Highway Dept. Bathroom

(Old bathroom) Proposed Remodel

**** Remove & replace rotted & deteriorating North wall- Hwy Dept has some metal roofing for the outside & inside wall**

****Needs 2 courses of block laid then wall on top of that to prevent later damage**

- New toilet
- New sink-wall mount
- Use old urinal
- New hot water heater (old one is broken)
- New plumbing water & sewer
- New exhaust fan
- New light
- Insulate
- Wrap the outside & inside with OSB before putting on metal
- New door
- 2x4 Stud walls

Proposed New Additional Bathroom

- Create new door where window is at in the garage
- Concrete pad -approximately 10' x 12'
- Plumbing- water & sewer
- 2-coarses of block
- 2- walls & ceiling- 2x4 walls 2x8-ceiling
- Needs exhaust fan
- Lighting & Electrical
- Toilet
- Sink -wall mount
- OSB wrapped walls before installing metal
- Insulate
- Door
- Hwy Dept has the metal that can be used inside & out
- Front wall could need rebuilt but without tearing it out don't know
