TAX CLEARANCE

Emporia State University strongly supports the State of Kansas Tax Clearance Process. Suppliers submitting bids or proposals which exceed \$10,000 over the term of the contract shall include a copy of a Tax Clearance Certification Form with their submittal. Failure to provide this information may be cause for rejection of supplier's bid or proposal.

A "Tax Clearance" is a comprehensive tax account review to determine and ensure that the account is compliant with all primary Kansas Tax Laws administered by the Kansas Department of Revenue (KDOR) Director of Taxation. Information pertaining to a Tax Clearance is subject to change(s), which may arise as a result of a State Tax Audit, Federal Revenue Agent Report, or other lawful adjustment(s).

To obtain a Tax Clearance Certificate, you must:

- Go to <http://www.ksrevenue.org/taxclearance.html> to request a Tax Clearance Certificate.
- Return to the website the following working day to see if KDOR will issue the certificate.
- If issued an official certificate, print it, and attach it to your bid response.
- If denied a certificate, engage KDOR in a discussion about why a certificate was not issued.

***Please Note:** Individual and business applications are available. For applications entered prior to 5:00 PM Monday through Friday, results typically will be available the following business day. Tax clearance requests may be denied if the request includes incomplete or incorrect information.*

***Please Note:** You will need to sign back into the KDOR website to view and print the official tax clearance certificate.*

Bidders (and their subcontractors) are expected to submit a current Tax Clearance Certificate with every event response.

Failure to provide this information may be cause for rejection of supplier's bid or proposal.

Information about Tax Registration can be found at the following website: <http://www.ksrevenue.org/busregistration.html>.

The ESU Purchasing Office reserves the right to confirm tax status of all potential contractors and subcontractors prior to the release of a purchase order or contract award.

In the event that a current tax certificate is unavailable, the ESU Purchasing Office reserves the right to notify a bidder (one that has submitted a timely event response) that they have to provide a current Tax Clearance Certificate within ten (10) calendar days, or ESU may proceed with an award to the next lowest responsive bidder, whichever is determined by the Purchasing Director to be in the best interest of ESU and the State.

**CERTIFICATION REGARDING
IMMIGRATION REFORM & CONTROL**

All Contractors are expected to comply with the Immigration and Reform Control Act of 1986 (IRCA), as may be amended from time to time. This Act, with certain limitations, requires the verification of the employment status of all individuals who were hired on or after November 6, 1986, by the Contractor as well as any subcontractor or sub-subcontractor. The usual method of verification is through the Employment Verification (I-9) Form. With the submission of this bid, the Contractor hereby certifies without exception that Contractor has complied with all federal and state laws relating to immigration and reform. Any misrepresentation in this regard or any employment of persons not authorized to work in the United States constitutes a material breach and, at the State's option, may subject the contract to termination and any applicable damages.

Contractor certifies that, should it be awarded a contract by the State, Contractor will comply with all applicable federal and state laws, standards, orders and regulations affecting a person's participation and eligibility in any program or activity undertaken by the Contractor pursuant to this contract. Contractor further certifies that it will remain in compliance throughout the term of the contract.

At the State's request, Contractor is expected to produce to the State any documentation or other such evidence to verify Contractor's compliance with any provision, duty, certification, or the like under the contract.

Contractor agrees to include this Certification in contracts between itself and any subcontractors in connection with the services performed under this contract.

Proposal Reference Number:** The RFP number, indicated in the header of this document, as well as on the first page of this proposal, has been assigned to this RFP and **MUST** be shown on all correspondence or other documents associated with this RFP and **MUST** be referred to in all verbal communications. All inquiries, written or verbal, shall be directed only to the Emporia State University Purchasing Office reflected on Page 1 of this proposal. There shall be no communication with any other Emporia State University employee regarding this RFP except with designated Emporia State University participants in attendance **ONLY DURING:**

Negotiations

as otherwise specified in this RFP.

Violations of this provision by supplier or ESU personnel may result in the rejection of the proposal.

- 2. Negotiated Procurement:** This is a negotiated procurement pursuant to K.S.A. 75-37,102. Final evaluation and award will be made by The Procurement Negotiation Committee (PNC) composed of individuals from appropriate departments or their designees with the Director of Purchasing as the Chair of the PNC.
- 3. Appearance Before Committee:** Any, all or no suppliers may be required to appear before the PNC to explain the supplier's understanding and approach to the project and/or respond to questions from the PNC concerning the proposal; or, the PNC may award without conducting negotiations, based on the initial proposal. The PNC reserves the right to request information from suppliers as needed. If information is requested, the PNC is not required to request the information of all suppliers.

Suppliers selected to participate in negotiations may be given an opportunity to submit a revised technical and/or cost proposal to the PNC, subject to a specified cut off time for submittal of revisions. Meetings before the PNC are not subject to the Open Meetings Act. Suppliers are prohibited from electronically recording these meetings. All information received prior to the cut-off time will be considered part of the supplier's revised offer.

No additional revisions shall be made after the specified cut-off time unless requested by the PNC.

- 4. Cost of Preparing Proposal:** The cost of developing and submitting the proposal is entirely the responsibility of the supplier. This includes costs to determine the nature of the engagement, preparation of the proposal, submitting the proposal, negotiating for the contract and other costs associated with this RFP.
- 5. Tax Clearance:** ESU strongly supports the State of Kansas Tax Clearance Process. Suppliers submitting bids or proposals which exceed \$10,000 over the term of the contract shall include a copy of a Tax Clearance Certification Form with their submittal. Failure to provide this information may be cause for rejection of supplier's bid or proposal. Tax Clearances may be obtained at the following website: <http://www.ksrevenue.org/taxclearance.html>. See page 5 for instructions.
- 6. Preparation of Proposal:** Prices are to be provided in the submitted proposal. Include computations and totals wherever needed to explain cost breakdown. In case of error in computations or totals, the unit price shall govern. The PNC has the right to rely on any price quotes provided by suppliers. The supplier shall be responsible for any mathematical error in price quotes. The PNC reserves the right to reject proposals which contain errors.

A proposal shall not be considered for award if the price in the proposal was not arrived at independently and without collusion, consultation, communication, or agreement as to any matter related to price with any other supplier, competitor, or public officer/employee.

- 7. Signature of Proposals:** Each proposal shall give the complete mailing address of the supplier and be signed by an authorized representative by original signature with his or her name and legal title typed below the signature line. - 8. Acknowledgment of Addenda:** All suppliers shall acknowledge receipt of any addenda to this RFP by filling out and signing the supplier response check-list page, including the Addenda Acknowledgement, and returning it with their bid. - 9. Modification of Proposals:** A supplier may modify a proposal by letter format to purchaseorders@emporia.edu or mail at any time prior to the closing date and time for receipt of proposals.
- 10. Withdrawal of Proposals:** A proposal may be withdrawn on written request attachment from the supplier to the ESU Purchasing Office at purchaseorders@emporia.edu (or mail) prior to the closing date.
- 11. Competition:** The purpose of this RFP is to seek competition. The supplier shall advise the ESU Purchasing Office if any specification, language or other requirement inadvertently restricts or limits bidding to a single source. Notification shall be in writing and must be received by the ESU Purchasing Office no later than five (5) business days prior to the bid closing date. The ESU Purchasing Office reserves the right to waive minor deviations in the specifications which do not hinder the intent of this RFP.
- 12. Evaluation of Proposals:** Award shall be made in the best interest of Emporia State University as determined by the PNC or their designees. Although no weighted value is assigned, consideration may focus toward but is not limited to:
 - Cost (suppliers are not to inflate prices in the initial proposal as cost is a factor in determining who may receive an award or be invited to formal negotiations. ESU reserves the right to award to the lowest responsive bid without conducting formal negotiations, if authorized by the PNC.)

 - Supplier's understanding of the project
 - Compliance with the terms and conditions of the RFP

The ESU Purchasing Office reserves the right to accept, amend or deny such requests for maintaining information as proprietary in accordance with Kansas law.

Emporia State University does not guarantee protection of any information which is not submitted as required.

- 16. Exceptions:** By submission of a response, the supplier acknowledges and accepts all terms and conditions of the RFP unless clearly avowed and wholly documented in a separate section of the proposal to be entitled: "Exceptions".
