

CITY OF HAVELOCK

Post Office Box 368
Havelock, NC 28532

INVITATION TO BID

Pursuant to North Carolina General Statutes §143-131, the City of Havelock invites informal bids on the following:

Bids must be submitted in accordance with the attached specifications. Bids can be submitted by mail, email, fax or hand delivered. Cover sheets, envelopes, etc. should be clearly marked with the words:

*“City of Havelock,
Sewer Line Repair At Three Locations;
105 Rhonda Ct and 350 & 352 Lee Drive/ 915 Coyote Trail”*

Address Bids to: Amy Smith, Sr. Accounting Technician
 City of Havelock
 P.O. Box 368
 1 Government Ave.
 Havelock NC 28532
 Fax 252-447-0126
 Email: ASmith@havelocknc.us

Bids will be accepted until 3:00 p.m. (EST) on Friday, October 14, 2016 at which time they will be reviewed in the office of the City Finance Director. Quotes are not subject to public inspection until the contract is awarded. The bids are good for 75 days after opening.

Bidders are cautioned not to submit bids until the proposed requirements and specifications have been carefully examined. It will be considered that bidders will have satisfied themselves as to the accuracy of the specifications. No proposal will be considered unless prices are submitted for all items requested in any section. The City reserves the right to change the amount of quantities.

The names of certain brands or makes denote quality standard in the article desired, but do not restrict bidders to the specific brand, make or manufacturer named. They are meant to convey to prospective bidders the general style, type, character and quality of the article desired.

The successful bidder on all construction contracts will be required to conduct the operation in accordance with all Federal, State, and Municipal health and safety rules, regulations and laws applicable to the operation. The successful bidder may be asked to provide the City with a copy of the company's safety plan prior to commencing work. For all projects over \$30,000, a general contractor's license must be furnished to the City if applicable.

CITY OF HAVELOCK

Post Office Box 368
Havelock, NC 28532

North Carolina General Statutes, specifically §160A-20.1(b), prohibit the City from entering into contracts with contractors and subcontractors who have not complied with the requirement of Article 2 of Chapter 64. The Contractor shall submit the E-Verify Affidavit, located in the Bid Proposal section, with their bid. Bids that do not include this Affidavit will be considered non-responsive.

N.C.G.S 147-86.55-69 requires certification for bids with a North Carolina Local Government. The certification is required at the time when a bid is submitted.

N.C.G.S 147-86.55-69 requires that contractors with a North Carolina Local Government must not utilize any subcontractor found on the State Treasurer's Final Divestment List.

The State Treasurer's Final Divestment List can be found on the State Treasurer's website at the address www.nctreasurers.com/Iran and will be updated every 180 days.

The City of Havelock reserves the right to reject any or all proposals and to purchase items from the state contract in the efforts to award the contract to the bidder it deems to be for the best interest of the City.

This institution is an equal opportunity provider, and employer.

Contact person(s) for information on this bid:

For questions in regards to the bid specifications, the City requires and only responds to questions submitted in writing and sent via email to:

Asmith@havelocknc.us

1 Governmental Avenue
Havelock NC 28532

Please indicate the Bid name on the outside of the envelope.

Project Scope:

Repair sink holes and sewer lines at three locations, 105 Rhonda Ct and 350 & 352 Lee Drive/915 Coyote Trails.

General Provisions:

1. Contractor shall comply with all OSHA requirements.
2. Minimum PPE consists of steel toed boots, safety vest, hard hats, safety glasses, and gloves.
3. Period of Performance is one hundred and twenty (120) days from date of award.
4. Contractor will obtain all necessary permits. Permits required by City of Havelock are provided free of charge.
5. Asphalt repairs will consist of 2-inches of asphalt over the excavation and 2-inches of asphalt extending 2-feet beyond the limits of the excavation into the existing asphalt. Work performed in accordance with NCDOT Standards.

Location: 105 Rhonda Court Gravity Main Repair Specifications

1. Replace expected 8 inch Truss Pipe
2. The repair is at G299 (*Shown on attached map*).
3. Approximate depth of G299 is 4'5"
4. All pipe joints and service connection into the manhole are pulling in sand.
5. Replacement of this manhole with proper bedding may be necessary.
6. Replacement pipe shall be SDR35 and service laterals shall be replaced with Schedule 40 PVC.
7. Upstream flow is ***120-gallons/per/day x 6 houses = 720 gallons/per/day***
8. Select fill shall be used in maximum of 12-inch lifts when backfilling the trench that must be compacted with proper equipment to meet NCDOT compaction ratings.
9. There shall be a 2-foot base of stone under the replaced pipe and manhole, racked out and leveled for proper bedding the pipe and manhole.
10. Rock shall be installed on both sides of the pipe up to the spring line and use proper haunching techniques.
11. All necessary efforts shall be made to control erosion and sediment release while this project is under construction.

Location: 350 & 352 Lee Drive & 915 Coyote Trail Gravity Sewer Repairs

1. Attached is a map reflecting the areas of work
2. 350 & 352 Lee Drive both have laterals that appear to be damaged from a recent directional bore of new underground power primaries.
3. 915 Coyote Trail has a manhole with three 4" lateral coming into it and it may be necessary to pull the cone off the base to reset the lateral into the manhole with a new core and boot.
4. Approximate depth of the main is 11.5 linear ft on Lee Drive and 5 linear ft on Coyote Trail
5. Resetting this manhole with proper bedding may be necessary.
6. Replacement pipe shall be SDR35 and service laterals shall be replaced with Schedule 40 PVC.
7. Select fill shall be used in maximum of 12-inch lifts when backfilling the trench that must be compacted with proper equipment to meet NCDOT compaction ratings to prevent any future settling.
8. There shall be a 2-foot base of stone under the replaced pipe and manhole, raked out and leveled for proper bedding the pipe and manhole.
9. Rock shall be installed on both sides of the pipe up to the spring line and use proper haunching techniques.
10. All necessary efforts shall be made to control erosion and sediment release while this project is under construction.
