RESPONSIVENESS/IMPROPER OFFERS (JUN 2015): (a) Bid as Specified. Offers for supplies or services other than those specified will not be considered unless authorized by the Solicitation.

If this solicitation is an Invitation for Bids, each separate offer must be submitted as a separate document. If this solicitation is a Request for Proposals, multiple offers may be submitted as one document, provided that you clearly differentiate between each offer and you submit a separate cost proposal for each offer, if applicable.

(c) Responsiveness. Any Offer which fails to conform to the material requirements of the Solicitation may be rejected as nonresponsive. Offers which impose conditions that modify material requirements of the Solicitation may be rejected. If a

(f) **Do not submit bid samples or descriptive literature unless expressly requested.** Unsolicited bid samples or descriptive literature will not be examined or tested, will not be used to determine responsiveness, and will not be deemed to vary any of the provisions of the solicitation. DISCLOSURE OF YOUR BID / PROPOSAL & SUBMITTING CONFIDENTIAL DATA (FEB 2021): (a) According to Section 11-35-410, any person submitting a document in response or with regard to any solicitation or other request must "comply with instructions provided in the solicitation for marking information exempt from public disclosure. Information not marked as required by the applicable instructions may be disclosed to the public." IF YOU IDENTIFY YOUR ENTIRE RESPONSE AS EXEMPT FROM PUBLIC DISCLOSURE, OR IF YOU DO NOT SUBMIT A REDACTED COPY AS REQUIRED, THE STATE MAY, IN ITS SOLE DISCRETION, DETERMINE YOUR BID OR PROPOSAL NONRESPONSIVE AND INELIGIBLE FOR AWARD. (b) By submitting a response to this solicitation or request, Offeror agrees to the public disclosure of every page, or portion thereof, of every document regarding this solicitation or request that was submitted at any time prior to entering into a contract (including, but not limited to, documents contained in a response, documents submitted to clarify a response, and documents submitted during negotiations), unless the page, or portion thereof, was redacted and conspicuously marked "Trade Secret" or "Confidential" or "Protected", (2) agrees that any information not redacted and marked, as required by these bidding instructions, as a "Trade Secret" is not a trade secret as defined by the Trade Secrets Act, and (3) agrees that, notwithstanding any claims or markings otherwise, any prices, commissions, discounts, or other financial figures used to determine the award, as well as the final contract amount, are subject to public disclosure. (c) If your offer includes any

information that you claim is exempt from public disclosure, you must submit one complete copy of your offer from which you have removed or concealed such information (the redacted copy). Except for the information removed or concealed, the redacted copy must be identical to your original offer. (d) Do not mark your entire response (bid, proposal, quote, etc.) as confidential, trade secret, or protected. If only portions of a page are subject to some protection, do not redact the entire page. The redacted copy must reflect the same pagination as the original and show the empty space from which information was redacted. The Procurement Officer must be able to view, search, copy and print the redacted copy without a password. If your response, or any part thereof, is improperly marked as confidential or trade secret or protected, the State may, in its sole discretion, determine it nonresponsive. (e) On the redacted copy, you must identify the basis of your claim by marking each redaction as follows: You must separately mark with the word "CONFIDENTIAL" every page, or portion thereof, that you redacted and claim as exempt from public disclosure because it is either (1) a trade secret as defined in Section 30-4-40(a)(1) of the Freedom of Information Act, or (2) privileged and confidential, as that phrase is used in Section 11-35- 410. You must separately mark with the words "TRADE SECRET" every page, or portion thereof, that you redacted and claim as exempt from public disclosure as a trade secret pursuant to Section 39-8-20 of the Trade Secrets Act. You must separately mark with the word "PROTECTED" every page, or portion thereof, that you redacted and claim as exempt from public disclosure pursuant to Section 11-35- 1810. All markings must be conspicuous; use color, bold, underlining, or some other method in order to conspicuously distinguish the mark from the other text. (f) In determining whether to release documents, the State will detrimentally rely on your redaction and marking of documents, as required by these bidding instructions, as being either "Confidential" or "Trade Secret" or "Protected". By submitting a response, you agree to defend, indemnify, and hold harmless the State of South Carolina, its agencies, officers and employees, from every claim, demand, loss, expense, cost, damage or injury, including attorney's fees, arising out of or resulting from withholding information by the State of South Carolina or any of its agencies, that you have redacted or marked as "Confidential" or "Trade Secret" or "Protected". III. SCOPE OF WORK / SPECIFICATIONS:

SEE BIDDING SCHEDULE

SCOPE OF WORK: It is the intent of the Horry County Schools Office of Procurement to solicit offers from qualified vendors to provide custom band uniforms for Aynor High School in accordance with all requirements stated herein. These specifications cover professional services to furnish all supervision, labor, materials, training, technical support, supplies and equipment necessary to provide the services requested.

MINIMUM REQUIREMENTS:

All uniforms will be constructed with the realization of the hard usage to which they will be subjected, the year-to-year fitting problems inherent with students and shall feature construction which will assure a long lasting garment. Measurements, will be individually taken, and will be converted to adjusted stock sizes: extra short, short, regular, long and extra-long, with proper adjustments for portly and thin, as required, in order to minimize the alteration charges each year. Patterns for the garments must be both male and female in children, adolescent and adult patterns as required, and will not be "cut-down" adult patterns.

IDENTIFICATION: All garments must have sewn in size labels and a label for numbering or other identification used for inventory control. These numbers, will reflect the progressive sizes of the uniforms. In addition, there will be a "name and number" list furnished by the manufacturer at the time of the shipment in order to facilitate the issuing of uniforms when first received by the Director of Bands.

CARE AND MAINTENANCE BOOKLETS: To be submitted with each complete order.

UNIFORM MANAGEMENT SOFTWARE (UMS): The software shall be designed to calculate the proper stock uniform size required by a student, based on established sizing criteria used in the uniform industry. All orders must have accurate inventory notebook and/or computer disc file containing complete care and sizing information. The software shall consider the following attributes when determining sizes.

- a) **TYPE OF UNIFORM** - The software shall be capable of storing and assigning uniforms of different types (i.e., regular band, front line, drum major, etc.) and to make the correct assignment to the respective student based upon that classification.
- b) **GENDER**- Uniforms produced without using separate male and female patterns result in inferior fit. All uniforms constructed by quality manufacturers are based on separate male and female patterns and as a result, the software must take gender into consideration, which will insure the user of a superior fit while outfitting students of dynamically different proportions.
- c) **HEIGHT AND WEIGHT** - Height and weight are used to determine frame and body proportions. Simply relying on measurements of circumference and length will not assure a proper fit. The software shall consider height and weight when determining size.
- d) **DELTOID AND CHEST** - In order to insure that the coat fits the student properly consideration must be given not only to chest size but also the deltoid measurement. Consideration by the software of both the deltoid and chest measurement will assure the coat is full enough for the student to allow for full mobility.

e) **WAIST AND INSEAM** - To make certain trousers of the correct balance are issued, consideration must be given to waist and inseam. Failure to consider the required length can result in trousers proportioned for a different size student being issued.

The software shall match the student with the proper coat, trousers, and headgear using sizes entered by the user. The software shall be designed in such a way to insure priority is given to maintaining numeric continuity within an individual student's assignment in the assigning process, however the software shall be able to "mix" the numeric assignment when necessitated by the student's sizes and available inventory. The software shall be able to generate lists of the uniform inventory, student sizes, assigned uniforms, needed sizes, and remaining inventory. The software shall also have the capability of recalling uniform assignments by searching for individual parts.

INDEMNIFICATION - THIRD PARTY CLAIMS – GENERAL (NOV 2011): Notwithstanding any limitation in this agreement, and to the fullest extent permitted by law, Contractor shall defend and hold harmless Indemnitees for and against any and all suits or claims of any character (and all related damages, settlement payments, attorneys' fees, costs, expenses, losses or liabilities) by a third party which are attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property arising out of or in connection with the goods or services acquired hereunder or caused in whole or in part by any act or omission of contractor, its subcontractors, their

employees, workmen, servants, agents, or anyone directly or indirectly employed by them or anyone for whose acts any of them may be liable, regardless of whether or not caused in part by an Indemnitee, and whether or not such claims are made by a third party or an Indemnitee; however, if an Indemnitee's negligent act or omission is subsequently determined to be the sole proximate cause of a suit or claim, the Indemnitee shall not be entitled to indemnification hereunder. Contractor shall be given timely written notice of any suit or claim. Contractor's obligations hereunder are in no way limited by any protection afforded under workers' compensation acts, disability benefits acts, or other employee benefit acts. This clause shall not negate, abridge, or reduce any other rights or obligations of indemnity which would otherwise exist. The obligations of this paragraph shall survive termination, cancelation, or expiration of the parties' agreement. This provision shall be construed fairly and reasonably, neither strongly for nor against either party, and without regard to any clause regarding insurance. As used in this clause, "Indemnitees" means Horry County Schools, its instrumentalities, agencies, departments, boards, and all their respective officers, agents and employees. [07-7B100-2]

As a condition of payment, contractor shall submit within three months of the effective date of the termination a claim specifying the amounts due because of the termination. The absence of an appropriate termination for convenience clause in any subcontract shall not increase the obligation of the district beyond what it would have been had the subcontract contained such a clause.
