BID NO. 2023-0003

FROM: PARAGON CONSULTING GROUP, INC.
350 AIRPORT ROAD
GRIFFIN, GA 30224

TO: ALL BIDDERS OF RECORD

RE: Addendum No. 2, dated January 19, 2023

This Addendum forms a part of the Contract Documents and modifies the original Bidding Documents dated December 2022.

This Addendum consists of two (2) pages, a revised Bid Tabulation, and revised Plan Sheet 8.

CONTRACT DOCUMENTS AND SPECIFICATIONS

- Add. 2.1 Modification
The line item 'ADDITIONAL COST FOR DIRECTIONAL BORE IN ROCK' has been added to the Bid Tabulation with a quantity of 200 LF. The unit price for this line item will be added to the base unit price of the directional bore under the Flint River to arrive at a total unit price for a directional bore in rock.
- Add. 2.2 Modification
Revised Plan Sheet 8 is attached to this addendum and becomes a part of the Contract Documents. A 24-inch jack and bore has been added to the plan sheet and is shown in a revision cloud.
- Add. 2.3 Modification
The estimated quantity for Bid Tabulation line item 'JACK AND BORE 24" STEEL ENCASEMENT INCL. END CAPS AND SPACERS (NO CARRIER PIPE)' has revised from 138 LF to 198 LF to account for the bore added on Plan Sheet 8.
- Add. 2.4 Clarification
The directional bore under the Flint River shall be made using 18-inch (O.D.) DR 7 IPS HDPE pipe per the Bid Tabulation. The 12-inch size noted in the construction plans is intended to reflect the approximate I.D. size of the pipe.

Add. 2.5

Clarification

The Owner will provide the 12-inch C900 DR 14 PVC pipe and 8-inch C900 DR 14 PVC pipe for the project. The Contractor is responsible for installation of the pipe as per the construction plans. The vendor providing the pipe to the Owner is Macon Supply. The Contractor is expected to coordinate directly with Macon Supply regarding delivery of the pipe after the preconstruction meeting and issuance of the Notice to Proceed for the project.

End of Addendum No. 2
