This section of the RFP will be weighted up to 20 points and will be evaluated in the following manner. If the materials/ parts are to be priced at cost – the full weight will be earned (20 points) - for each matrix offered a fair determination of weight will be made by the evaluator. - C) For renewable contracts, records of the initial procurement through the conclusion of the final renewal must be maintained.

Nothing in this paragraph shall permit Proposer to disclose any information that is confidential under federal, state or local law or regulations, regardless of whether it has been disclosed or made available to the Proposer due to intentional or negligent actions or inactions of agents of the District or third parties.

- 13. Independent Successful Proposer**- The parties hereto, in the performance of this Contract, shall not act as employees, partners, joint ventures, or associates of one another. It is expressly acknowledged by the parties hereto that such parties are independent contracting entities and that nothing in this Contract shall be construed to create an employer/employee relationship or to allow either to exercise control or direction over the manner or method by which the other transacts its business affairs or provides its usual services. The employees or agents of one party shall not be deemed or construed to be the employees or agents of the other party for any purpose whatsoever. The Successful proposer, being an independent Successful proposer and not an employee of the District, agrees to carry adequate public liability and other appropriate forms of insurance, including adequate public liability and other appropriate forms of insurance on the Successful proposer's employees, and to pay all applicable taxes incident to this Contract.
- 14. Limitation Of Liability**- The parties agree that the Proposer's liability under this Contract shall be limited to services actually rendered that have not been previously paid for but for which the warranty is still in place and as may be added, PROVIDED THAT in no event shall this section limit the liability of the Proposer for intentional torts, criminal acts, or fraudulent conduct.

Should such an event occur, the Proposer shall be entitled to compensation for all satisfactory and authorized services completed as of the termination date. Upon such termination, the Proposer shall have no right to recover from the District any actual, general, special, incidental, consequential, or any other damages whatsoever of any description or amount.
- 17.** Proposer shall acknowledge that it and its employees serve as independent proposers and that HCS shall not be responsible for any payment, insurance, or incurred liability.
- 18. RFP Cancellation**-The District reserves the right, at its sole discretion, to cancel or to cancel and reissue this RFP in accordance with applicable laws and regulations and does not guarantee that a contract award will result from this RFP.
- 19. Removal Of Proposer's Employees**- The successful proposer agrees to utilize only experienced, responsible and capable people in the performance of the service. The District may require that the successful proposer remove from the job covered by this contract, employees who endanger persons or property or whose continued employment under this contract is inconsistent with the interest of the District.

- 20. Licensure**-The apparent successful Proposer (and Proposer employees as applicable) must hold all necessary, appropriate business and professional licenses to provide service as required. The District will require any Proposer to submit copies of proper licensure along with the proposal.
- 21. Disclosure Of Proposal Contents**-
- Each proposal and all materials submitted to the District in response to this RFP become the property of the District. Selection or rejection of a proposal does not affect this right. By submitting a proposal, a Proposer acknowledges and accepts that the full proposal contents and associated documents will become open to public inspection in accordance with the laws of the District.
  - The District will hold all proposal information, including both technical and cost information, in confidence during the evaluation process. Notwithstanding the foregoing, a list of actual Proposers submitting timely proposals may be available to the public, upon request, after technical proposals are reviewed and the recommended proposer is approved by the Board.
- 22. Proposal & Proposer Prohibitions**-
- A proposal must not include the Proposer's own contract terms and conditions that constitute material change. If a proposal contains such terms and conditions, the District, at its sole discretion, may determine the proposal to be a non-responsive counteroffer and reject it.
  - A proposal must not restrict the rights of the District or otherwise qualify the offer to deliver products and services as required by this RFP. If a proposal restricts the rights of the District or otherwise qualifies the offer to deliver products and services as required by this RFP, the District, at its sole discretion, may determine the proposal to be a non-responsive counteroffer and reject it.
  - A proposal must not propose alternate services (i.e., offer products or services different from those requested and required by this RFP). The proposer cannot contract with third party vendor to deliver the contract services. The District will consider a proposal of alternate products or services or third-party contracts to be non-responsive and reject them.
  - A Cost Proposal must not result from any collusion between Proposers. The District will reject any Proposal that was not prepared independently without collusion, consultation, communication, or agreement with any other Proposer. Regardless of the time of detection, the District will consider any such actions to be grounds for proposal rejection or contract termination.
  - A Proposer must not provide, for consideration in this RFP process or subsequent contract negotiations, incorrect information that the Proposer knew or should have known was materially incorrect or subject to record. If the District determines that a Proposer has provided such incorrect information, the District will deem the Proposer's proposal non-responsive and reject it.
  - A Proposer must not submit more than one Technical Proposal and one Cost Proposal in response to this RFP. If a Proposer submits more than one Technical Proposal or more than one Cost Proposal, the District will deem all of the proposals non-responsive and reject them.
  - A Proposer must not submit a proposal as a prime proposer while also permitting one or more other Proposers to offer the Proposer as a sub-proposer in their own proposals. Such may result in the disqualification of all Proposers knowingly involved.

- 24. The Evaluation Team reserves the right, at its sole discretion, to request Proposer clarification of a Technical Proposal or to conduct clarification discussions with any or all Proposers. Any

such clarification or discussion will be limited to specific sections of the proposal identified by the Team. The subject Proposer must put any resulting clarification in writing as may be required and in accordance with any deadline imposed by the District.

The Director of School Nutrition or designee will review each Technical Proposal to determine compliance with RFP Attachment A, Technical Proposal & Evaluation Guide, Part 1—Mandatory Requirements. If the Director of School Nutrition determines that a proposal may have failed to meet one (1) or more of the mandatory requirements, the Proposal Evaluation Team will review the proposal and document the team's determination of whether:

- a. the proposal adequately meets requirements for further evaluation;
- b. the Team will request clarifications or corrections; or,
- c. the Team will forward the RFP to the Purchasing Agent to determine the proposal non-responsive to the RFP and reject it.

Proposal Evaluation Team members will evaluate each Technical Proposal (that appears responsive to the RFP) against the evaluation criteria in this RFP and will score each in accordance with the RFP Attachment A, Technical Proposal & Evaluation Guide, Part 2 and Part 3.

For each proposal evaluated, a designated team member will calculate the average of the Proposal Evaluation Team member scores for RFP Attachment A, Technical Proposal & Evaluation Guide, Part 2 and Part 3, and record each average as the proposal score for the respective Technical Proposal section.

Before Cost Proposals are reviewed, the Proposal Evaluation Team will review the Technical Proposal Evaluation record and any other available information pertinent to whether or not each Proposer is responsive and responsible. If the Proposal Evaluation Team identifies any Proposer that appears not to meet the responsive and responsible thresholds such that the team would not recommend the Proposer for Cost Proposal Evaluation and potential contract award. The Cost Proposal envelope won't be open. The team members will fully document the determination.

- **Cost Proposal Evaluation.** The Director of School Nutrition or designee will review the Cost Proposal for evaluation of each apparently responsive and responsible Proposer that the Proposal Evaluation Team has effectively recommended for potential contract award and will calculate and record each Cost Proposal score in accordance with the RFP Attachment B, Cost Proposal & Scoring Guide.

Total bottom line cost for the Cost Proposal Section will be determined by multiplying each total unit cost, the estimated usage figure and adding the extended dollar figures. In the event a vendor fails to quote a price on an item, the highest price for that item from all bids received will be inserted to calculate the bottom line price. In the event that no vendor provides a price, a zero will be entered for all vendors for that item. The District will recalculate usage and line extensions to make necessary conversions for differences in pack size. The bottom line total will be adjusted if mathematical conversions and extensions indicate the need for correction. Mathematical calculations involving decimals must be carried to two (2) places.

- **Total Proposal Score.** The team designee will calculate the sum of the Technical Proposal section scores and the Cost Proposal score and record the resulting number as the total score for the subject Proposal (refer to RFP Attachment C, Proposal Score Summary Matrix).

## 6. Contract Award Process

- The Director of School Nutrition will determine the apparent best-evaluated proposal. (To recommend a contract award to a Proposer other than the one receiving the highest evaluation process score, the Director of School Nutrition must provide written justification and obtain approval from the District Purchasing Director.)
- The Director of School Nutrition or designee will submit the Proposal Evaluation Team determinations and proposal scores to the HCS Purchasing Agent for consideration along with any other relevant information that might be available and pertinent to contract award.
- The School Nutrition Proposal Evaluation Team reserves the right to make an award without further discussion of any proposal.
- The Purchasing Director will submit the request for approval of the recommended proposer to the next earliest Board meeting. All proposers will be notified by this Director as to the status of their proposal submission.
