**III. Background**

The City of Knoxville’s 311 Center for Service Innovation serves as the customer service portal for citizens to access information about services provided by the City. Opened in May 2005, the center serves as an easy-to-use direct line to Knoxville government and is designed to help the administration ensure that services are being delivered efficiently. The 311 Center is open for calls Monday-Friday, 7:00 am to 5:00 pm (EST), except for holidays.

When citizens call 311, a customer service representative enters the citizen’s service request into the City’s advanced tracking system, managed in Accela, and submits it to the appropriate City department immediately. The system issues a tracking number given to the customers to allow for status updates.

The 311 Center takes approximately 1,000 calls per day for information regarding garbage, recycling and leaf pick-up, street light outages, parking tickets, potholes, road conditions, and other non-emergency issues. The City’s 311 webpage currently allows for citizen submissions of service requests but the City desires to further enhance that by implementing a mobile/smartphone application and a public-facing web portal, allowing easy use to submit requests 24 hours/day, 7 days/week.

# DIVERSITY BUSINESS ENTERPRISE (DBE) PROGRAM

The City of Knoxville strongly encourages prime contractors to employ diverse businesses in the fulfillment of contracts/projects for the City of Knoxville.
