## 1. PURPOSE

Invitation for Bids Prepared By:

**Hollie R. Casey**  
**Procurement Technician**

**Release date: August 27, 2020**

**Deadline: September 15, 2020 @ 2 p.m. EST**

Invitation for Bids Number:

**IFB-20-082720**

## **PURPOSE**

<p>The purpose of this Invitation for Bids is to solicit bids for replacement of the concrete apron at McKenney Volunteer Fire Department.</p>
--

If you are an individual with a disability and require a reasonable accommodation, please notify Hollie R. Casey at **(804) 469-4500 ext. 2150**, at least three working days prior to the date due.

**Bids, to include addenda or changes to a response, shall not be accepted via Fax machine or by E-mail, orally, or by telephone.**

Nothing herein is intended to exclude any qualified responsible vendor, his/her product or service, or in any way restrain, or restrict competition. On the contrary, all responsible qualified vendors are encouraged to submit proposals.

## 2. BACKGROUND

Dinwiddie County is a rural jurisdiction of 504 square miles with a population of approximately 29,000 located in south central Virginia.

## 3. SCOPE OF WORK

The successful Bidder, hereinafter the “Contractor”, shall furnish all labor, supervision, equipment, tools, materials and incidentals necessary to complete the project, in accordance with the specifications, for the County of Dinwiddie, Virginia (hereinafter referred to as the “County”).

1. Project Location: McKenney Volunteer Fire Department, 10507 Doyle Blvd, McKenney, Virginia 23872.
2. The project consists of demolition and replacement of the existing street-side concrete apron to include portions of the adjacent sidewalk to be removed and replaced, repair of sinkholes at an adjacent catch basin and associated erosion and sediment control.
3. Project shall be completed per DJG Inc.’s drawing and specifications dated July 6, 2020, attached as Attachment B and C.
4. As an alternate bid item, the County is requesting a bid on demolition and replacement of the sidewalk that starts at the front door and wraps around the building. Sidewalk shall be completed per the Sidewalk Pavement Section on the drawings. Contractor shall remove and

---

replace base material. The sidewalk measures approximately 200 feet long. During the pre-bid, Bidders shall take measurements to confirm accurate measurements for bidding.

5. Contractor shall provide a portable toilet. Power and water is available for use on site.
6. Contractor shall work with the County's third-party inspector, Koontz Bryant Johnson Williams PC, for all testing and inspections throughout construction.
7. Contractor shall work with the Virginia Department of Transportation for required inspections.
8. Contractors shall comply with the Virginia Department of Labor and Industry's 16 VAC 25-220, Emergency Temporary Standard Infectious Disease Prevention: SARS-CoC-2 Virus That Causes COVID-19 (the DOLI COVID-19 Rules) at all times during bidding and construction.
9. The Fire Station will continue to operate during construction. With exception of the front apron, the Contractor shall not block the egress of emergency vehicles during construction.
10. The project will require the following:
  - Contractor's Project Supervisor must be onsite at all times and must be able to speak and understand English.
  - Dinwiddie Business License, to be obtained within ten (10) days of being awarded a contract.
  - A VDOT Land Use Permit and Surety, see Attachment A.

#### **4. PRE-BID CONFERENCE**

An optional pre-bid conference will be held **Thursday, September 3, 2020 at 9 a.m.** at the McKenney Volunteer Fire Department, 10507 Doyle Boulevard, McKenney, Virginia 23872. The purpose of this conference is to allow potential bidders an opportunity to present questions and obtain clarification relative to any facet of this solicitation and ensure bidders have a clear understanding of the specifications/scope of work and requirements of this solicitation. Non-attendance shall not preclude any individual or firm from submitting a bid for this project.

Bring a copy of the solicitation with you. Copies of the solicitation including specifications will not be available at this meeting. Any changes resulting from this conference will be issued in a written addendum to the solicitation.

It is recommended that participants wear face mask and follow social distance rules during the pre-bid conference.

#### **5. BID PREPARATION AND SUBMISSION INSTRUCTIONS**

##### **5.1. General Instructions**

- A. Bid submissions must include the following:
  - Section 12 of this IFB
  - Signed Addenda, if applicable.

Failure by Bidder to provide the above information with their bids shall render the bid non-responsive.

- B. Bids shall be marked and submitted in a sealed envelope properly identified as directed in the Section 6.2 "Identification of Bid Envelope".
- C. Bid shall be signed by an authorized representative of the bidder. Bids must give the full business address of the Bidder and be signed by him/her with his/her usual signature. Bids

---

by partnerships must furnish the full name of all partners and must be signed in the partnership name by one of the members of the partnership or any authorized representative, followed by the designation of the person signing. Bids by corporations must be signed with the legal name of the corporation followed by the name of the State in which it is incorporated and by the signature and designation of the president, vice president, secretary, or other person authorized to bind it in the matter. The name of each person signing shall also be typed or printed below the signature. A bid by a person who affixes to the signature the word "President", "Vice President", "Secretary", "Agent" or other designation without disclosing the principal, may be held to be the bid of the individual signing. When requested by the County, satisfactory evidence of the authority of the officer signing on behalf of the corporation shall be furnished.

- D. As used in this IFB, the terms "must", "shall", "should" and "may" identify the criticality of requirements. "Must" and "shall" identify requirements whose absence will have a major negative impact on the suitability of the proposed solution. Items labeled as "should" or "may" are highly desirable, although their absence will not have a large impact and would be useful, but are not necessary. The inability of a Bidder to satisfy a "must" or "shall" requirement automatically removes that Bidder from consideration.
- E. All bids must be received at the proper location listed in this IFB and by the deadline time (Local Time Prevailing). Any bids received after the announced time and date for submittal, whether by mail or otherwise, will be rejected. The time of receipt shall be determined solely by the County of Dinwiddie.

The County is not responsible for any delay in delivery by USPS, UPS, FedEx or other delivery services. It is the responsibility of the bidder to see that proposals are received on time and in the proper location.

## **6. ACCEPTANCE OF BIDS / AWARD OF CONTRACT**

### **6.1. Qualifications of Bidders**

The Bidder shall have the following qualifications in order to be considered:

- A minimum Class B Contractors License through DPOR with classification in Highway/Heavy
- Have satisfactory work experience of similar size and complexity or larger in the past two years.

During the bid evaluation process, the County may make such reasonable investigations as deemed proper and necessary to determine the ability of the Bidder(s) to perform the services/furnish the goods and the Bidder(s) shall furnish to the County all such information and data for this purpose as may be requested. The County reserves the right to inspect Bidder's physical facilities prior to award to satisfy questions regarding the Bidder's capabilities. The County further reserves the right to reject any bid if the evidence submitted by, or investigations of, such Bidder fails to satisfy the County that such Bidder is properly qualified to carry out the obligations of the contract and to provide the services and/or furnish the goods contemplated therein.

6.2. Identification of Bid Envelope

The complete and signed bid must be returned in an envelope or package, sealed and identified as follows:

- Name and Address of Bidder
- Due Date - September 15, 2020 @ 2 p.m.
- IFB Number – IFB-20-082720
- IFB Title – MVFD Apron Replacement

The envelope should be addressed to:

Attn: Hollie R. Casey  
County of Dinwiddie  
14010 Boydton Plank Road  
P.O. Drawer 70  
Dinwiddie, VA 23841.

If a bid is not marked with the above information, the Bidder takes the risk that the envelope may be inadvertently opened and the information compromised which may cause the proposal to be disqualified. Bids may be hand delivered to the designated location in the office issuing the solicitation.

All erasures, insertions, additions, and other changes made by the Bidder to the Bid Form shall be signed or initialed by the Bidder. Bids containing any conditions, omissions, erasures, alterations, or items not called for in the bid, may be rejected by the County as being incomplete or non-responsive.

6.3. Clarification of Terms

If any prospective bidder has questions about the specifications or other solicitation documents, the prospective bidder should contact the procurement agent whose name appears on the face of the solicitation **by e-mail no later than five working days before the due date**. Questions will also be accepted online via Vendor Registry, the County's new e-Procurement system. Any revisions to the solicitation will be made only by written addendum issued which shall be posted on the County's website at <http://www.dinwiddieva.us>, on the Purchasing page.

6.4. Bid Acceptance Period

Any bid in response to this solicitation shall be valid for sixty (60) days. At the end of the sixty (60) days the bid may be withdrawn at the written request of the Bidder. If the bid is not withdrawn at that time it remains in effect until an award is made or the solicitation is canceled.

6.5. Bid Prices

Bids shall be in the form of a lump sum base bid. Bidder shall incorporate all overhead into their prices. This includes, but is not limited to, the following: all materials, equipment, labor, delivery, profit, administrative costs, insurance, permits, licensure, vehicle mileage, union pension funds, workmen's compensation, unemployment insurance, social security, etc. **NO ADDITIONAL COST WILL BE ALLOWED.**

---

6.6. Withdrawal or Modification of Bids

Bids may be withdrawn or modified by written notice received from Offerors prior to the deadline fixed for proposal receipt. The withdrawal or modification may be made by the person signing the proposal or by an individual(s) who is authorized by him/her on the face of the proposal. Written modifications may be made on a separate document. Written modifications must be signed by the person making the modification or withdrawal.

**NO BID SHALL BE ALTERED OR AMENDED AFTER THE SPECIFIED TIME FOR OPENING.**

After the deadline fixed for bid receipt, a Bidder for a public contract may request withdrawal of his bid from consideration if the price bid was substantially lower than the other bids due solely to a mistake therein, provided the bid was submitted in good faith, and the mistake was a clerical mistake as opposed to a judgment mistake, and was actually due to an unintentional arithmetic error or unintentional omission of a quantity of work, labor, or material made directly in the compilation of the bid and which unintentional arithmetic error or unintentional omission can be clearly shown by objective evidence drawn from inspection of original work papers, documents and materials used in the preparation of the bid sought to be withdrawn. A Bidder shall give notice in writing of his claim of right to withdraw his bid within two business days after the conclusion of the bid opening procedure and shall submit original work papers with such notice. If a bid contains both clerical and judgment mistakes, a Bidder may request withdrawal of his bid from consideration if the price of the bid would have been substantially lower than the other bids due solely to the clerical mistake, that was an unintentional arithmetic error or an unintentional omission of a quantity of work, labor or material made directly in the compilation of a bid and which shall be clearly shown by objective evidence drawn from inspection of original work papers, documents and materials used in the preparation of the bid sought to be withdrawn. In order for work papers, documents and materials submitted with the notice of withdrawal to be deemed trade secret or proprietary information pursuant to Code of Virginia, subdivision F of Section 2.2-4342, a Bidder must expressly invoke the aforementioned statute in the notice of withdrawal and specifically state the reasons why protection under 2.2-4342-F is necessary.

6.7. Receipt and Opening of Bids

- 6.7.1. It is the responsibility of the Bidder to assure that his/her proposal is delivered to the place designated for receipt of bids and prior to the time set for receipt of bids. Bids received after the time designated for receipt of bids will not be considered or opened.
- 6.7.2. Bids will be opened at the time and place stated in the advertisement, and their contents made public for the information of Bidders and others interested who may be present either in person or by representative. The officer or agent of the County, whose duty it is to open them, will decide when the specified time has arrived. No responsibility will be attached to any officer or agent for the premature opening of a bid not properly addressed and identified.
- 6.7.3. The provisions of § 2.2-4342 of the Code of Virginia, as amended, shall be applicable to the inspection of bids received.
- 6.7.4. In the event that the County of Dinwiddie offices are closed due to inclement weather and/or emergency situations prior to or at the time set aside for the published bid

---

openings, the bid opening date will default to the next open business day at the same time.

6.8. Award of Contract

Award will be made to the lowest responsive, responsible qualified bidder as provided in Section 12 based on the Total Base Bid plus any alternate bid items, in the order presented, as allowed by the project budget. The County solely reserves the right to reject any and all bids in whole or in part, to waive any informality, and to delete items prior to making an award.

6.9. Negotiation with the Lowest Bidder

Unless all bids are cancelled or rejected, the County reserves the right granted by § 2.2-4318 of the *Code of Virginia* to negotiate with the lowest responsive, responsible qualified Bidder to obtain a contract price within the funds available to the County whenever such low bid exceeds the County's available funds. For the purpose of determining when such negotiations may take place, the term "available funds" shall mean those funds which were budgeted by the County for this contract prior to the issuance of the written Invitation for Bids. Negotiations with the low qualified Bidder may include both modifications of the bid price and the Scope of Work/ Specifications to be performed. The County shall initiate such negotiations by written notice to the lowest responsive, responsible qualified Bidder that its bid exceeds the available funds and that the County wishes to negotiate a lower contract price. The times, places, and manner of negotiating shall be agreed to by the County and the lowest responsive, responsible qualified Bidder.

6.10. Announcement of Award

Following the decision to award a contract, the County will issue a written Notice of Intent to Award a Contract(s) or Notice of Award of a Contract(s) and post such announcement on the County's website at <http://www.dinwiddieva.us>, Purchasing page. Subject to the provisions of *Code of Virginia Section 2.2-4360*, any bidder who desires to protest the intent to award a contract(s) or award of a contract(s) shall submit such protest in writing to the attention of Hollie R. Casey, 14010 Boydton Plank Rd, P O Drawer 70, Dinwiddie VA 23841 ([hc Casey@dinwiddieva.us](mailto:hc Casey@dinwiddieva.us)) no later than ten (10) days after the announcement of the intent to award a contract(s) or award of a contract(s) (if no notice of intent to award was provided). Such protest shall be clearly identified as a protest and shall include the basis for the protest and the relief sought.

6.11. Contract Documents

The contract entered into by the parties shall consist of the Invitation for Bids, the bid submitted by the Contractor; General Terms and Conditions, the Special Terms and Conditions; the specifications and drawings; and all modifications and addenda to the foregoing documents, all of which shall be referred to collectively as the Contract Documents.

All time limits stated in the Contract Documents, including but not limited to the time for completion of the work, are of the essence of the contract.

Anything called for by one of the Contract Documents and not called for by the others shall be of like effect as if required or called for by all, except that a provision clearly designed to negate or alter a provision contained in one or more of the other Contract Documents shall have the intended effect.

6.12. Contractor Financial Stability

At any time if a Contractor fails to provide good any payment to the County or any State agencies for permits or other necessary requirements related to work described in this Invitation for Bids, the Contract shall be immediately cancelled.

6.13. Work Authorization

No work shall be performed under this contract until the Contractor has been issued a written Notice to Proceed and has been contacted by the Project Manager or such person or persons as authorized by the County. A list of authorized personnel will be provided to the successful Contractor. Any and all work performed without such approval shall be considered to be unauthorized work, will not be compensated for, and may be considered grounds for cancellation of contract.

6.14. Time of Performance

Contractor agrees to begin construction within ten (10) calendar days of receipt of County's Written Notice to Proceed, with substantial completion no later than October 31, 2020, and final completion of the project within thirty (30) days from substantial completion. The Contractor will not be penalized for delays in the project that are caused by the County or the A/E.

**7. REPORTING AND DELIVERY INSTRUCTIONS**

7.1. As-Built Drawings

The contractor shall provide the county a clean set of reproducible "as built" drawings and wiring diagrams, marked to record all changes made during installation or construction. The contractor shall also provide the county with maintenance manuals, parks lists and a copy of all warranties for all equipment. All "as built" drawings and wiring diagrams, maintenance manuals, parts lists and warranties shall be delivered to the county upon completion of the work and prior to final payment.

**8. INVOICES & PAYMENTS**

8.1. Invoices

Invoices will only be accepted once the services rendered are 100%.

All invoices are to be sent to: Accounts Payable, County of Dinwiddie, P.O. Drawer 70, Dinwiddie, Virginia 23841 or emailed to [accounting@dinwiddieva.us](mailto:accounting@dinwiddieva.us).

8.2. Extra Charges Not Allowed

The prices shall be for completion of requested services, ready for the County's and the public's use, and shall include all applicable labor, supervision, equipment, installation tools, materials, permits, inspection fees, freight, shipping, handling, travel, mileage, insurance, bonds, taxes, expenses, overhead, profit, discount and all else necessary as specified herein; extra charges will not be allowed unless specifically approved in writing by County.

---

8.3. Payment

Payment will be made within thirty (30) days after receipt of accurate invoice detailing the services performed during the previous month. The County may withhold 5% of each payment in reserve to be paid upon Substantial Completion.

No payment will be made by County to subcontractors, if any. The Contractor shall be fully responsible for payments to subcontractors, if any, and for all invoicing to the County.

8.3.1. To Prime Contractor(s)

- a. Contractor shall provide the County with a complete and accurate IRS Form W-9.
- b. Invoices for items ordered, delivered and accepted shall be submitted by the Contractor directly to the Accounts Payable address shown on the purchase order/contract. All invoices shall show the County contract number and/or purchase order number and shall include all documentation, if applicable, as required in Section 8.1.
- c. Unless otherwise specified, any payment terms requiring payment in less than 30 days will be regarded as requiring payment 30 days after correct invoice or delivery, whichever occurs last. This shall not affect offers of discounts for payment in less than 30 days, however.
- d. The following shall be deemed to be the date of payment: the date of postmark in all cases where payment is made by mail, or the date of offset when offset proceedings have been instituted as authorized under the Virginia Debt Collection Act.
- e. Unreasonable Charges. Under certain emergency procurements and for most time and material purchases, final job costs cannot be accurately determined at the time orders are placed. In such cases, Contractors should be put on notice that final payment in full is contingent on a determination of reasonableness with respect to all invoiced charges. Charges which appear to be unreasonable will be researched and challenged, and that portion of the invoice held in abeyance until a settlement can be reached. Upon determining that invoiced charges are not reasonable, the County shall promptly notify the Contractor, in writing, as to those charges which it considers unreasonable and the basis for the determination. A Contractor may not institute legal action unless a settlement cannot be reached within thirty (30) days of notification. The provisions of this section do not relieve an agency of its prompt payment obligations with respect to those charges which are not in dispute (*Code of Virginia*, § 2.2-4363).

8.3.2. To Subcontractors

- a. Any Contractor awarded a contract under this solicitation is hereby obligated:
  - (1) To pay the subcontractor(s) within seven (7) days of the Contractor's receipt of payment from the County for the proportionate share of the payment received for work performed by the subcontractor(s) under the contract; or

---

(2) To notify the County and the subcontractor(s) within seven days, in writing, of the Contractor's intention to withhold all or a part of the subcontractor's payment with the reason for nonpayment.

- b. The Contractor is obligated to pay the subcontractor(s) interest at the rate of one percent per month (unless otherwise provided under the terms of the contract) on all amounts owed by the Contractor that remain unpaid seven (7) days following receipt of payment from the County, except for amounts withheld as stated in (2) above. The date of mailing of any payment by U. S. Mail is deemed to be payment to the addressee. These provisions apply to each sub-tier Contractor performing under the primary contract. A Contractor's obligation to pay an interest charge to a subcontractor may not be construed to be an obligation of the County.

#### 8.4. Availability of Funds

It is understood and agreed between the parties herein that the County shall be bound hereunder only to the extent of the funds available, or which may hereafter become available for the purpose of this agreement, and the agreement will be contingent upon annual appropriations by the Board of Supervisors of Dinwiddie County. Failure of the Board of Supervisors to appropriate adequate funds for the terms of this Contract shall result in the immediate cancellation of this Contract. There shall be no penalty should the Board fail to make annual appropriations for this contract.

### 9. GENERAL TERMS AND CONDITIONS

#### 9.1. Definitions

Whenever used in this solicitation or in the Contract Documents, the following terms have the meanings indicated, which are applicable to both the singular and plural and the male and female gender thereof:

9.1.1. **Offeror/Bidder:** One who submits a response to this solicitation

9.1.2. **County:** The term "County" shall mean the County which is the County of Dinwiddie, Virginia through the governing body, the Board, or other agent with authority to execute the contract for the County. The County's agent is the official with the authority to sign the contract on behalf of the County.

9.1.3. **Contractor:** The person, firm or corporation with whom the County has entered into a contractual agreement and includes the plural number and the feminine gender when such are named in the contract as the Contractor.

9.1.4. **Defective:** An adjective which refers to work that is unsatisfactory, faulty, or deficient, or does not conform to the Contract Documents, or does not meet the requirements of any inspections, standard, test, or approval referred to in the Contract Documents, or has been damaged prior to final payment.

9.1.5. **Notice:** All written notices, demands, instructions, claims, approvals, and disapprovals required to obtain compliance with the contract requirements. Any written notice by either party to the contract shall be sufficiently given if delivered to or at the last known

---

business address of the person, firm or corporation constituting the party to the contract, or to his, their or its authorized agent, representative or officer, or when enclosed in a postage prepaid envelope addressed to such last known business address and deposited in a United States mailbox.

9.1.6. **Provide:** Shall mean furnish and install ready for its intended use.

9.1.7. **Subcontractor:** An individual, partnership or corporation having a direct contract with the Contractor or with any other subcontractor for the performance of the work. It includes one who provides on-site labor but does not include one who only furnishes or supplies materials for the project.

9.2. Precedence of Terms

The General Terms and Conditions shall apply in all instances. In the event there is a conflict between any of the General Terms and Conditions, Special Terms and Conditions, and any Additional Terms and Conditions in this solicitation, the Special Terms and Conditions shall apply.

9.3. Laws, Regulations, and Courts

9.3.1. This procurement is governed by the Virginia Public Procurement Act and the Dinwiddie County Purchasing Policies and Procedures.

9.3.2. The Contractor shall comply with all federal, state and local laws, ordinances, rules, regulations, and lawful orders of any public authority bearing on the performance of the work and shall give all notices required thereby.

9.3.3. This solicitation and any resulting contract(s) shall be governed in all respects by the laws of the Commonwealth of Virginia and any litigation with respect thereto shall be brought in the courts of the County of Dinwiddie, Virginia. The County and the Contractor are encouraged to resolve any issues in controversy arising from the award of the contract or any contractual dispute using Alternative Dispute Resolution (ADR) procedures (Code of Virginia, § 2.2-4366). The Contractor shall comply with all applicable federal, state and local laws, rules and regulations.

9.4. Anti-Discrimination

A Bidder or Offeror shall not be discriminated against in the solicitation or award of this contract because of race, religion, color, sex, national origin, age, disability, faith-based organizational status, any other basis prohibited by state law relating to discrimination in employment.

The County does not discriminate against faith-based organizations. If the award is made to a faith-based organization, the organization shall not discriminate against any recipient of goods, services, or disbursements made pursuant to the contract on the basis of the recipient's religion, religious belief, refusal to participate in a religious practice, or on the basis of race, age, color, gender or national origin and shall be subject to the same rules as other organizations that contract with public bodies to account for the use of the funds provided; however, if the faith-based organization segregates public funds into separate accounts, only the accounts and programs funded with public funds shall be subject to audit by the public body. (*Code of Virginia*, § 2.2-4343.1E).

By submitting their proposal, offerors certify to the County that they will conform to the provisions of the Federal Civil Rights Act of 1964, as amended, as well as the Virginia Fair Employment Contracting Act of 1975, as amended, where applicable, the Virginians With Disabilities Act, the Americans With Disabilities Act and § 2.2-4311 of the *Virginia Public Procurement Act (VPPA)*.

In every contract over \$10,000 the provisions in 1. and 2. below apply:

1. During the performance of the contract, the Contractor agrees as follows:
  - a. The Contractor will not discriminate against any employee or applicant for employment because of race, religion, color, sex, national origin, age, disability, status as a service disabled veteran, or any other basis prohibited by state law relating to discrimination in employment, except where there is a bona fide occupational qualification reasonably necessary to the normal operation of the Contractor. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.
  - b. The Contractor, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, will state that such Contractor is an equal opportunity employer.
  - c. Notices, advertisements and solicitations placed in accordance with federal law, rule or regulation shall be deemed sufficient for the purpose of meeting these requirements.
2. The Contractor will include the provisions of 1. above in every subcontract or purchase order over \$10,000, so that the provisions will be binding upon each subcontractor or vendor.

9.5. Ethics in Public Contracting

By submitting their bid or proposal, Bidders or Offerors certify that their bid or proposal is made without collusion or fraud and that they have not offered or received any kickbacks or inducements from any other Bidders or Offerors, supplier, manufacturer or subcontractor in connection with their proposal, and that they have not conferred on any public employee having official responsibility for this procurement transaction any payment, loan, subscription, advance, deposit of money, services or anything of more than nominal value, present or promised, unless consideration of substantially equal or greater value was exchanged.

The Bidder or Offeror shall identify any actual or potential conflicts of interest that exist, or which may arise if the Bidder or Offeror is recommended for award, and propose how such conflicts might be resolved.

By his/her signature on the proposal documents submitted, each Bidder or Offeror attests that his/her agents and/or employees, to the best of his/her knowledge and belief, have not in any way colluded with anyone for and on behalf of the Bidder or Offeror, or themselves, to obtain

---

information that would give the Bidder or Offeror an unfair advantage over others, nor has he/she colluded with anyone for and on behalf of the Bidder or Offeror, or itself, to gain any favoritism in the award of this solicitation.

9.6. Drug-Free Workplace

During the performance of this contract, the Contractor agrees to (i) provide a drug-free workplace for the Contractor's employees; (ii) post in conspicuous places, available to employees and applicants for employment, a statement notifying employees that the unlawful manufacture, sale, distribution, dispensation, possession, or use of a controlled substance or marijuana is prohibited in the Contractor's workplace and specifying the actions that will be taken against employees for violations of such prohibition; (iii) state in all solicitations or advertisements for employees placed by or on behalf of the Contractor that the Contractor maintains a drug-free workplace; and (iv) include the provisions of the foregoing clauses in every subcontract or purchase order of over \$10,000, so that the provisions will be binding upon each subcontractor or vendor.

For the purposes of this section, “*drug-free workplace*” means a site for the performance of work done in connection with a specific contract awarded to a Contractor, the employees of whom are prohibited from engaging in the unlawful manufacture, sale, distribution, dispensation, possession or use of any controlled substance or marijuana during the performance of the contract.

9.7. Immigration Reform and Control Act of 1986

By submitting their proposals, Contractors certify that they do not and will not during the performance of this contract knowingly employ unauthorized workers as defined in or otherwise violate the provisions of the federal Immigration Reform and Control Act of 1986.

9.8. Debarment Status

By submitting its proposal, the Contractor certifies that it is not currently debarred from submitting proposals or bids on contracts by any department, agency or political subdivision of (i) the Commonwealth of Virginia, (ii) any other state, or (iii) the federal government, nor is it an agent of any person or entity that is currently debarred from submitting bids or proposals on contracts by the same.

9.9. Antitrust

By entering into a contract, the Contractor conveys, sells, assigns, and transfers to the County all rights, title and interest in and to all causes of action it may now have or hereafter acquire under the antitrust laws of the United States and the County, relating to the particular goods or services purchased or acquired by the County under said contract.

9.10. Authorization to Transact Business in the Commonwealth

In order to contract with Dinwiddie County, contractors organized as a stock or nonstock corporation, limited liability company, business trust, or limited partnership or registered as a registered limited liability partnership shall be authorized to transact business in the Commonwealth as a domestic or foreign business entity if so required by Title 13.1 or Title 50 or as otherwise required by law. Pursuant to competitive sealed bidding or competitive negotiation, a Bidder or Offeror organized or authorized to transact business in the Commonwealth pursuant to Title 13.1 or Title 50 shall include in its bid or proposal the identification number issued to it

---

by the State Corporation Commission. Any Bidder or Offeror that is not required to be authorized to transact business in the Commonwealth as a foreign business entity under Title 13.1 or Title 50 or as otherwise required by law shall include in its bid or proposal a statement describing why the Bidder or Offeror is not required to be so authorized. Any Bidder or Offeror that fails to provide the required information shall not be awarded a contract unless a waiver of this requirement is granted by the County Administrator. Any business entity as described above that enters into a contract with a public body pursuant to chapter 2.2-4311.2 of the Code of Virginia shall not allow its existence to lapse or its certificate of authority or registration to transact business in the Commonwealth to be revoked or cancelled at anytime during the contract. Dinwiddie County may void any contract with a business entity if that entity fails to remain in compliance with the provisions of this section.

9.11. Contractor Advertising

In the event a contract is awarded for supplies, equipment, or services resulting from this Request for Proposals, no indication of such sales or services to the County will be used in product literature or advertising. The Contractor shall not state in any of its advertising or product literature that the County of Dinwiddie or any agency or institution of the County has purchased or uses its products or services, without written consent of the County.

9.12. Default

It shall be the Contractor's responsibility to make sure that all work is adequately completed as required. In case of failure to deliver goods or services in accordance with the contract terms and conditions, the County, after five (5) days have passed from the date of delivery of written notice, may procure them from other sources and hold the Contractor responsible for any resulting additional purchase and administrative costs. This remedy shall be in addition to any other remedies which the County may have.

9.13. Claims

Disputes and claims arising under this agreement shall be processed pursuant to Virginia Code Section 2.2-4363(C).

9.14. Indemnification

Contractor agrees to indemnify, defend and hold harmless the County of Dinwiddie, Virginia and their officers, agents, and employees from any claims, damages and actions of any kind or nature, whether at law or in equity, arising from or caused by the use of any materials, goods, or equipment of any kind or nature furnished by the Contractor or any services of any kind or nature furnished by the Contractor, provided that such liability is not attributable to the sole negligence of the County or to failure of the County to use the materials, goods, infrastructure or equipment in the manner already and permanently described by the Contractor on the materials, goods, infrastructure or equipment delivered.

9.15. Audit

The Contractor shall retain all books, records, and other documents relative to this contract for five (5) years after final payment from the County, or until audited by the County, whichever is sooner. Such records shall include but not be limited to all paid vouchers including those for out-of-pocket expenses; other reimbursement supported by invoices, including successful bidder's copies of periodic estimates for partial payment; ledgers, cancelled checks; deposit slips; bank statements; journals; contract amendments and change orders; insurance documents;

---

payroll documents; timesheets; memoranda; and correspondence. Such records shall be available to the County on demand and without advance notice during the Contractor's working hours. The agency, its authorized agents, and/or state auditors shall have full access to and the right to examine any of said materials during said period.

County personnel may perform in-progress and post-audits of the Contractor's records as a result of a contract awarded pursuant to this Request for Proposals.

9.16. Taxes

Sales to the County are normally exempt from State sales tax. State sales and use tax certificates of exemption, Form ST-12, will be issued upon request. Deliveries against this contract shall usually be free of Federal excise and transportation taxes. Sales tax, however, is paid by the County of Dinwiddie on materials and supplies that are installed by a Vendor and become a part of real property. Vendors are not exempt from paying taxes on these categories, as they are considered to be a cost of doing business and should be considered in pricing when preparing a proposal. The Contractor shall, without additional expense to the County, pay all applicable federal, state, and local taxes, fees, and assessments.

9.17. Patents

The Contractor shall obtain all licenses necessary to use any invention, article, appliance, process, or technique of whatever kind and shall pay all royalties and license fees. The Contractor shall indemnify, defend, hold and save harmless the County, its officers, agents, and employees, from any loss or liability for or on account of the infringement of any patent or intellectual property rights in connection with any invention, process, technique, article or appliance manufactured or used in the performance of the contract, including its use by the County, unless such invention, process, technique, article, or appliance is specifically named in the specifications or drawings as acceptable for use in carrying out the work. If, before using any invention, process, technique, article, or appliance specifically named in the specifications or drawings as acceptable for use in carrying out the work, the Contractor has or acquires information that the same is covered by letters of patent making it necessary to secure the permission of the patentee, or other, for the use of the same, he shall promptly advise the County. The County may direct that some other invention, process, technique, article, or appliance be used. Should the Contractor have reason to believe that the invention, process, technique, article, or appliance so specified is an infringement of a patent, and fail to inform the County, he shall be responsible for any loss due to the infringement.

9.18. Insurance

By signing and submitting a bid or proposal under this solicitation, the Bidder or Offeror certifies that if awarded the contract, it will have the following insurance coverage at the time the contract is awarded. If any subcontractors are involved, the subcontractor will have workers' compensation insurance in accordance with §§ 2.2-4332 and 65.2-800 et seq. of the *Code of Virginia*. The Bidder or Offeror further certifies that the Contractor and any subcontractors will maintain their insurance coverage during the entire term of the contract and that all insurance coverage will be provided by insurance companies authorized to sell insurance in Virginia by the Virginia State Corporation Commission.

---

**MINIMUM INSURANCE COVERAGES AND LIMITS REQUIRED:**

1. Workers' Compensation - Statutory requirements and benefits. Coverage is compulsory for employers of three or more employees, to include the employer. Contractors who fail to notify the County of increases in the number of employees that change their workers' compensation requirements under the *Code of Virginia* during the course of the contract shall be in noncompliance with the contract.
2. Employer's Liability - \$100,000.
3. Commercial General Liability - \$1,000,000 per occurrence, \$2,000,000 aggregate. Commercial General Liability is to include bodily injury and property damage, personal injury and advertising injury, products and completed operations coverage. The "County of Dinwiddie, VA, its Officers, agents, and employees" shall be named as additional insured on a primary basis and so endorsed on the policy. Such additional insured status shall be primary without participation by County's insurers. The provisions of this paragraph shall be deemed included in the contract as if fully set out therein.
4. Automobile Liability - \$1,000,000 per occurrence.
5. Umbrella Liability - \$1,000,000 per occurrence.

**FAILURE TO COMPLY WITH THE ABOVE INSURANCE REQUIREMENTS WILL BE CONSIDERED GROUNDS FOR CANCELLATION OF CONTRACT.**

9.19. Proprietary Information

Section 2.2-4342-F of the Code of Virginia states: Trade secrets or proprietary information submitted by a Bidder or Offeror in connection with a procurement transaction or prequalification application submitted pursuant to subsection B of 2.2-4317 shall not be subject to the Virginia Freedom of Information Act (FOIA) (2.2-3700 et seq.); however, the Bidder or Offeror shall (i) invoke the protections of this section prior to or upon submission of the data or other materials, (ii) identify the data or other materials to be protected, and (iii) state the reasons why protection is necessary. Failure to comply with these steps shall result in loss of the Bidder or Offeror's FOIA exemption.

9.20. Assignment of Contract

A contract shall not be assignable by the Contractor in whole or in part without the written consent of the County.

9.21. Changes to the Contract

Changes can be made to the contract in any of the following ways:

1. The parties may agree in writing to modify the terms, conditions, or scope of the contract. Any additional goods or services to be provided shall be of a sort that is ancillary to the contract goods or services, or within the same broad product or service categories as were included in the contract award. Any increase or decrease in the price of the contract resulting from such modification shall be

---

agreed to by the parties as a part of their written agreement to modify the scope of the contract.

2. The County may order changes within the general scope of the contract at any time by written notice to the Contractor. Changes within the scope of the contract include, but are not limited to, things such as services to be performed, the method of packing or shipment, and the place of delivery or installation. The Contractor shall comply with the notice upon receipt, unless the Contractor intends to claim an adjustment to compensation, schedule, or other contractual impact that would be caused by complying with such notice, in which case the Contractor shall, in writing, promptly notify the Purchasing Agency of the adjustment to be sought, and before proceeding to comply with the notice, shall await the Purchasing Agency's written decision affirming, modifying, or revoking the prior written notice. If the Purchasing Agency decides to issue a notice that requires an adjustment to compensation, the Contractor shall be compensated for any additional costs incurred as the result of such order and shall give the Purchasing Agency a credit for any savings. Said compensation shall be determined by one of the following methods:
  - a. By mutual agreement between the parties in writing; or
  - b. By agreeing upon a unit price or using a unit price set forth in the contract, if the work to be done can be expressed in units, and the Contractor accounts for the number of units of work performed, subject to the County's right to audit the Contractor's records and/or to determine the correct number of units independently; or
  - c. By ordering the Contractor to proceed with the work and keep a record of all costs incurred and savings realized. A markup for overhead and profit may be allowed if provided by the contract. The same markup shall be used for determining a decrease in price as the result of savings realized. The Contractor shall present the County with all vouchers and records of expenses incurred and savings realized. The County shall have the right to audit the records of the Contractor as it deems necessary to determine costs or savings. Any claim for an adjustment in price under this provision must be asserted by written notice to the County within thirty (30) days from the date of receipt of the written order from the County. Neither the existence of a claim nor a dispute resolution process, litigation or any other provision of this contract shall excuse the Contractor from promptly complying with the changes ordered by the County or with the performance of the contract generally.

#### 9.22. Contractor's Right to Stop Work or Terminate the Contract

If the work should be stopped under any order of any court or other public authority for a period of ninety (90) days through no fault of the Contractor or of anyone employed by him, or if the County should fail to pay to the Contractor within thirty (30) days when no dispute exists as to the sum, then the Contractor may, upon ten (10) calendar days written notice to the County, stop work or terminate the contract and recover from the County payment for the cost of the work

---

actually performed, together with overhead and profit thereon, but profit shall be recovered only to the extent that the Contractor can demonstrate that he would have had profit on the entire contract if he had completed the work. The Contractor may not receive profit or any other type of compensation for parts of the work not performed. The Contractor may recover the cost of physically closing down the job site, but no other costs of termination. The County may offset any claims it may have against the Contractor against the amounts due to the Contractor. In no event shall termination of the contract by the Contractor terminate the obligations of the Contractor's surety on its payment and performance bonds.

9.23. County's Right to Terminate the Contract for Cause

9.23.1. If the Contractor should be adjudged as bankrupt, or if he should make a general assignment for the benefit of his creditors, or if a receiver should be appointed on account of his insolvency, the County may terminate the contract. If Contractor violates any provision of the Virginia Governmental Fraud Act, the County may terminate the contract. If the Contractor should persistently or repeatedly refuse or should fail, except in cases for which extension of time is provided, to supply enough properly skilled workmen or proper materials, or if he should fail to make prompt payment to subcontractors or suppliers of material or labor, or persistently disregards laws, ordinances, or the written instructions of the County, or otherwise be guilty of a substantial violation of any provision of the contract, then the County may terminate the contract. The County retains the sole discretion to determine any violation of this section.

9.23.2. Prior to termination of the contract, the County shall give the Contractor and his surety ten (10) calendar days written notice, during which the Contractor and/or his surety may rectify the cause of the termination. If rectified to the satisfaction of the County within said ten (10) days, the County may rescind its notice of termination. If it does not, the termination for cause shall become effective at the end of the ten-day (10) notice period. In the alternative, the County may postpone the effective date of the termination notice, at its sole discretion, if it should receive reassurances from the Contractor and/or its surety that the causes of termination will be remedied in a time and manner which the County finds acceptable. If at any time more than ten (10) days after the notice of termination, the County determines that Contractor and/or its surety has not or is not likely to rectify the causes of termination in an acceptable manner or within the time allowed, then the County may immediately terminate the contract for cause by giving written notice to the Contractor and its surety. This decision shall be final and not subject to an appeal to any court of law or equity. In no event shall termination for cause terminate the obligations of the Contractor's surety on its payment and performance bonds.

9.23.3. Notice of terminations, whether initial or given after a period of postponement, may be served upon the Contractor and the surety by mail or any other means at their last known places of business in Virginia or elsewhere, by delivery to any officer or management/supervisory employee of either wherever they may be found, or, if no such officer, employee or place of business is known or can be found by reasonable inquiry within three (3) days, by posting the notice at the job site. Failure to accept or pick up registered or certified mail addressed to the last known address shall be deemed to be delivery.

---

9.23.4. Upon termination of the contract, the County shall take possession of its property and of all materials, tools, and appliances thereon and finish the work by whatever method the County may deem expedient. In such case the Contractor shall not be entitled to receive any further payment. If the expense of finishing the work, including compensation for additional managerial and administrative services shall exceed the unpaid balance of the contract price, the Contractor shall pay the difference to the County, together with any other expenses of terminating the contract and having it completed by others.

9.23.5. Termination of the contract under this section is without prejudice to any other right or remedy of the County.

**9.24. Termination by County for Convenience**

9.24.1. County may terminate this contract at any time without cause, in whole or in part, upon giving the Contractor notice of such termination. Upon such termination, the Contractor shall immediately cease work and remove from the project site all of its labor forces and such of its materials as County elects not to purchase or to assume in the manner hereinafter provided. Upon such termination, the Contractor shall take such steps as County may require to assign to the County the Contractor's interest in all subcontracts and purchase orders designated by County. After all such steps have been taken to County's satisfaction, the Contractor shall receive as full compensation for termination and assignment the following:

- (1) All amounts then otherwise due under the terms of this contract as of the latest request for payment,
- (2) Amounts due for work performed subsequent to the latest request for payment through the date of termination, and
- (3) Reasonable compensation for the actual cost of demobilization incurred by the Contractor as a direct result of such termination. The Contractor shall not be entitled to any compensation for lost profits or for any other type of contractual compensation or damage other than those provided by the preceding sentence. Upon payment of the forgoing, County shall have no further obligations to the Contractor of any nature.

9.24.2. In no event shall termination for the convenience of the County terminate the obligations of the Contractor's surety on its payment and performance bonds.

**10. SPECIAL TERMS AND CONDITIONS**

**10.1. Use of Premises and Removal of Debris**

10.1.1. The Contractor shall:

- (1) Perform his contract in such a manner as not to interrupt or interfere with the operation of any existing activity on the premises or with the work of any Contractor;
- (2) Store his apparatus, materials, supplies, and equipment in such orderly fashion at the site of the work as will not unduly interfere with the progress of his work or the work of any other contractor; and

(3) Place upon the work or any part thereof only such loads as are consistent with the safety of that portion of the work.

10.1.2. The Contractor expressly undertakes, either directly or through his subcontractor(s), to effect all cutting, filling, or patching of his work required to make the same conform to the drawings and specifications, and, except with the consent of the County, not to cut or otherwise alter the work of any other contractor. The Contractor shall not damage or endanger any portion of the work or premises, including existing improvements, unless called for by the contract.

10.1.3. The Contractor expressly undertakes, either directly or through his subcontractor(s), to clean up frequently all refuse, rubbish, scrap materials, and debris caused by his operations, to the end that at all times the site of the work shall present a neat, orderly, and workmanlike appearance. No such refuse, rubbish, scrap material, and debris shall be left within the completed work nor buried on the construction site, but shall be removed from the site and properly disposed of in a licensed landfill or otherwise as required by law. Contractor shall keep in conformance with the County's solid waste ordinance.

10.1.4. The Contractor expressly undertakes, either directly or through his subcontractor(s), before final payment, to remove all surplus material, false work, temporary structures, including foundations thereof, plants of any description and debris of every nature resulting from his operations and to put the site in a neat, orderly condition. If a Contractor fails to clean up at the completion of the work, the County may do so and charge for costs thereof to the Contractor.

10.1.5. During and at completion of the work, the Contractor shall prevent site soil erosion, the runoff of silt and/or debris carrying water from the site, and the blowing of debris off the site in accordance with the applicable requirements and standards of the *Virginia Erosion and Sediment Control Handbook*, latest edition, and of the Contract Documents.

10.1.6. The Contractor shall not operate or disturb the setting of any valves, switches or electrical equipment on the service lines, if any, except by proper previous arrangement with the County. The Contractor shall give ample advance notice of the need for cut-offs which will be scheduled at the convenience of the County.

## 10.2. Protection of Persons and Property

10.2.1. The Contractor expressly undertakes, both directly and through its subcontractor(s), to take every precaution at all times for the protection of persons and property which may come on the construction site or be affected by the Contractor's operation in connection with the work.

10.2.2. The Contractor shall be solely responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the work.

10.2.3. The provisions of all rules and regulations governing safety as adopted by the Safety Codes Commission of the Commonwealth of Virginia, VDOT, and as issued by the Department

---

of Labor and Industry under Title 40.1 of the *Code of Virginia* shall apply to all work under this contract.

10.2.4. The Contractor shall continuously maintain adequate protection of all his work from damage and shall protect the County's property from injury or loss arising in connection with this contract. He shall make good any such damage, injury, or loss, except such as may be directly due to errors in the Contract Documents or caused by agents or employees of the County. He shall adequately protect adjacent property to prevent any damage to it or loss of use and enjoyment by its owner(s). He shall provide and maintain all passageways, guard fences, lights, and other facilities for protection required by public authority, local conditions, any of the Contract Documents or erected for the fulfillment of his obligations for the protection of persons and property. The Contractor shall be solely responsible for any loss of material resulting from theft, malfeasance, employee sabotage or other criminal acts.

10.2.5. In an emergency affecting the safety or life of persons or of the work, or of the adjoining property, the Contractor, without special instruction or authorization from the County, shall act, at his discretion, to prevent such threatened loss or injury. Also, should he, to prevent threatened loss or injury, be instructed or authorized to act by the County, he shall so act immediately, without appeal. Any additional compensation or extension of time claimed by the Contractor on account of any emergency work shall be determined as provided by the General Terms and Conditions.

### 10.3. Work Site Damages

Any damage to existing utilities, equipment, finished surfaces, or property resulting from the performance of this contract shall be repaired to the County's satisfaction at the Contractor's expense and the Contractor shall indemnify and hold the County harmless of any action resulting from such damage to the existing utilities, equipment, finished surfaces or property.

### 10.4. Guarantee of Work - Warranty of Materials and Workmanship

10.4.1. Except as otherwise specified, all work shall be guaranteed by the Contractor against defects resulting from the use of inferior materials, equipment, installation or workmanship for one (1) year from the date of final acceptance of the entire project by the County in writing. Should any defect be noted by the County, the County will notify the Contractor of such defect or non-conformance. Notification will state either (1) that the Contractor shall replace or correct the deficiency, or (2) the County does not require replacement or correction, but an equitable adjustment to the contract price will be determined by the County and shall be binding upon the Contractor. If the Contractor is required to correct or replace the deficiency, it shall be at no cost to the County and shall be subject to all provisions of this clause to the same extent as materials/work initially delivered/completed. If the Contractor fails or refuses to replace or correct the deficiency, the County may have the materials/work corrected or replaced with similar items and charge the Contractor the costs occasioned thereby or obtain an equitable adjustment in the contract price as determined by the County.

10.4.2. The Contractor warrants that, unless otherwise specified, all materials and equipment incorporated in the work under the contract shall be new, in first class condition, and in accordance with the Contract Documents. The Contractor further warrants that all

---

workmanship shall be of the highest quality and in accordance with Contract Documents and shall be performed by persons qualified at their respective trades.

- 10.4.3. Work not conforming to these warranties shall be considered defective.
- 10.4.4. This warranty of materials and workmanship is separate and independent from and in addition to any of the Contractor's other guarantees or obligations in this contract.
- 10.4.5. If, within the guarantee period, defects are noticed by the County which require repairs or changes in connection with the guaranteed work, those repairs or changes being in the opinion of the County rendered necessary as the result of the use of materials, equipment or workmanship, which are defective, or inferior or not in accordance with the terms of the contract, then the Contractor shall, promptly upon receipt of notice from the County, such notice being given not more than two weeks after the guarantee period expires, and without expense to the County:
- (1) Place in satisfactory condition in every particular all of such guaranteed work and correct all defects therein;
  - (2) Make good all damage to the structure, site, equipment, or contents thereof, which is the result of the use of materials, equipment, or workmanship which are inferior, defective, or not in accordance with the terms of the contracts; and
  - (3) Make good any work, materials, equipment, contents of structures, and/or disturbance of the site in fulfilling any such guarantee.
- 10.4.6. In any case, where in fulfilling the requirements of the contract or any guarantee embraced in or required thereby, the Contractor disturbs any work guaranteed under contract, he shall restore such work to a condition satisfactory to the County and guarantee such restored work to the same extent as it was guaranteed under such other contract.
- 10.4.7. If the Contractor, after notice, fails to proceed promptly to comply with the terms of the guarantee, the County may have the defects corrected and the Contractor and his surety shall be liable for all expense incurred.
- 10.4.8. All special guarantees applicable to definite parts of the work that may be stipulated in the specifications or other papers forming a part of the contract shall be subject to the term of this section during the first year of the life of such special guarantee.
- 10.4.9. Nothing contained in this section shall be construed to establish a period of limitation with respect to any other obligation which the Contractor might have under the Contract Documents, including but not limited to, liability for defective work under this Warranty of Materials and Workmanship section of these Additional Terms and Conditions. This paragraph relates only to the specific obligation of the Contractor contained in this section to correct the work and does not limit the time within which his obligation to comply with the Contract Documents may be sought to be enforced, nor of the time within which proceedings may be commenced to establish the Contractor's liability with respect to his other obligations under this contract.
-

10.4.10. In the event the work of the Contractor is to be modified by another contractor, either before or after the final inspection, the first Contractor shall remain responsible in all respects under the guarantee of work and under any other warranties provided in the contract or by law. However, the Contractor shall not be responsible for any defects in material or workmanship introduced by the contractor modifying its work. Both the first Contractor and the contractor making the modifications shall each be responsible solely for the work done by each. The contractor modifying the earlier work shall be responsible for any damage to or defect introduced into the work which he is modifying. If any contractor shall claim that another contractor has introduced defects of materials and/or workmanship into the work of the first, it shall be the burden of the contractor making the claim to clearly demonstrate the nature and extent of such introduced defects and the responsibility of the other contractor. Any contractor modifying the work of another shall have the same burden if he asserts defects to have been caused by the contractor whose work he is modifying.

**10.5. Testing and Inspection**

The County reserves the right to conduct any test/inspection it may deem advisable to assure goods and services conform to the specifications. All products and services provided shall be in compliance/ accordance with all applicable federal, state and local laws, rules and regulations. If seasonal limitations prevent performance of any required testing of the product, the warranty period for such equipment shall begin after the tests have been successfully performed.
