BACKGROUND INFORMATION

Franklin County is seeking bids for a complete Gas heating and cooling systems installed for a 40X120 foot steel building. The building will be 14 foot walls with 5 bay doors on the front, total building cubic feet is approximately 80,000.

SPECIFIC REQUIREMENTS/SCOPE OF WORK

1. This Contractor shall arrange, schedule, and organize as it pertains to this scope of work all equipment start-ups and Owner Training sessions.
2. Construction work shall only be allowed during the following hours: 7AM 4PM (Monday through Friday) Any time outside these hours needs to be pre-approved by the Sheriff and/or a Sheriff appointed staff member to handle this project.
3. This Contractor will compile for the County a 'record set' of all documents and drawings, as it pertains to this scope of work, for the project at substantial completion. This shall be copies of all project changes throughout the course of the project to identify all systems as they were actually installed on the project for the County's records. These must be submitted to the County.
4. HVAC work shall begin within 10 days of award of bid, but no later than required to coordinate with or allow the progress of the Steel Building Construction foreman/manager. All work shall be completed by end of year (December 31, 2022).
5. Include cleanup of all rubbish and debris on a daily basis to an area designated by the Steel building construction foreman/manager.
6. All start-up, labor, tools, equipment, materials and supervision to complete the work.
7. Coordinate all work with the Steel building construction foreman/manager as well as, Sheriff's staff; Lt. Michael Richardson and Maint. Director for FCSO Bill Barnes.
8. Include cold and hot weather protection as required to maintain the project schedule.
9. This Contractor is responsible for sealing all penetrations through walls, ceilings and floors made during the installation of his own work including Fire Stopping I Smoke Sealing assemblies including labeling of assembly.
10. Gas Unit needed, due to 150 amp service panel on a 208 3-phase service. (See attachment 2-drawing)
11. Includes complete functioning temperature control system.
12. Provide and install all necessary supports, hangers, brackets, etc. for seismic bracing.
13. The contractor will furnish and install condensate piping to drain locations.

14. The contractor shall include costs for all testing and balancing.
15. The contractor to provide adequate equipment for the size of the building to maintain constant temps.
16. It is the County expectation that the Contractor will hold appropriate licenses/certifications for trade.
17. The Contractor to provide a timeline from awarding of the bid to completion of the installation. County understands that the progress of the Steel Building affects this timeline.
18. Pre-bid meeting, site visit to the location of the proposed building is not mandatory, but recommended. See dates above.
19. See Insurance requirements.
20. Alternate pricing for different brands, models, etc. may be submitted within responses to this RFB.

ADDITIONAL SERVICES

Expectation of the County is that all components integral to the installation are fully functioning and operational upon arrival to the site. Contractor to provide an unconditional guarantee against defect of all workmanship, all equipment, and material for a period of one year from date of acceptance by the County.

INSURANCE REQUIREMENTS

1. The Contractor shall furnish County with a certificate of insurance indicating proof of the following insurance from company's license in the State of Missouri:
