3.0 PROGRAM FUNCTION SPECIFICATIONS

The sites, maintenance requirements and Frequency Chart for each location are listed on **Attachment A**. Maps may be included for some locations to clarify the boundaries of the properties.

- ❖ **Equipment** – The Contractor shall use proper mowing equipment standard to the turf industry. Rotary mulching mowers will be required in all mowing. Other types of grass cutting equipment may be used provided they have been approved by the City representative. All equipment must be operated at a speed to provide the optimal desired cut. All equipment shall be kept in good operation condition and shall be maintained to provide a clean sharp cut of vegetation at all times. The Contractor shall be responsible for any damage caused by faulty equipment (i.e. fluid leak on turf). All equipment shall have all safety guards, shrouds and discharge shoots properly in place and in good condition while performing services. Altered or missing safety guards, shrouds and discharge shoots on/from equipment shall be grounds for immediate termination of contract.
- ❖ **Mowing/Blowing** – Mow height shall be a minimum of two (2) inches and a maximum of three (3) inches. The Contractor shall mow as close as practical to all fixed objects (but no greater than 30 inches), exercising extreme care not to damage trees, plants, shrubs, or other equipment which are part of the facility. Mowing shall include all grassy areas within the park or facility. Additionally, mowing shall include designated public ditches adjacent to each site. Excessive grass clippings left on turf areas shall be properly removed from the site. **THE CONTRACTOR SHALL NOT MOW DURING PERIODS OF RAIN OR WHENEVER THE POSSIBILITY OF RUTTING WILL OCCUR.** The Contractor shall be held responsible for any rutting caused by his/her equipment. Proper care shall be taken to prevent turf scalping. Cutter blades shall remain sharp for proper grass cut. Contractor shall mow in alternate directions where feasible during each mowing. Bagging mower clippings shall be required in aquatic facilities or adjacent to splash pads areas to minimize grass clippings from entering pools and filtration equipment. Pricing at all sites assumes that bagging and removing clippings will be required when excessive turf debris is present, turf is too long to mulch, or when moisture conditions are too high to allow effective mulching without substantial clumping of turf debris. Absolutely no mowing equipment is permitted on/in pool decks, splash pads, sports courts, pavilions or gazebos for any reason. The Contractor shall mow in a direction that minimizes grass clipping discharge onto sidewalks and hard surfaces or into pools, splash pads, tree wells and landscape beds. The Contractor shall blow off grass clippings **immediately** especially at building entrances to prevent grass clippings from being tracked into buildings. Caution shall be exercised around door openings and pools. At no time will the Contractor be permitted to blow clippings or debris into storm sewers or left in a place where it can be carried by water runoff into storm sewers.
- ❖ **Edging** – The Contractor shall use proper equipment standard to the turf industry. The Contractor shall edge by means of vertical cutting any and all plant material that encroaches over or onto sidewalks, curbs, steps, driveways, and pavements. Edges shall be vertical, clean and neat and maintain a minimum depth of one (1) inch and a minimum width of one quarter (1/4) inch. Contractor shall perform task using a vertical rotary bladed edging device. Use of string line trimmers for edging is strictly prohibited and will result in deductions from Contractor's monthly invoice.
- ❖ **String Line Trimming** – The Contractor shall use proper equipment standard to the turf industry. All turf areas that cannot be cut by mowers shall be cut by string line equipment. All trimming must be accomplished concurrently with mowing operations. Even turf cut shall be maintained equal to mowing height. **STRICT CAUTION** shall be maintained in trimming around tree trunks and other plant materials.
- ❖ **Litter/Debris Disposal** – All trash and general debris shall be removed prior to each mowing. Any trash or paper mowed over by the Contractor shall be picked up immediately after occurrence. All fallen tree branches less than three (3) inches in diameter shall be removed from site before each mowing. Disposal of trash, debris and tree limbs is available by approval at the Dean Towery Service Center, 401 Sgt. Ed Holcomb Blvd. South.
- ❖ **Undeveloped Property Mowing** – Contractor shall mow as close to stationary objects as practical. No string line trimming will be required.

No explanation or interpretation other than an addendum issued by the City will be considered official or binding.

6. **Bid Evaluation and Award:**

The bid award will be made on the basis of *Texas Local Government Code Section 252.043*. This section allows the City of Conroe to develop and apply award evaluation criteria for procurement in order to obtain goods or services that provide the **Best Value** to the City. Under these guidelines, a vendor is not automatically awarded a bid simply because they submit the lowest bid response. In the event that the selected bidder fails to enter into agreement to provide the goods or services which are the subject of this invitation the City retains the right to award the bid to the next qualified bidder.

7. **Term of Contract:** This Contract shall be for one (1) year with no change in price with the option to renew for up to three (3) years in one-year increments. Price increases will only be considered at the renewal time and will only be allowed upon approval by the City of Conroe Contract Administrator.

8. **Communications:**

The City of Conroe shall not be responsible for any verbal communication between any representative of the City and any potential firm. All modifications to this solicitation must be made in writing. A proposer's failure to examine relevant documents or specifications will not relieve proposer from any obligation with regard to their response to this invitation.

9. **Substitutions:**

Where materials or equipment are specified by a trade or brand name, it is not the intention of the City to discriminate against an equal product of another manufacturer, but to set a definite standard of quality or performance, and to establish an equal basis for the evaluation of bids. In preparing his bid, each bidder is expected to include in his base bid the cost of the items so specified.

10. **Default:**

The City reserves the right to terminate the contract immediately for failure to meet delivery or completion schedules, or otherwise perform in accordance with the general conditions of this proposal.

11. **References:**

The City of Conroe may request bidders to supply, with this Invitation to Bid, a list of at least five (5) references where like services have been supplied by their firm. Include name of firm, contact person, address, telephone number and fax number.

12. **Delivery of Proposals:**

It is the bidder's responsibility to deliver his proposal at the proper time to the proper place. The fact that a proposal was dispatched will not be considered. The bidder must have the proposal actually delivered before the time set and the start of opening of the bids. Any bids received after the time and date specified in the Notice to Bidders will be returned unopened.

13. Corrections:

Erasures or other corrections in the proposal must be noted over with the proposer's initials.

14. Materials and Services:

The Bidder warrants that goods, materials or services delivered to the City will meet the minimum specifications set forth therein. Bidder shall furnish all data pertinent to specifications and warranties, which apply to items in the bid.

15. Conditions of Conduct:

At all times any agent, officer, or employee of Proposer shall be present upon property owned by the City of Conroe, the terms and conditions of the Drug and Alcohol Policy currently adopted by the City of Conroe, shall be deemed applicable to such persons. Violations of terms and conditions while present on the premises owned by the City of Conroe shall be grounds for termination of any contract between the City and Proposer. A copy of this policy is available for public inspection in the office of the City Secretary and copies may be obtained at a nominal charge.

16: Conditions of Work:

Bidders are expected to be fully informed of specifications and labor conditions under which the work will be performed, and to have thoroughly reviewed the plans, contract documents and specifications. Failure to do so will not relieve a successful bidder of any obligations to furnish material and labor necessary to complete the project.

17. Indemnification:

The Proposer shall, defend, indemnify, and hold harmless the City of Conroe, their officers, and agents from and against any and all claims, demands, causes of action, orders, decrees, or judgments for injury, death, damage to person or property, loss, damage, or liability of any kind (including without limitation liability under any federal, state, or local environmental law, Compensation and Liability Act; fees and costs (including all costs or settlements and reasonable attorney's fees incurred in defending any claim, demand, or cause of action) occasioned by, growing out of, or arising from (a) the performance of any product or service to be supplied by the Proposer, or (b) by any act, error or omission on the part of the Proposer, its agents, employees, or subcontractors, and or (c) any failure to fully comply with all applicable laws and regulations by the Proposer, its agents, employees, or subcontractors.

Neither the Proposer nor anyone employed by it shall be, represent, act, purport to act or be deemed to be the agent, representative, employee or servant of the City of Conroe.

The Proposer selected by this Request for Proposal will be working as an independent contractor and will be required to take out and keep in force all permits, licenses, certifications, other approvals, and or insurance that may be required by the City of Conroe, any local or regional governmental agency, the State of Texas, or the federal government. Failure to comply with any of these items would be grounds for immediate cancellation of the contract.

20. Equal Employment Opportunity:

Attention is called to the requirements for ensuring that employees and applicants for employment are not discriminated against because of their age, race, color, creed, sex or national origin.

21. Price of Materials and Sales Tax:

If there are additional charges of any kind, other than those mentioned above, specified or unspecified, Bidder must indicate both items required and attendant cost or forfeit the right to payment. Invoices must be submitted by the vendor in duplicate to the City of Conroe Purchasing Dept., P.O. Box 3066, Conroe TX 77305.

This Contract is issued by an organization, which qualifies for exemption pursuant to the provisions of Article 20.04 (F) of the Texas Limited Sales, Excise and Use Tax Act.

22. Unit Prices: The unit price of each of the bid items in the bid proposal shall include it pro-rata share of overhead so that the sum of the products obtained by multiplying the quantity shown for each item by the unit price bid represents the total bid. Any bid not

conforming to the condition may be rejected. The unit prices will be used to determine the amount of any change orders resulting from an increase or decrease in quantities.

23. **Change Orders:** The Owner may, at any time or from time to time, order additions, deletions or revisions to the Work; such changes will be authorized by written Change Order to be prepared by the PURCHASING DEPARTMENT for execution by the OWNER and the CONTRACTOR. Any request by the CONTRACTOR for a change in Contract Price shall be made prior to beginning the work covered by the proposed change.
