SPECIFICATIONS

TECHNICAL SPECIFICATIONS

Intent: The Albuquerque Public School District (herein after referred to as “APS” or the “District”) is seeking proposals for Air Rifle, 10-Meter electronic target Systems to augment the 13 JROTC (All Services (Army Navy, Air Force, and Marine Corps) Unit Course Curriculum. To give our students (Cadets) the advanced technology to allow all of our Air Rifle Competitors the fair and equal opportunity to succeed at the highest level on the Regional, State, and National stage.

1.0 Scope of Work

1.1 Scope: Identify and explain the service/products that is requested.

Vendor will be selected according to components that may include, but are not limited to:

- A. Ability to deliver and install all requested Air Rifle, 10 Meter stand-alone (single axis pole mounted) targets in the selected high schools.
- B. Ability to provide Instructor/Competition Event Staff training on Air Rifle, 10 Meter electronic target system operations.
- C. Ability to provide periodic (annual) service and unscheduled maintenance of Air Rifle, 10 Meter targets when required.

APS prefers the use of Air Rifle, 10-Meter electronic targets that are same, similar, and common to those used at National Championships and other venue around the United States and at the collegiate level, international level of Air Rifle competitions.

1.2 Intent: State the use of the service and the department(s) that will utilize it.

Specific intent is to purchase, install, and use Air Rifle, 10-Meter electronic targets for Air Rifle practice and matches. These targets will enable JROTC Cadets to practice on electronic systems that are equal to those used at High Schools, Colleges, Universities, and at all major Air Rifle matches to include National Championships and Olympic Qualifiers. These Air Rifle, 10-Meter targets and associated control monitors and electronics system will be controlled and used by all 13 JROTCs within Albuquerque Public Schools (APS) under the supervision and control of the Director, JROTC Instruction and Middle School Leadership Program/Operations Department.

2.0 Definitions and Applicable Documents

2.1 Definitions: Define technical and critical terms if necessary.

As evidenced by the growth of technology in America today, virtual electronic scoring is the next generation step for our marksmanship sport. To encourage the participation of youth aged junior category (14-19 years old) in Air Rifle, 10 Meter target shooting programs, technology and time savings are highly important in bringing youth to our electronic Air Rifle, 10 Meter ranges and making their time as productive as possible.

It is our goal to make the greatest use of time spent on the Air Rifle, 10-Meter range in marksmanship activities. Electronic scoring shifts the emphasis of conducting a match or practice from running the range to safely concentrating on shooting skills - sight alignment, trigger control, and developing shot technique. It is a matter of practical and economic consideration.

Time savings, and very importantly - increased safety - are all critical considerations for planners of new Air Rifle, 10-Meter electronic ranges or upgrades of our older facilities throughout APS.

Safety at static target ranges is a huge advantage of electronic targets, particularly during open sessions. Normally the entire range must go to a safe stoppage “Cold,” when a new shooter arrives. Typically, the range goes into “cease-fire” mode while the new shooting lane is prepped and made ready for action. With electronic

targets, a new shooter can walk in, log into the system, set up a firing point and, begin shooting without disturbing the rest of the range/marksman.

2.2 Applicable Documents: List and reference all documents referred to in the scope of work including title, edition or issue number, year of publication and publisher or originating organization. If necessary, state the location of documents.

If such changes affect the cost of, or the time required for performance of this order, an appropriate equitable adjustment shall be made. No change by Seller shall be recognized without written approval of APS. Any claim of Seller for an adjustment under this Paragraph must be made in writing within thirty (30) days from the date of receipt by Seller of notification of such change unless APS waives this condition. Nothing in this Paragraph shall excuse Seller from proceeding with performance of the order as changed hereunder.

LABOR DISPUTES. Seller shall give prompt notice to APS of any actual or potential labor dispute which delays or may delay timely performance of this order.

TERMINATION AND DELAYS. APS May by written notice stating the extent and effective date terminate this order for convenience in completely or in part, at any time. APS shall pay Seller as full compensation for performance until such termination: (1) the unit or pro rata order price for the delivered and accepted portion; and (2) a reasonable amount, not otherwise recoverable from other sources by Seller as approved by APS with respect to the undelivered or unaccepted portion of this order; provided compensation hereunder shall in no event exceed the total order price. Such amount will be limited to the Seller's actual cost and shall not include anticipated profits.

APS may by written notice terminate this order for Sellers default, in whole or in part, at any time, if Seller refuses or fails to comply with the provisions of this order, or so fails to make progress as to endanger performance and does not cure such failure within a reasonable period of time, or fails to make deliveries of the items or services or to perform the services within the time specified or any written extension thereof. In such event, APS may purchase or otherwise secure items or services and, except as otherwise provided herein, Seller shall be liable to APS for any excess costs occasioned APS thereby, including incidental and consequential damages.

If, after notice of termination for default, APS determines that the Seller was not in default or that the failure to perform this order Is due to causes beyond the control and without the fault or negligence of Seller (including, but not restricted to, acts of God or of the public enemy, acts of APS, acts of Government, fires, floods,

epidemics, quarantine restrictions, strikes, freight embargoes, unusually severe weather, and delays of a subcontractor or supplier due to such causes and without the fault or negligence of the subcontractor or supplier), termination shall be deemed for the convenience of APS, unless it shall be determined that the items or services covered by this order were obtainable from other sources in sufficient time to meet the required delivery schedule.

If APS determines that Seller has been delayed in the work due to causes beyond the control and without the fault and negligence of the Seller, APS may extend the time for completion of the work called for by this order, when promptly applied for in writing by the Seller, and if such delay is due to failure of APS, not caused or contributed by Seller, to perform services or deliver property in accordance with the terms of the order, the time and price of the order shall be subject to change under the Changes Paragraph. Sole remedy of Seller in event of delay by failure of APS to perform shall, however, be limited to any money actually and necessarily expended in the work during the period of delay, solely because of delay. No allowance will be made for anticipated profits.

The rights and remedies of APS provided in this Paragraph shall not be exclusive and are in addition to any other rights and remedies provided by law or under this order. As used in this Paragraph, the word "Seller" includes Seller and its sub-suppliers at any tier.

CAMPAIGN CONTRIBUTION DISCLOSURE FORM

Pursuant to the Procurement Code, Sections 13-1-28, et seq., NMSA 1978 and NMSA 1978, § 13-1-191.1 (2006), as amended by Laws of 2007, Chapter 234, any prospective contractor seeking to enter into a contract with any state agency or local public body **for professional services, a design and build project delivery system, or the design and installation of measures the primary purpose of which is to conserve natural resources** must file this form with that state agency or local public body. This form must be filed even if the contract qualifies as a small purchase or a sole source contract. The prospective contractor must disclose whether they, a family member or a representative of the prospective contractor has made a campaign contribution to an applicable public official of the state or a local public body during the two years prior to the date on which the contractor submits a proposal or, in the case of a sole source or small purchase contract, the two years prior to the date the contractor signs the contract, if the aggregate total of contributions given by the prospective contractor, a family member or a representative of the prospective contractor to the public official exceeds two hundred and fifty dollars (\$250) over the two year period.

Furthermore, the state agency or local public body may cancel a solicitation or proposed award for a proposed contract pursuant to Section 13-1-181 NMSA 1978 or a contract that is executed may be ratified or terminated pursuant to Section 13-1-182 NMSA 1978 of the Procurement Code if: 1) a prospective contractor, a family member of the prospective contractor, or a representative of the prospective contractor gives a campaign contribution or other thing of value to an applicable public official or the applicable public official's employees during the pendency of the procurement process or 2) a prospective contractor fails to submit a fully completed disclosure statement pursuant to the law.

The state agency or local public body that procures the services or items of tangible personal property shall indicate on the form the name or names of every applicable public official, if any, for which disclosure is required by a prospective contractor.

“Campaign Contribution” means a gift, subscription, loan, advance or deposit of money or other thing of value, including the estimated value of an in-kind contribution, that is made to or received by an applicable public official or any person authorized to raise, collect or expend contributions on that official's behalf for the purpose of electing the official to statewide or local office. “Campaign Contribution” includes the payment of a debt incurred in an election campaign, but does not include the value of services provided without compensation or unreimbursed travel or other personal expenses of individuals who volunteer a portion or all of their time on behalf of a candidate or political committee, nor does it include the administrative or solicitation expenses of a political committee that are paid by an organization that sponsors the committee.

“Family member” means spouse, father, mother, child, father-in-law, mother-in-law, daughter-in-law or son-in-law of (a) a prospective contractor, if the prospective contractor is a natural person; or (b) an owner of a prospective contractor.

“Prospective contractor” means a person or business that is subject to the competitive sealed proposal process set forth in the Procurement Code or is not required to submit a competitive sealed proposal because that person or business qualifies for a sole source or a small purchase contract.
