SUMMARY OF WORK

This Project includes the following items:

1. Mobilization

This includes mobilization and demobilization of personnel and equipment. It shall also include insurance, fees, permits, bond costs, coordination with property owners, and temporary facilities not specifically covered under other bid items. This item shall not exceed 10% of the total Bid price.

2. Site Preparation

This includes all temporary site work, grading and temporary utilities necessary to setup and operate the dredging and dewatering operation for the lagoon. Work shall include all temporary grading, set up of spill containment measures, erosion control, and temporary relocation of facilities as necessary to complete the dredging work.

3. Dredge and Haul Sludge to Permitted Disposal Facility – Total Gallons.

This includes all dredging of sludge, removal and any associated hauling and dumping fees. Disposal of all material must be at a properly permitted facility. The dredging shall be completed by agitating the lagoon to get a complete solids removal.

4. Bypass of the Lagoon System

The Farmdale Sanitation District shall construct a bypass of the lagoon system for the duration of the project at no cost to the contractor. This cost shall not be included in the bid price.

5. Site Restoration

This includes restoration of all disturbed soils, fencing, buildings etc. that may have occurred during the project. All temporary equipment removal should be included under the Mobilization section and not included as part of this item.

6. Insurance

The contractor must supply the following insurance with the bid.

1. Worker's compensation and employer's liability insurance as required by the State of Kentucky;
2. Comprehensive automobile and vehicle insurance covering operation of owned, hired, and non-owned motor vehicles in the following amounts:
