Box 5097, Houma, Louisiana 70361, with the envelope plainly marked, "KITCHEN EQUIPMENT BID #121218". The name and complete address, including street, city, and state, of the bidder **shall appear** in the upper left hand corner of the envelope. If the Bid, Quote, or Proposal requires a licensed contractor, the Louisiana Contractor's License number shall appear on the front of the envelope. A copy of same may be included with the Bid, Quote, or Proposal. The referenced information should also be included on any outer envelope used for mailing.

Bidders are cautioned to verify their Bid, Quote, or Proposal before submission. Amendments to a received Bid, Quote, or Proposal submitted prior to the specified time for opening by the Purchasing Agent will not be considered. This applies to all Bids, Quotes, or Proposals sent by mail, delivered in person, submitted electronically, as well as telegraphic, and facsimile Bids,

Quotes, or Proposals. Bids, Quotes, or Proposals received prior to the time and date of the scheduled bid opening will be securely kept unopened. No Bid, Quote, or Proposal received after the scheduled time for opening will be considered. Bidders are cautioned to allow ample time for transmittal of Bids, Quotes, or Proposals by mail or otherwise. Bidders are urged to secure information relative to the probable time of arrival and distribution of mail at the place where bids are to be opened. Failure of the U.S. Mail or any carrier of delivery service to deliver the bids timely shall not be considered due cause for the scheduled time of the bid opening to be extended.

Bids, Quotes, or Proposals may be submitted for all or part of total quantities or for any or all agency requirements listed in the Bid, Quote, or Proposal, **unless otherwise specified** in the Bid, Quote, or Proposal.

If the bidder proposes to furnish any item of a foreign make or product, the word "foreign", together with the name of the originating country must be written opposite of such item on the Bid, Quote, or Proposal. All items not so designated will be considered to be of domestic origin.

Prices must be extended in decimals, not fractions; to be net, and shall have transportation and delivery charges fully prepaid by the contractor to the destination specified in the Bid, Quote, or Proposal, and subject to only cash discounts.

If there is a discrepancy between the unit price and extension, the unit price shall prevail.

All bidders declare that the Bid, Quote, or Proposal is not made in connection with any other bidder submitting a Bid, Quote, or Proposal for the same commodity or commodities, and is in all respects fair, and without collusion or fraud.

All Bids, Quotes, or Proposals will be opened, publicly acknowledged, read aloud, and are subject to public inspection. Bidders may be present or represented at all openings. Abstracts of Bids, Quotes, or Proposals received are not prepared for distribution by the Purchasing Department.

ALTERNATES AND SAMPLES

Alternates and descriptive literature must be submitted by the inquiry and sample deadline specified in the bid documents and will be answered and/or ruled acceptable within ninety-six (96) hours.

If samples are not required, but are later determined to be needed, they shall be delivered within seven (7) days following a written request. Samples must be furnished free of charge and may be accompanied by a descriptive memorandum indicating if the bidder desires a return, provided they have not been used or made useless by tests. Award samples may be held for comparison with deliveries. Samples may be returned upon request at the bidder's risk subject to their expense.

Unless qualified by the provision "No Substitute," the use of a specification, manufacturer, brand, make, or catalog designation in specifying an item does not restrict bidder to that manufacturer, brand, make, or catalog designation identification. This is used simply to indicate the character, quality, and/or performance equivalence for the commodity desired. The commodity on which Bid, Quote, or Proposal is submitted must be of such character, quality, and/or performance equivalence that it will serve the purpose for which it is to be used equally well as that specified. In submitting a Bid, Quote, or Proposal on a commodity other than as specified, the bidder shall furnish complete data and identification with respect to the alternative commodity proposed. Consideration will be given to Bids, Quotes, or Proposals submitted on alternative commodities to the extent that such action is deemed to serve best the interest of the Terrebonne Parish School Board. If the bidder does not indicate that the commodity proposed is an alternative commodity, it will be construed to mean that the bidder proposed to furnish the exact commodity described. The Terrebonne Parish School Board's agent shall be the sole judge as to whether an alternate offered item is equal to the item(s) specified.

The inspection of all commodities and the chemical and physical testing of samples submitted with Bids, Quotes, or Proposals to determine whether or not the samples comply with specifications shall be made in the manner prescribed by the Agent.

Any item which fails, in any way, to meet the terms of the specifications is subject to rejection or to be paid for at an adjusted price basis. The decision of the Agent shall be final.

DEVIATIONS FROM ITEM SPECIFICATION OR GENERAL TERMS AND CONDITIONS

Any and all limitations, expectations, qualifications, special conditions, or deviations from these General Terms and Conditions or any of the item specifications, including the offering of any alternate to the "approved brand and/or model" (where identified) must be clearly noted in detail by the offeror at the time of submission of the bid. The absence of such limitations, exceptions, qualifications, special conditions, or deviations being submitted in writing with the offeror's response will hold the offeror accountable to the Terrebonne Parish School Board to perform in strict accordance with all the General Terms and Conditions and all the item specifications as written, including any such limitations, exceptions, qualifications, special conditions, or deviations with the bid response may place the offeror at a competitive disadvantage or otherwise prevent the Terrebonne Parish School Board from considering the affected item(s).

Any deviation from any of the item specification, including the delivery of any product other than the specific brand of the product awarded, will be grounds for rejection of the product(s) when delivered, and will expose the vendor to the remedies identified in this Standard Terms and Conditions document under contracts and jeopardize future business from the Terrebonne Parish School Board.

TAXES

Terrebonne Parish School Board is not subject to State or Terrebonne Parish Sales Tax. All applicable taxes including ad valorem taxes shall be the responsibility of the bidder and are to be added in to the offer. This responsibility shall be inclusive of, but not limited to, all levies, impost, duties, charges or withholding whatsoever, all applicable sales, use, personal property, franchise (howsoever calculated), and other tax whatsoever (together with any penalties and fines thereon) whether assessed, levied, or imposed by any governmental or taxing authority (whether foreign, federal, state, or local) against or upon the bidder or otherwise, with respect to any item(s) or the purchase, acquisition, ownership, delivery, leasing, possession, use, operation, control, or other disposition thereof, of the rents, receipts, or earnings arising therefrom, with respect to any resultant lease or purchase of this Bid, Quote, or Proposal.

EXCLUSION/ REJECTION OF BIDS

S. Ann. 38:2227.

In awarding bids or contracts, the Terrebonne Parish School Board shall be authorized to reject the lowest bid from a business in which any individual with ownership interest of five percent (5%) or more has been convicted of, pled guilty or nolo contendere to any state felony crime or equivalent federal crime committed in the solicitation or execution of a contract or bid under the state laws governing public contracts; professional, personal, consulting, and social services procurement; or the Louisiana Procurement Code.

Any contract between the Terrebonne Parish School Board and a person or entity entered into as a result, of fraud, bribery, corruption, or other criminal acts, for which a final conviction has been obtained, shall be null and void.

Any person whose conviction causes the nullity of a contract shall be responsible for payment of all costs, attorney fees, and damages incurred in the rebidding of the contract.

AWARD

Bid, Quote, or Proposal Awards will be to the lowest responsible and responsive qualified bidder, with consideration given to the quality of the articles to be supplied, conformity with specifications, suitability to the requirement of the Terrebonne Parish School Board, and the delivery terms.

During this period, Bids, Quotes, or Proposals shall not be withdrawn unless the bidder distinctly states in his/her Bid, Quote, or Proposal that acceptance thereof must be made within a shorter specified time. Should an award, in whole or in part, be delayed beyond the period of sixty (60) calendar days or an earlier date specified by the bidder in the bid/quote/proposal, such award shall be conditioned on an agreement by the successful bidder to extend the Bid, Quote, or Proposal award for one or more thirty (30) calendar day periods.

The bidder, if requested, must be prepared to present evidence of experience, ability, service facilities, and financial standing necessary to meet satisfactorily the requirements set forth or implied in the Bid, Quote, or Proposal.

The quantities listed in the Bid, Quote, or Proposal schedule may be increased or decreased by +/- 10% by the Purchasing Agent to meet new or amended requirements of the Terrebonne Parish School Board between the time the Bid, Quote, or Proposal is issued and the time the award is made, subject to the bidder's acceptance.

Pursuant to R.S. 38:2251; R.S. 38:2252, Preference is hereby given to materials, supplies and provisions, produced, manufactured, or grown in Louisiana, quality being equal to articles offered by competitors outside of the state. This provision shall not be applicable if restricted by Federal Law.

Cash discounts may be offered by bidder for prompt payment of bills, but such cash discounts will not be taken into consideration in determining the low bidder except in the case of tie Bids, Quotes, or Proposals and then, only provided such discount is based on payment of invoice not less than thirty (30) days after satisfactory delivery and/or receipt of invoice, whichever is later.

The Terrebonne Parish School Board reserves the right to reject the Bid, Quote, or Proposal of any bidder in default of any prior contract or guilty of misrepresentation, or of any company having as its sales agent or representative, or member of the firm, any individual in default or guilty of misrepresentation.

Substitutions will not be accepted after item(s) have been awarded as specified, unless such substitutions are deemed to be in the best interest of the Terrebonne Parish School Board, and unless prior agreements have been reached and reduced to writing regarding such substitutions. Substituting without the prior approval of the Terrebonne Parish School Board will constitute a breach of contract by the vendor. Said action will result in initiation of actions covered under contracts of the attached Standard Terms and Conditions.

CERTIFICATE OF INSURANCE

The apparent low bidder shall furnish the certificate of insurance and any other information or documentation no later than ten (10) days after notification by Terrebonne Parish School Board of such. If the apparent low bidder does not submit the proper information or documentation as

required within the ten-day period, such bidder shall be declared non-responsive, and Terrebonne Parish School Board may award the bid to the next lowest bidder, and afford the next lowest bidder ten (10) days from the date the apparent low bidder is declared non-responsive to submit the proper information and documentation as required by the bidding documents, and may continue such process until Terrebonne Parish School Board either determines the low bidder or rejects all bids. Please see the attached Insurance Requirements for Vendors, Service Contractors, or Professional Services for the acceptable minimum coverages.

CONTRACT

Each Bid, Quote, or Proposal will be received with the understanding that the **ACCEPTANCE** in writing by the school board agent of the offer to furnish any or all of the commodities or services described therein shall constitute a contract between the bidder and the Terrebonne Parish School Board, which shall bind the bidder to furnish and deliver the commodities or services at the prices given and in accordance with conditions of said accepted bid/proposal, specifications, standard bid/proposal contract terms and conditions, and the Terrebonne Parish School Board, on its part to order from such contractors, except for causes beyond reasonable control, subject to the availability of appropriate funds, and to pay for at the contract prices, all commodities or services ordered and delivered. The school board reserves the right to order up to ten (10) percent more or less, than the quantity listed in the bid/proposal or as amended in the award. The right of order percentage may exceed the reserved right of the ten percent upon agreement by the bidder.

The above referenced **ACCEPTANCE** is not an order to shop. By acceptance of a Terrebonne Parish School District purchase order or work order, the awarded vendor agrees to defend and hold harmless the Terrebonne Parish School Board from any or all claims made in connection with the completion of the goods and/or services listed on the purchase order. The vendor further agrees to waive any right of recovery for expenses incurred in defending and/or payment of any judgment imposed on the vendor.

Quantities are subject to order against contractors by school agencies not specifically mentioned, or to transfer between agencies subject to adjustment in the transportation cost, providing such transportation cost is based on separately determined delivery cost to individual agencies or as defined by law.

No alterations or variations of the terms of contract shall be valid or binding upon the Terrebonne Parish School Board unless made in writing and signed by their agent.

Contracts will remain in force for the full period specified and until all articles ordered before date of termination shall have been satisfactorily delivered and/or accepted (and thereafter until all terms and conditions have been met), unless:

- Terminated prior to expiration by satisfactory delivery against orders of entire quantities contracted for.
- Extended from written authorization of the agent and accepted by contractor to permit ordering of unordered balances or additional quantities at contracted price and in accordance with contract terms.

Contract quantities will be determined to have been ordered at expiration period according to contract terms. Contractor shall furnish the agent with a statement of all unordered balances at least ten (10) days prior to termination of contract.

It is mutually understood and agreed that the contractor shall not assign, transfer, convey, sublet, or otherwise dispose of his/her contract or his/her right, title, or interest therein, or his/her power to execute such contract to any other person, firm or corporation, without the prior written consent of the agent.

The placing in the mail to the address given by the bidder or delivery of a notice of award to a bidder will constitute notice of acceptance of contract; **validity shall be contingent upon insurance compliance, as per bid specifications**. When so requested by the Agent, the contractor shall execute a formal contract with the Terrebonne Parish School Board for the complete performance specified therein.

The contract may be canceled or annulled by the Agent if the Terrebonne Parish School Board, due to budget constraints, does not appropriate funding for the contract or upon nonperformance of contract terms. Any unfulfilled deliveries against such contract may be purchased from other sources at the contractor's expense.

Failure of a contractor to deliver within the time specified or within reasonable time as interpreted by the agent, or failure to make replacement of rejected commodities when so requested (immediately or as directed by the Agent) will constitute authority for the Agent to purchase rejected on undelivered commodities in the open market. The Agent reserves the right to authorize immediate purchase in the open market against rejections or excess overdue deliveries on any contract when necessary. On all such purchases, the contractor agrees promptly to reimburse the Terrebonne Parish School Board for excess costs associated by such purchases.
