GENERAL INFORMATION:

Franklin County, Missouri desires to acquire one (1) pre-owned (good condition) Cellular Building Structure for use in its public safety radio system to replace an existing shelter located at 1 Bruns Lane, Union, Missouri 63084. The County's preference is that the awarded Contractor will provide a shelter that has been formerly used for this application, typically from within the wireless industry, and which will already be furnished and outfitted with equipment and hardware required by and useful to the County.

DEFINITIONS:

Good condition-Shelter has been maintained in previous service with regular preventative maintenance performed. Exterior walls and concrete roof are not in need of repair. Flooring is in good order with no missing tiles.

Fair condition-Shelter is in need of cosmetic work, such as roof patching and painting. Concrete roof may need repair, but structural integrity is intact. Roof does not leak. Metals on shelter could have some rust in need of mitigation. Exterior walls may need repair. Floor tiles may be missing.

SCHEDULE:

The anticipated schedule for the cellular building structure is immediately upon award of this RFP. Procurement of a building is paramount followed immediately by engineering of the foundation system, permitting of structure, and installation of foundations. - Demo/remove/haul-off existing tower structure
- Coordination of all turn-over from existing structure to new structure
- Furnish and install all power and low voltage and misc. electrical connections between the new structure, the existing tower, and the existing Jail electric room in order to provide a fully functioning system. Breaker panel in existing building to be provided by others (use existing).
- Provide all testing and commissioning

Potential contractors may attend a site visit scheduled for November 8, 2018 at 10:00 AM at site location #1 Bruns Ln. Union Missouri, to review transport path, accessibility, etc. Awarded contractor will develop a site logistics plan to install structure and coordinate/review said logistics plan with the Owner's Construction Manager.

Shelter Requirements:

- Nominal 8' to 9' interior height is desired
