Questions and Answers

1. What is the "Lagoon" that is made from Koda XT? I do not see any shape or dimensions for it. Is there color art for the signs?
See attached conceptual rendering to add explanation. The lagoon is the Intercostal Waterway that runs the length of the County. We will work with the awarded contractor to profile a CAD file or map to best scale the shape of representation. To scale size should be approximately 5" wide by the height of the sign.
2. What is the color for the Reflectionight powder?
Black.

COUNTY WELCOME SIGN DESIGN ALTERNATIVES

DESIGN OPTION 2: ASHAR STONE FINISH
