These directions have equal weight and force with the specifications and strict compliance is required with all of the provisions. Unless otherwise stated in the special instructions of the bid, these general instructions shall apply.
- 2.02 Written Explanations.** Only written information from the procurement manager or an authorized representative of the procurement division is binding; therefore no verbal instructions or verbal information from any other source shall be binding on the City. The City shall not be responsible for any other explanation or interpretation and the decision of the procurement manager or an authorized representative of the procurement division shall be final and binding upon each Bidder.
- 2.03 Disputes with Written Explanations.** The written specifications are considered clear and complete. Failure of the Bidder to call attention in writing to any disputes, definitions, discrepancies, inconsistencies or incompleteness before the opening of the bid in the time and manner set forth herein is a waiver of right to do so upon opening of the bids. Clarifications requested by Bidders must be in writing not less than three (3) days before date and time set for receipt of bids.
- 2.04 Written Addenda.** Should the procurement manager deem it necessary to alter bid specifications, those alterations shall be made in the form of written addenda that shall be posted on the City website, and may be advertised in the South Carolina Business Opportunities (SCBO) online publication and the local newspaper. The Bidder is responsible for monitoring all of these sources and should not rely on a single source for updates. These addenda shall then be considered as part of these specifications. No interpretations of the meaning of the bid specifications shall be made orally.

3.0 REQUIREMENTS FOR WRITTEN DOCUMENTS:

- 3.01 Availability of Documents.** Bid documents may be obtained through the City of Myrtle Beach website (www.cityofmyrtlebeach.com), or in person at the City of Myrtle Beach Procurement Office, 3231 Mr. Joe White Avenue, Myrtle Beach, SC 29577, Monday through Friday (excluding City holidays), from 8:00 AM to 5:00 PM. A responsive bid will contain all required documents and forms that are completed in their entirety. Documents and forms must be unaltered, legible, signed, sealed appropriately, and free from errors without noted corrections. The City reserves the right (at its sole discretion) to determine whether a bid is responsive.

- 3.03 Non-Responsive Bids.** Bids that are incomplete, unsigned, improperly signed or sealed, conditional, illegible, obscure, contain arithmetical errors, corrections without initials, ambiguities, alterations, and/or irregularities of any kind, may be declared non-responsive.
- 3.04 Document Completion.** A bid and signature document is provided as part of the solicitation. This form must be used in submitting a bid and all pages of the bid document must be completely filled out in blue or black ink and signed by the Bidder. No bid shall be accepted unless submitted on the forms furnished herein. The format of the bid documents shall not be altered in any way. Written errors made on the bid documents prior to submission must be corrected by marking through the entry in blue or black ink and making the correct entry adjacent to the written error and initialed by the Bidder in blue or black ink.
- 3.05 Contents of Bid Packet.** The general instructions, scope of work and/or specifications, and the bid and signature document constitute the bid packet. By submitting a bid, the Bidder is deemed to have accepted all of the terms and conditions set forth in the bid packet documents. Alternative bids shall not be considered. All bid packet documents, after completion by the Bidder, must be returned with the bid in the same order as received by the Bidder.
- 3.06 Single Package Requirement.** Unless otherwise stated in the special instructions section of this bid request, submit one complete bid package using the attached form(s), if applicable, for bid pricing.
- 3.07 Bid Submission.** Each bid must be enclosed in a sealed envelope, clearly marked on the outside with the company name/address in the upper left-hand corner and bid number/name and time/date of opening in the lower left-hand corner. This sealed envelope must be delivered to the procurement buyer. If the required information is not clearly stated on the outside of the envelope, the bid is considered nonresponsive. It is the Bidder's responsibility to ensure that the bid is delivered by the official opening date and time. Bids submitted after the date and time set for receipt shall be considered late, regardless of the degree of lateness or the reason related thereto, including causes beyond the control of the Bidder. Late bids shall not be opened and will be returned to the Bidder unopened. The City of Myrtle Beach is not responsible for late or misdirected mail.
- 3.08 Bid Delivery/Opening.** All bids must be sealed, marked and delivered in accordance with these instructions to Procurement Division, City of Myrtle Beach, 3231 Mr. Joe White Avenue, Myrtle Beach, SC 29577. Bids received prior to the advertised hour of opening shall be securely kept sealed. Bids shall be opened and read publicly at the time so specified on the front cover sheet.
- 3.09 Bid Opening/Emergency Conditions.** In the event of a present, immediate, and/or existing danger that threatens the public's health or safety, the City Procurement Office will be closed to the public. Any scheduled public bid openings will be held in the most responsible and legal manner possible, as dictated by the emergency. If City employees

are able to report to work, then Bidders who are interested in attending a public bid opening shall report to the front door of the Bid Opening Location building as listed in the IFB. Anyone who has arrived by the designated bid opening time will be escorted to the proper area for bid opening. If employees are not able to report to work, then the public bid opening will be rescheduled. Every effort will be made to announce the rescheduled date prior to the published bid opening. If emergency conditions persist beyond the published bid opening date, then Bidders will be notified via addendum as soon as possible with a revised bid opening date.

- 3.10 Document Ownership.** All documents, reports, bids, submittals, working papers or other material submitted to the City from the Bidder shall become the sole and exclusive property of the City, in the public domain, and are not the property of the Bidder. The Bidder shall not copyright, or cause to be copyrighted, any portion of any of said documents submitted to the City as a result of this solicitation.

4.0 FULL EXAMINATION:

- 4.01 Thorough Investigation.** Bidders shall make all investigations necessary to thoroughly inform themselves regarding plant and facilities for delivery of material and equipment and/or service to be performed as required by the bid conditions. No plea of ignorance by the Bidder of conditions that exist or that may hereafter exist as a result of failure or omission on the part of the Bidder to make the necessary examination and investigations, or failure to fulfill in every detail the requirements of the contract documents, shall in no way relieve the Bidder from any obligation in respect to the bid.
- 4.02 Pre-Bid Meetings.** When Bidders are required to make site visits or attend mandatory pre-bid meetings, all expenses shall be paid for by the Bidder, unless previous written arrangements are made with the City. Bidder must be physically present at the sign-in location with the Buyer at the start of the scheduled meeting time. The official start of each pre-bid meeting will be determined by the Buyer with an announcement of the time and the final closing for contractors to sign-in. Any contractor arriving after the declared time announcement and closing of sign-in shall not be admitted to the pre-bid meeting, and any bid received shall be considered non-responsive.
- 4.03 Evidence of Examination.** Submission of a bid shall be considered as conclusive evidence of the Bidder's complete examination, understanding and acceptance of the specifications.

5.0 PRICING:

- 5.01 Unit Pricing.** Unit pricing shall govern over extended prices unless otherwise stated in the special instructions in this bid request. All prices quoted should be firm. In those cases where a firm bid cannot be made, consideration shall still be given to all Bidders. Also, maximum or ceiling prices should be quoted where possible when bid contains non-firm prices.

- 5.02 Cash Discounts.** Cash discounts, if allowed, should be so stated on the bid form. Prices must, however, be based upon payment thirty (30) calendar days after delivery.
- 5.03 Changes in Cost.** If during the term of the contract entered into as a result of this bid, the cost of material(s) is/are increased through no act on the part of the contractor other than to comply with any prevailing rise in the market price(s) of material(s) used, it shall be the contractor's responsibility to notify the City of Myrtle Beach Procurement Office in writing of the price increase(s) and the effective date of the increase(s). Price(s) shall be increased only to the point of absorbing additional cost(s) of material(s) paid for by the contractor. At any time during the term of the contract, the City may request that the contractor provide written documentation from the manufacturer/supplier of the material(s) to substantiate price increase(s). If during the term of the contract, the cost of material(s) to the contractor is reduced, then the contractor shall reduce the contract price(s) and notify the procurement buyer in writing.
- 5.04 Price Evaluation.** The City of Myrtle Beach shall evaluate the Bidder's price proposal for completeness, price reasonableness, price realism, and unbalanced pricing. Price reasonableness shall be established by competition and determined primarily by comparison with other bids submitted. Price realism shall be established by analysis of the unit price submitted to determine whether the bid price reflects a clear understanding of the requirements, are realistic for the work to be performed, and are consistent with the methods of performance and materials described in the bid response. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more contract line items is significantly overstated or understated and poses an unacceptable risk to the City. The City may determine that a bid is unacceptable if the proposed price is materially unbalanced between line items.
- 5.05 Mobilization.** For projects requiring mobilization to the work site, bid prices shall include the movement of personnel, equipment, and/or supplies necessary to complete the work specified as a separate line item. This shall include any temporary offices, buildings, or other facilities that may be necessary. The price shall not exceed ten percent (10%) of the overall bid price, or up to the limit as defined in the project specifications, whichever is less.

6.0 TAX INFORMATION:

- 6.01 Sales Tax/Federal Tax.** The City of Myrtle Beach pays South Carolina State Sales Tax. The City is exempt from Federal Excise Tax and shall issue exemption certificates if required. All prices should be quoted without tax applied. Tax will be applied at the time of invoicing according to the current state sales tax rate.
- 6.02 Payment of Taxes.** The contractor agrees to pay all taxes and license fees of whatever nature applicable to conduct business and furnish the City of Myrtle Beach, if requested, with duplicate receipts or other satisfactory evidence showing the prompt payment of all taxes and fees when referred to and showing that all licenses are in effect.

- 7.02 Safety Data Sheet (SDS).** If so requested in the bid documents, a completed SDS for the item(s) indicated must be provided with the bid documents. Failure to submit this form upon request may result in rejection of bid.

- 7.05 Sample Ownership.** Samples submitted shall become the property of the City of Myrtle Beach. The entire cost of the sample(s) shall be paid for by the Bidder unless previous written arrangements are made with the City.
- 7.06 Furnished Items.** Bidders are required to state exactly what they intend to furnish; otherwise, they shall be required to furnish the items as specified.
- 7.07 Quality of Items.** Bidders shall submit, with their bid, data necessary to evaluate and determine the quality of the item(s) they are bidding. Unless otherwise specified, the Bidder shall unconditionally guarantee the items and workmanship being bid. If any defects or signs of deterioration are noted which, in the City's opinion, are due to faulty workmanship or material, the Bidder, upon notification and at the expense of the Bidder, shall replace the items to the complete satisfaction of the City. Upon the Bidder's failure to replace items, the City may return the rejected items to the Bidder at the Bidder's risk and expense, or the City may dispose of them as its own property.

8.0 CHANGES IN SPECIFICATIONS:

- 8.01 Authority of Specifications.** It shall be understood that in all cases the terms and conditions, as detailed in the specifications, shall supersede terms and conditions, as detailed in the general instructions. No verbal agreement or conversation with any officer, agent, or employee of the City shall affect or modify any of the terms and conditions.
- 8.02 Equipment.** If this bid is for the purchase of equipment, the Bidder guarantees that the equipment offered is standard new equipment, latest model or regular stock product, with

8.03 Deviation from Specifications. Any deviation from specifications must be noted in detail and submitted in writing with this bid. Complete specifications should be attached for any substitutions offered, or when amplifications are desirable or necessary. The absence of a specification deviation statement and accompanying specifications shall hold the Bidder strictly accountable to the specifications as written herein.

8.04 Material Preference. The specifications, as listed herein, represent our preference in material; however, we are fully cognizant that no two pieces of comparable material are identical and/or same in size, function, and operation; and some of the specifications will not completely coincide with ours as listed. Please list your exceptions and explanations separately. It is not our intent to write specifications for any project on which only one proponent can submit a bid.

8.05 Changes after Award. Any changes in specifications, after the purchase order/contract has been awarded, must be with the written consent of the procurement division; otherwise, the responsibility for such changes shall be with the Bidder.

8.06 Equivalent Items. For items identified in this bid as "brand name or equal," the Bidder's offer must indicate each product that is being offered as an "equal" product by providing the following information:

- B. A clear identification of the item by brand name and make/model number (if any)
- C. Descriptive literature such as illustrations, drawings, photographs, or a clear reference to previously furnished descriptive data or information that is readily available to the procurement buyer
- D. A clear description of any modifications the Bidder plans to make in a product so that it conforms to the bid requirements

Compliance verification is performed by the City procurement buyer and their requestor(s). The procurement buyer is required to evaluate "equal" products on the basis of information furnished by the Bidder, or identified in the bid. The buyer is not responsible for locating, obtaining, or researching any information that is not provided. A Bidder's product shall not be considered as an "equal" product if there is an inadequate description of how the "equal" product meets the salient characteristics specified in the bid.

9.0 MODIFICATIONS:

The City of Myrtle Beach shall have the right, without invalidating the contract, to make additions to or deductions from the items or work covered by the specifications. Bonds are required if the contract work is valued at \$25,000.00 or more for construction and/or any type of service related requirement. The performance and payment bonds shall be executed by the contractor and a bonding company authorized to do business in the State of South Carolina and approved by the State of South Carolina to issue such performance and payment bonds. Where multiple items appear on a bid request, the Bidder shall, unless otherwise stated by the City, show delivery date for each item separately. If only a single delivery date is shown, it shall be assumed to mean that all items included in the bid can and will be delivered on or before the specified date. The Bidder certifies that the delivery shall be completed in the time the Bidder states, starting at the time the order is placed, provided that the time between the bid opening and the placing of the order does not exceed the number of days stipulated in the bid. The right is reserved to reject any bid on which the delivery time indicated is considered sufficient to delay the operation for which the commodity is intended. Each contractor is responsible for applying for a construction permit and submitting plans, but the permit fee for this City-sponsored project will be waived. Each Contractor shall bear the cost of securing a City business license and all other required licenses, registrations, certifications, and permits, and for the payment of all applicable fees and/or taxes. Acoustical Suspension System

Installation Guide: Suspended Ceiling

Planning the Job
Use each panel, check a convenient grid, cut out one corner panel first. Measure the length of each wall to ceiling level.

Tools and Materials
 • Lip Formers (to attach wire hangers to ceiling joists) - 1/2" x 1/2" x 4 ft. (2)
 • Lip Formers (to attach wire hangers to ceiling joists) - 1/2" x 1/2" x 4 ft. (2)
 • Lip Formers (to attach wire hangers to ceiling joists) - 1/2" x 1/2" x 4 ft. (2)
 • Metal strips to cut tiles with wall angle
 • Cork line
 • Level
 • Pliers
 • Utility knife
 • Safety glasses

Planning

- 1 Draw the room to scale.**
Include any irregular areas like bays, alcoves, columns, beams and stairwells. Indicate direction on the drawing. Mark locations of light fixtures and air diffusers.
- 2 Draw a centerline between the midpoint of two parallel walls.**
If ceiling joists are visible, draw the centerline perpendicular to the joists.
- 3 Locate main tees.**
The centerline represents the main tee that will span the middle of the room. For the additional main tees, mark each 4 ft. interval between the centerline and each parallel wall.
- 4 Locate cross tees.**
Position cross tees perpendicular to the main tees, 2 ft. o.c. For a 2 x 2 ft. grid pattern, position additional cross tees 2 ft. o.c. between and parallel to the main tees.
