to the landlord and tenant and ensure that the AHCVP Housing Assistance Payment (HAP) is put on abatement.
- 3) The Contractor may be asked to perform another re-inspection during the 90-day abatement process.

VI. PSH REQUIREMENTS

Only units selected by the PSH Inspection Coordinator will be inspected unless otherwise agreed by designated County staff.

A. PSH Inspection Process

Inspections: The PSH Inspection Coordinator will input the housing unit information into Yardi, and the Contractor will be notified in Yardi of units to be inspected. The PSH Inspection Coordinator will notify the Contractor and the landlord in writing as to the date and time of the inspection. 2. SCOPE OF WORK

The Contractor agrees to perform the services described in the Contract Documents (the "Work"). As detailed in the "Scope of Work" (Exhibit A), the primary purpose of the Work is to provide Housing Quality Standards Inspections. It will be the Contractor's responsibility, at its sole cost, to provide the specific services set forth in the Contract Documents and sufficient services to fulfill the purposes of the Work. Nothing in the Contract Documents limits the Contractor's responsibility to manage the details and execution of the Work.

3. PROJECT OFFICER

The performance of the Contractor is subject to the review and approval of the County Project Officer, who will be appointed by the Director of the Arlington County department or agency requesting the Work under this Contract.

The Contractor is obligated to take one of the two following actions within seven days after receipt of payment by the County for work performed by any subcontractor under this Contract:

The Contractor is obligated to pay interest to the subcontractor on all amounts owed by the Contractor to the subcontractor that remain unpaid after seven days following receipt by the Contractor of payment from the County for work performed by the subcontractor under this Contract, except for amounts withheld as allowed in subsection b., above. The County may require more goods and/or services than the estimated annual quantities, and any such additional quantities will not give rise to any claim for compensation other than at the unit prices and/or rates in the Contract.

The County does not guarantee that the Contractor will be the exclusive provider of the goods or services covered by this Contract. The items or services covered by this Contract may be or become available under other County contract(s), and the County may determine that it is in its best interest to procure the items or services through those contract(s).

12. * COUNTY PURCHASE ORDER REQUIREMENT

County purchases are authorized only if the County issues a Purchase Order in advance of the transaction, indicating that the ordering County agency has sufficient funds available to pay for the purchase. The County will not be liable for payment for any purchases made by its employees that are not authorized by the County Purchasing Agent.

13. BACKGROUND CHECK

The Contractor is responsible for completing a criminal background check for each person working on this Contract and ensuring that subcontractors and volunteers comply with this background check requirement. 14. REPLACEMENT OF PERSONNEL AND SUBCONTRACTORS

- E. The Contractor must include the provisions of the foregoing paragraphs in every subcontract or purchase order of more than \$10,000.00 relating to this Contract so that the provisions will be binding upon each subcontractor or vendor.

16. * EMPLOYMENT OF UNAUTHORIZED ALIENS PROHIBITED

In accordance with §2.2-4311.1 of the Code of Virginia, as amended, the Contractor must not during the performance of this Contract knowingly employ an unauthorized alien, as that term is defined in the federal Immigration Reform and Control Act of 1986.

20. TERMINATION

The County may terminate this Contract at any time as follows: (1) for cause, if, as determined by the County, the Contractor is in breach or default or has failed to perform the Work satisfactorily; or (2) for the convenience of the County.

Upon receipt of a notice of termination, the Contractor must not place any further orders or subcontracts for materials, services or facilities; must terminate all vendors and subcontracts, except as are necessary for the completion of any portion of the Work that the County did not terminate; and must immediately deliver all documents related to the terminated Work to the County.

Any purchases that the Contractor makes after the notice of termination will be the sole responsibility of the Contractor, unless the County has approved the purchases in writing as necessary for completion of any portion of the Work that the County did not terminate.

If any court of competent jurisdiction finds a termination for cause by the County to be improper, then the termination will be deemed a termination for convenience.

A. TERMINATION FOR CAUSE, INCLUDING BREACH AND DEFAULT; CURE

1. Termination for Unsatisfactory Performance. If the County determines that the Contractor has failed to perform satisfactorily, then the County will give the Contractor written notice of such failure(s) and the opportunity to cure them within 15 days or any other period specified by the County ("Cure Period"). If the Contractor fails to cure within the Cure Period, the County may terminate the Contract for failure to provide satisfactory performance by providing written notice with a termination date. The Contractor must submit any request for termination costs, with all supporting documentation, to the County Project Officer within 30 days after the expiration of the Cure Period. The County may accept or reject the request for termination costs, in whole or in part, and may notify the Contractor of its decision within a reasonable time.

In the event of termination by the County for failure to perform satisfactorily, the Contractor must continue to provide its services as previously scheduled through the termination date, and the County must continue to pay all fees and charges incurred through the termination date.

2. Termination for Breach or Default. If the County terminates the Contract for default or breach of any Contract provision or condition, then the termination will be immediate after notice of termination to the Contractor (unless the County provides for an opportunity to cure), and the Contractor will not be permitted to seek termination costs.

Upon any termination pursuant to this section, the Contractor will be liable to the County for costs that the County must expend to complete the Work, including costs resulting from any related delays and from unsatisfactory or non-compliant work performed by the Contractor or its subcontractors. The County will deduct such costs from any amount due to the Contractor; or if the County does not owe the Contractor, the Contractor must promptly pay the costs within 15 days of a demand by the County. This section does not limit the County's recovery of any other damages to which it is entitled by law.

Except as otherwise directed by the County, the Contractor must stop work on the date of receipt the notice of the termination.

B. TERMINATION FOR THE CONVENIENCE OF THE COUNTY

The County may terminate this Contract in whole or in part whenever the Purchasing Agent determines that termination is in the County's best interest. The County will give the Contractor at least 15 days' notice in writing. The notice must specify the extent to which the Contract is terminated and the effective termination date. The Contractor will be entitled to termination costs, plus any other reasonable amounts that the parties might negotiate; but no amount will be allowed for anticipatory profits.

Except as otherwise directed by the County, the Contractor must stop work on the date of receipt of the notice of the termination.

21. INDEMNIFICATION (Note: Virginia law does not permit the County to indemnify others; cross indemnity provisions are not acceptable to the County)

The Contractor covenants for itself, its employees and its subcontractors to save, defend, hold harmless and indemnify the County and all of its elected and appointed officials, officers, current and former employees, agents, departments, agencies, boards and commissions (collectively the "County Indemnitees") from and against any and all claims made by third parties for any and all losses, damages, injuries, fines, penalties, costs (including court costs and attorneys' fees), charges, liability, demands or exposure resulting from, arising out of or in any way connected with the Contractor's acts or omissions, including the acts or omissions of its employees and/or subcontractors, in performance or nonperformance of the Contract. This duty to save, defend, hold harmless and indemnify will survive the termination of this Contract. If the Contractor fails or refuses to fulfill its obligations contained in this section, the Contractor must reimburse the County for any and all resulting payments and expenses, including reasonable attorneys' fees. The Contractor must pay such expenses upon demand by the County, and failure to do so may result in the County withholding such amounts from any payments to the Contractor under this Contract.

22. INTELLECTUAL PROPERTY INDEMNIFICATION

The Contractor warrants and guarantees that in providing services under this Contract neither the Contractor nor any subcontractor is infringing on the intellectual property rights (including, but not limited to, copyright, patent, mask and trademark) of third parties.

If the Contractor or any of its employees or subcontractors uses any design, device, work or material that is covered by patent or copyright, it is understood that the Contract Amount includes all royalties, licensing fees, and any other costs arising from such use in connection with the Work under this Contract.

The Contractor covenants for itself, its employees and its subcontractors to save, defend, hold harmless, and indemnify the County Indemnitees, as defined above, from and against any and all claims, losses, damages, injuries, fines, penalties, costs (including court costs and attorneys' fees), charges, liability or exposure for infringement of or on account of any trademark, copyright, patented or unpatented invention, process or article manufactured or used in the performance of this Contract. This duty to save, defend, hold harmless and indemnify will survive the termination of this Contract. If the Contractor fails or refuses to fulfill its obligations contained in this section, the Contractor must reimburse the County for any and all resulting payments and expenses, including reasonable attorneys' fees. The Contractor must pay such expenses upon demand by the County, and failure to do so may result in the County withholding such amounts from any payments to the Contractor under this Contract.

23. COPYRIGHT

By this Contract, the Contractor irrevocably transfers, assigns, sets over and conveys to the County all rights, title and interest, including the sole exclusive and complete copyright interest, in any and all copyrightable works created pursuant to this Contract. Business Associate will provide such access in a time and manner that is sufficient to meet any applicable requirements of applicable law.
- i) Business Associate agrees to document and maintain a record of disclosures of PHI and information related to such disclosures, including the date, recipient and purpose of such disclosures, in a manner that is sufficient for Covered Entity or Business Associate to respond to a request by Covered Entity or an Individual for an Accounting of disclosures of PHI and in accordance with 45 CFR § 164.528. Business Associate further shall provide any additional information where required by HIPAA and any implementing regulations. shall determine (in its reasonable judgment) what constitutes the minimum necessary to accomplish the intended purpose of a disclosure.

- l) In accordance with 45 CFR §502(a)(5), Business Associate shall not directly or indirectly receive remuneration in exchange for any PHI of an Individual, except with the express written pre-approval of Covered Entity.
- m) To the extent Business Associate is to carry out one or more obligation(s) of the Covered Entity's under Subpart E of 45 CFR Part 164, Business Associate shall comply with the requirements of Subpart E that apply to the Covered Entity in the performance of such obligation(s).
- n) In accordance with 45 CFR §164.314(a)(1)(i)(C), Business Associate agrees to promptly report to Covered Entity any Security Incident of which Business Associate becomes aware.
- o) In accordance with 45 CFR §164.410 and the provisions of this Business Associate Agreement, Business Associate will report to Covered Entity, following Discovery and without unreasonable delay, but in no event later than five business days following Discovery, any Breach of Unsecured Protected Health Information. Business Associate shall cooperate with Covered Entity in investigating the Breach and in meeting Covered Entity's obligations under HIPAA and any other applicable security breach notification laws, including, but not limited to, providing Covered Entity with such information in addition to Business Associate's report as Covered Entity may reasonably request, e.g., for purposes of Covered Entity making an assessment as to whether/what Breach Notification is required.

Business Associate's report under this subsection shall, to the extent available at the time the initial report is required, or as promptly thereafter as such information becomes available but no later than 30 days from discovery, include:

1. The identification (if known) of each Individual whose Unsecured Protected Health Information has been, or is reasonably believed by Business Associate to have been, accessed, acquired, or disclosed during such Breach;

6. Contact information for Business Associate's representatives knowledgeable about the Breach.

- p) Business Associate shall maintain for a period of six years all information required to be reported under paragraph "o". This records retention requirement does not in any manner change the obligation to timely disclose all required information relating to a non-permitted acquisition, access, use or disclosure of Protected Health Information to the County Privacy Officer and the County Project Officer or designee five business days following Discovery.

3) Permitted Uses and Disclosures by Business Associate

Except as otherwise limited in this Business Associate Agreement, Business Associate may use or disclose PHI, consistent with HIPAA, as follows:

- a) Business Associate may use or disclose PHI as necessary to perform functions, activities, or services to or on behalf of Covered Entity under any service agreement(s) with Covered Entity, including Data Aggregation services related to the health care operations of Covered Entity, if called for in the Underlying Agreement, if Business Associate's use or disclosure of PHI would not violate HIPAA if done by Covered Entity.
- b) Business Associate may use PHI for the proper management and administration of Business Associate or to carry out the legal responsibilities of Business Associate.
- c) Business Associate may disclose PHI for the proper management and administration of Business Associate if:
 - 1. Disclosure is Required by Law;

- c) Covered Entity will notify Business Associate of any restriction of the use or disclosure of PHI, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

- d) Covered Entity will notify Business Associate of any alternative means or locations for receipt of communications by an Individual which must be accommodated or permitted by Covered Entity, to the extent that such alternative means or locations may affect Business Associate's use or disclosure of PHI.
- e) Except as otherwise provided in this Business Associate Agreement, Covered Entity will not ask Business Associate to use or disclose PHI in any manner that would not be permissible under HIPAA if such use and/or disclosure was made by Covered Entity.

5) Term, Termination and Breach

- a) This Business Associate Agreement is effective when fully executed and will terminate when all of the PHI provided by Covered Entity to Business Associate, or created or received by Business Associate on behalf of Covered Entity, is destroyed or returned to Covered Entity, including any material provided to subcontractors. If Covered Entity agrees that return or destruction is infeasible, then Business Associate will extend the protections of this Business Associate Agreement to such PHI and limit further uses and disclosures of such

PHI to those purposes that make the return or destruction infeasible, for so long as Business Associate maintains such PHI. Business Associate further agrees to retain the minimum necessary PHI to accomplish those tasks/responsibilities which make return and/or destruction infeasible.

- e) Covered Entity will have the right to inspect any records of Business Associate or to audit Business Associate to determine whether Business Associate is in compliance with the terms of this

Business Associate Agreement. However, this provision does not create any obligation on the part of Covered Entity to conduct any inspection or audit.

- f) Nothing in this Business Associate Agreement shall be construed to create a partnership, joint venture, or other joint business relationship between the parties or any of their affiliates, or a relationship of employer and employee between the parties. Rather, it is the intention of the parties that Business Associate shall be an independent contractor.
- g) Nothing in this Business Associate Agreement provides or is intended to provide any benefit to any third party.
- h) The Business Associate will indemnify and hold harmless Arlington County, its elected officials, officers, directors, employees and/or agents from and against any employee, federal administrative action or third party claim or liability, including attorneys' fees and costs, arising out of or in connection with the Business Associate's violation (or alleged violation) and/or any violation and/or alleged violation by Business Associate's workforce, agent/s, or subcontractor/s of the terms of this Business Associate Agreement, federal law, HIPAA, the HITECH Act, and/or other implementing regulations or guidance or any associated audit or investigation.

The obligation to provide indemnification under this Business Associate Agreement shall be contingent upon the party seeking indemnification providing the indemnifying party with written notice of any claim for which indemnification is sought. Any limitation of liability provisions contained in the Underlying Agreement do not supersede, pre-empt, or nullify this provision or the Business Associate Agreement generally.

This indemnification shall survive the expiration or termination of this Business Associate Agreement or the Underlying Agreement.

- i) Any ambiguity in this Business Associate Agreement shall be resolved to permit the parties to comply with HIPAA, its implementing regulations, and associated guidance. The sections, paragraphs, sentences, clauses and phrases of this Business Associate agreement are severable. If any phrase, clause, sentence, paragraph or section of this Business Associate Agreement is declared invalid by a court of competent jurisdiction, such invalidity shall not affect any of the remaining phrases, clauses, sentences and sections of this Business Associate Agreement.
- j) If any dispute or claim arises between the parties with respect to this Business Associate Agreement, the parties will make a good faith effort to resolve such matters informally, it being the intention of the parties to reasonably cooperate with each other in the performance of the obligations set forth in this Business Associate Agreement. The Dispute Resolution clause of the Underlying Agreement ultimately governs if good faith efforts are unsuccessful.
- k) A waiver with respect to one event shall not be construed as continuing, or as a bar to or waiver of any other right or remedy as to any subsequent events.
- l) Neither party may assign any of its rights or obligations under this Business Associate Agreement without the prior written consent of the other party.

- m) This Business Associate Agreement and the rights and obligations of the parties hereunder shall be construed, interpreted, and enforced with, and shall be governed by, the laws of the Commonwealth of Virginia and the United States of America.
- n) This Business Associate Agreement shall remain in effect for the duration of the Underlying Agreement between the parties, any renewals, extension or continuations thereof, and until such time as all PHI in the possession or control of the Business Associate has been returned to the Covered Entity and/or destroyed. If such return or destruction is not feasible, the Business Associate shall use such PHI only for such limited purposes that make such return or destruction not feasible and the provision of this Business Associate Agreement shall survive with respect to such PHI.
- o) The Business Associate shall be deemed to be in violation of this Business Associate Agreement if it knew of, or with the exercise of reasonable diligence or oversight should have known of, a pattern of activity or practice of any subcontractor, subsidiary, affiliate, agent or workforce member that constitutes a material violation of that entity's obligations in regard to PHI unless the Business Associate took prompt and reasonable steps to cure the breach or end the violation, as applicable, and if such steps were unsuccessful, terminated the contract or arrangement with such entity, if feasible.
- p) Upon the enactment of any law or regulation affecting the use or disclosure of PHI, or any change in applicable federal law including revisions to HIPAA; upon publication of any decision of a court of the United States or of the Commonwealth of Virginia, relating to PHI or applicable federal law; upon the publication of any interpretive policy or opinion of any governmental agency charged with the enforcement of PHI disclosures or applicable federal law, the County reserves the right, upon written notice to the Business Associate, to amend this Business Associate Agreement as the County determines is necessary to comply with such change, law or regulation. If the Business Associate disagrees with any such amendment, it shall so notify the County in writing within thirty (30) days of the County's notice. In case of disagreement, the parties agree to negotiate in good faith the appropriate amendment(s) to give effect to such revised obligation. In the County's discretion, the failure to enter into an amendment shall be deemed to be a default and good cause for termination of the Underlying Agreement.
- q) The County makes no warranty or representation that compliance by the Business Associate with this Business Associate Agreement, HIPAA, the HITECH Act, federal law or the regulations promulgated thereunder will be adequate or satisfactory for the Business Associate's own purposes or to ensure its compliance with the above. The Business Associate is solely responsible for all decisions made by it, its workforce members, agents, employees, subsidiaries and subcontractors regarding the safeguarding of PHI and compliance with federal law.
- r) The Business Associate agrees that its workforce members, agents, employees, subsidiaries and subcontractors shall be bound by the confidentiality requirements herein and the provisions of this Business Associate Agreement shall be incorporated into any training or contracts with the same.
- s) This Business Associate Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same document.

(CONTRACTOR)

The undersigned, an authorized agent of the Contractor and on behalf of _____ (“Contractor”), hereby agrees that the Contractor will hold County-provided information, documents, data, images, records and the like confidential and secure and protect them against loss, misuse, alteration, destruction or disclosure. This includes, but is not limited to, the information of the County, its employees, contractors, residents, clients, patients, taxpayers and property as well as information that the County shares with the Contractor for testing, support, conversion or other services provided under Arlington County Agreement No.24-DHS-RFP-508 (the “Project” or “Main Agreement”) or that may be accessed through other County-owned or -controlled databases (all of the above collectively referred to as “County Information” or “Information”).

In addition to the DATA SECURITY obligations set in the County Agreement, the Contractor agrees that it will maintain the privacy and security of County Information, control and limit internal access and authorization for access to such Information and not divulge or allow or facilitate access to County Information for any purpose or by anyone unless expressly authorized. This includes, but is not limited to, any County Information that in any manner describes, locates or indexes anything about an individual, including, but not limited to, his/her (“his”) Personal Health Information, treatment, disability, services eligibility, services provided, investigations, real or personal property holdings and his education, financial transactions, medical history, ancestry, religion, political ideology, criminal or employment record, social security number, tax status or payments, date of birth, address, phone number or anything that affords a basis for inferring personal characteristics, such as finger and voice prints, photographs, or things done by or to such individual, or the record of his presence, registration, or membership in an organization or activity, or admission to an institution.

Contractor also agrees that it will not directly or indirectly use or facilitate the use or dissemination of County information (whether intentionally or by inadvertence, negligence or omission and whether verbally, electronically, through paper transmission or otherwise) for any purpose other than that directly associated with its work under the Project. The Contractor acknowledges that any unauthorized use, dissemination or disclosure of County Information is prohibited and may also constitute a violation of Virginia or federal laws, subjecting it or its employees to civil and/or criminal penalties.

Contractor agrees that it will not divulge or otherwise facilitate the disclosure, dissemination or access to or by any unauthorized person, for any purpose, of any Information obtained directly, or indirectly, as a result of its work on the Project. The Contractor shall coordinate closely with the County Project Officer to ensure that its authorization to its employees or approved subcontractors is appropriate and tightly controlled and that such person/s also maintain the security and privacy of County Information and the integrity of County-networked resources.

Contractor agrees to take strict security measures to ensure that County Information is kept secure; is properly stored in accordance with industry best practices, and if stored is encrypted; and is otherwise protected from retrieval or access by unauthorized persons or for unauthorized purposes. Any device or media on which County Information is stored, even temporarily, will have strict encryption, security, and access control. Any County Information that is accessible will not leave Contractor’s work site or the County’s physical facility, if the Contractor is working onsite, without written authorization of the County

Project Officer. If remote access or other media storage is authorized, the Contractor is responsible for the security of such storage device or paper files.

Contractor will ensure that any laptops, PDAs, netbooks, tablets, thumb drives or other media storage devices, as approved by the County and connected to the County network, are secure and free of all computer viruses, and running the latest version of an industry-standard virus protection program. The Contractor will ensure that all user accounts and passwords used by its employees or subcontractors are robust, protected and not shared. The Contractor will not download any County Information except as agreed to by the parties and then only onto a County-approved device. The Contractor understands that downloading onto a personally owned device or service, such as personal e-mail, Dropbox, etc., is prohibited.

Contractor agrees that it will notify the County Project Officer immediately upon discovery or becoming aware or suspicious of any unauthorized disclosure of County Information, security breach, hacking or other breach of this agreement, the County's or Contractor's security policies, or any other breach of Project protocols concerning data security or County Information. The Contractor will fully cooperate with the County to regain possession of any Information and to prevent its further disclosure, use or dissemination. The Contractor also agrees to promptly notify others of a suspected or actual breach if requested.

The Contractor agrees that all duties and obligations enumerated in this Agreement also extend to its employees, agents or subcontractors who are given access to County information. Breach of any of the above conditions by Contractor's employees, agents or subcontractors shall be treated as a breach by the Contractor. The Contractor agrees that it shall take all reasonable measures to ensure that its employees, agents and subcontractors are aware of and abide by the terms and conditions of this agreement and related data security provisions in the Main Agreement.

It is the intent of this *NonDisclosure and Data Security Agreement* to ensure that the Contractor has the highest level of administrative safeguards, information security, disaster recovery and other best practices in place to ensure confidentiality, protection, privacy and security of County information and County-networked resources and to ensure compliance with all applicable local, state and federal laws or regulatory requirements. Therefore, to the extent that this *NonDisclosure and Data Security Agreement* conflicts with the Main Agreement or with any applicable local, state, or federal law, regulation or provision, the more stringent requirement, law, regulation or provision controls.

At the conclusion of the Project, the Contractor agrees to return all County Information to the County Project Officer. These obligations remain in full force and effect throughout the Project and shall survive any termination of the Main Agreement.

EVALUATION RATINGS DEFINITIONS

Rating	Definition	Notes
Excellent	Performance meets contractual requirements and exceeds many to the County's benefit. The contractual performance of the element or sub-element being evaluated was accomplished with few minor problems for which corrective actions taken by the contractor were highly effective.	To justify an Exceptional rating, identify multiple significant events and state how they were of benefit to the County. A singular benefit, however, could be of such magnitude that it alone constitutes an Exceptional rating. Also, there should have been NO significant weaknesses identified.
Satisfactory	Performance meets contractual requirements. The contractual performance of the element or sub-element contains some minor problems for which corrective actions taken by the contractor appear or were satisfactory.	To justify a Satisfactory rating, there should have been only minor problems, or major problems the contractor recovered from without impact to the contract/order. There should have been NO significant weaknesses identified. A fundamental principle of assigning ratings is that contractors will not be evaluated with a rating lower than Satisfactory solely for not performing beyond the requirements of the contract/order.
Poor	Performance does not meet some contractual requirements. The contractual performance of the element or sub-element being evaluated reflects a serious problem for which the contractor has not yet identified corrective actions. The contractor's proposed actions appear only marginally effective or were not fully implemented.	To justify poor performance, identify a significant event in each category that the contractor had trouble overcoming and state how it impacted the County. A poor rating should be supported by referencing the management tool that notified the contractor of the contractual deficiency (e.g., management, quality, safety, or environmental deficiency report or letter).
Unacceptable	Performance does not meet most contractual requirements and recovery is not likely in a timely manner. The contractual performance of the element or sub-element contains a serious problem(s) for which the contractor's corrective actions appear or were ineffective.	To justify an Unsatisfactory rating, identify multiple significant events in each category that the contractor had trouble overcoming and state how it impacted the County. A singular problem, however, could be of such serious magnitude that it alone constitutes an unsatisfactory rating. An Unsatisfactory rating should be supported by referencing the management tools used to notify the contractor of the contractual deficiencies (e.g., management, quality, safety, or environmental deficiency reports, or letters).
Not Applicable (N/A)	N/A (not applicable) should be used if the ratings are not going to be applied to a particular area for evaluation.
