Offerors might also be required to submit profiles and resumes of the staff to be assigned to the project, references, examples of similar work performed and other information that will clearly demonstrate the Offeror's relevant expertise, as specified in the solicitation.

A County Selection Advisory Committee ("SAC") will review and evaluate all written proposals based on the criteria identified in this solicitation. Subsequent evaluations, such as to select firms for negotiation, may include, but are not limited to, review of more detailed proposals and/or oral presentations. Any such subsequent evaluations will be based on the same criteria.

The County reserves the right to accept or reject and to waive any informalities or irregularities in the proposals and to contract as the best interests of the County require in order to obtain the services described in this RFP. Selection of an Offeror's proposal does not mean that all aspects of the proposal are acceptable to the County. The County reserves the right to negotiate terms and conditions with the selected Offeror before executing a contract.

ALL QUESTIONS RECEIVED BY THE QUESTION DEADLINE WILL BE RESPONDED TO WITHIN VENDOR REGISTRY AND POSTED FOR ALL OFFERORS. THE SYSTEM WILL NOT ACCEPT ANY QUESTIONS AFTER THIS DATE AND TIME.

If any questions or responses require revisions to this solicitation, such revisions will be by formal Addendum only. Offerors are cautioned not to rely on any written, electronic, or oral representations made by any County representative or other person, including the County’s technical contact, that appear to change any portion of the solicitation, unless the change is ratified by a written Addendum to this solicitation issued by the Office of the Purchasing Agent.

3. OFFERORS’ RESPONSIBILITY TO INVESTIGATE

Before submitting a proposal, each Offeror must make all investigations necessary to ascertain all conditions and requirements affecting the full performance of the contract and to verify any representations made by the County upon which the Offeror will rely. No pleas of ignorance of such conditions and requirements will relieve the successful Offeror from its obligation to comply in every detail with all provisions and requirements of the contract or will be accepted as a basis for any claim for any monetary consideration on the part of the successful Offeror.

4. INTEREST IN MORE THAN ONE PROPOSAL, AND COLLUSION

Reasonable grounds for believing that an Offeror is interested in more than one proposal for a solicitation, including both as an Offeror and as a subcontractor for another Offeror, or that collusion exists between two or more Offerors, will result in rejection of all affected proposals. However, an individual or entity acting only as a subcontractor may be included as a subcontractor on two or more different Offerors’ proposals. Offerors rejected under the above provision will also be disqualified if they respond to a re-solicitation for the same work.

5. COMPETITIVE NEGOTIATION FOR NON-PROFESSIONAL SERVICES

This solicitation is a competitive negotiation for goods and services, as defined in the Arlington County Purchasing Resolution. The content of the proposals and the identity of the offerors are not public record until a Notice of Decision to Award has been issued. The opening of proposals is therefore not public.

6. NOTICE OF DECISION TO AWARD

When the County has made a decision to award a contract(s), the County will post an Award Notice or Intent to Award to [Vendor Registry](#).

7. TRADE SECRETS OR PROPRIETARY INFORMATION

Trade secrets or proprietary information that an Offeror submits in connection with a procurement transaction may be exempted from public disclosure under the Virginia Freedom of Information Act (“VFOIA”). However, the Offeror must invoke VFOIA protection clearly and in writing on the Proposal Form for County review. The Proposal Form must include at least the following: (1) the data or other materials sought to be protected and (2) specific reasons why the material is confidential or proprietary. It is the Offeror’s sole responsibility to defend such exemptions if challenged in a court of competent jurisdiction.

8. FINANCIAL STATEMENT

If requested by the County, an Offeror must submit its most recent independent certified public accountant's audit of its finances, including the management letter and other ancillary audit components. If the audited financial statement is not available, the Offeror must submit a written statement explaining the statement’s absence and provide other documents (e.g., tax returns) that enable the County to assess the Offeror’s financial condition. Failure to submit a financial statement upon request will be grounds for immediate disqualification. If the financial statement is not for the identical organization submitting the offer, the Offeror must submit a written explanation of the relationship and financial responsibility of the organization whose financial statement is provided (e.g., parent-subsiary).

The County will return the financial statement at the conclusion of the award process only upon receipt of a written request signed by an officer of the organization or the same person who signed the original Proposal Form. The County considers a non-public financial statement submitted pursuant to this paragraph to be proprietary information that is not subject to disclosure under VFOIA.

9. DEBARMENT STATUS

The Offeror must indicate on the Proposal Form whether it or any of its principals is currently debarred, enjoined, or suspended from submitting proposals to the County or to any other state or political subdivision and whether the Offeror is an agent of any person or entity that is currently debarred, enjoined or suspended from submitting proposals to the County or to any other state or political subdivision. An affirmative response may be considered grounds for rejection of the proposal.

10. CONFLICT OF INTEREST STATEMENT

The Offeror must provide a statement regarding any potential conflict of interest, with the notarized signature of a principal of the Offeror, on the form provided in this solicitation.

11. REPLACEMENT OR AUGMENTATION OF KEY PERSONNEL OR SUBCONTRACTORS

The key personnel and subcontractors in an Offeror's proposal are considered essential to the Offeror's qualifications and may not be replaced or substituted, nor may additional personnel or subcontractors be added, after qualification of the Offeror's proposal unless the County approves the changes in advance in writing.

12. AUTHORITY TO TRANSACT BUSINESS

Any Offeror organized as a stock or nonstock corporation, limited liability company, business trust, or limited partnership or registered as a registered limited liability partnership must be authorized to transact business in the Commonwealth of Virginia as a domestic or foreign business entity if so required by Title 13.1 or Title 50 of the Code of Virginia, or as otherwise required by law. The proper and full legal name of the entity and the identification number issued to the Offeror by the Virginia State Corporation Commission must be included on the Proposal Form. Any Offeror that is not required to be authorized to transact business in the Commonwealth must include in its proposal a statement describing why the Offeror is not required to be so authorized. The County may require an Offeror to provide documentation that 1) clearly identifies the complete name and legal form of the entity and 2) establishes that the entity is authorized by the State Corporation Commission to transact business in the Commonwealth of Virginia. Failure of an Offeror to provide such documentation will be a ground for rejection of the proposal or cancellation of any award. For further information refer to the Commonwealth of Virginia State Corporation Commission website at: www.scc.virginia.gov.

The County reserves the right to waive this requirement at any time, for any reason.

13. EXCEPTIONS TO TERMS AND CONDITIONS

The attached draft Contract Terms and Conditions contain a number of mandatory terms, which are marked with an asterisk. Those terms are not negotiable. If an Offeror objects to a mandatory term, the County will consider the proposal non-responsive.

The Offeror must state whether it requests revisions to any of the remaining, non-mandatory terms and, if so, must explain the reason for the request(s) and propose alternative language. An Offeror who does not request a revision in its proposal may not object or request revisions to any contract terms during the negotiation process. This requirement does not apply to contract provisions concerning liability, to which a successful Offeror may note exception at the beginning of contract negotiations.

The County will review any request for revisions to non-mandatory terms after the selection of finalists for negotiation. Such requests will not factor into the evaluation of proposals.

14. INSURANCE REQUIREMENTS

Each Offeror must be able to demonstrate proof of the specific coverage requirements and limits applicable to this solicitation. If the Offeror is not able to do so, it may propose alternate insurance coverage in its exceptions to the County's Terms and Conditions.

15. ARLINGTON COUNTY BUSINESS LICENSES

The successful Offeror must comply with the provisions of Chapter 11 ("Licenses") of the Arlington County Code, if applicable. For information on the provisions of that Chapter and its applicability to this solicitation, contact the Arlington County Business License Division, Office of the Commissioner of the Revenue, at 2100 Clarendon Blvd., Suite 200, Arlington, Virginia, 22201, tel. 20. TERMINATION

The County may terminate this Contract at any time as follows: (1) for cause, if, as determined by the County, the Contractor is in breach or default or has failed to perform the Work satisfactorily; or (2) for the convenience of the County.

Upon receipt of a notice of termination, the Contractor must not place any further orders or subcontracts for materials, services or facilities; must terminate all vendors and subcontracts, except as are necessary for the completion of any portion of the Work that the County did not terminate; and must immediately deliver all documents related to the terminated Work to the County.

Any purchases that the Contractor makes after the notice of termination will be the sole responsibility of the Contractor, unless the County has approved the purchases in writing as necessary for completion of any portion of the Work that the County did not terminate.

If any court of competent jurisdiction finds a termination for cause by the County to be improper, then the termination will be deemed a termination for convenience.

A. TERMINATION FOR CAUSE, INCLUDING BREACH AND DEFAULT; CURE

1. Termination for Unsatisfactory Performance. If the County determines that the Contractor has failed to perform satisfactorily, then the County will give the Contractor written notice of such failure(s) and the opportunity to cure them within 15 days or any other period specified by the County ("Cure Period"). If the Contractor fails to cure within the Cure Period, the County may terminate the Contract for failure to provide satisfactory performance by providing written notice with a termination date. The Contractor must submit any request for termination costs, with all supporting documentation, to the County Project Officer within 30 days after the expiration of the Cure Period. The County may accept or reject the request for termination costs, in whole or in part, and may notify the Contractor of its decision within a reasonable time.

In the event of termination by the County for failure to perform satisfactorily, the Contractor must continue to provide its services as previously scheduled through the termination date, and the County must continue to pay all fees and charges incurred through the termination date.

2. Termination for Breach or Default. If the County terminates the Contract for default or breach of any Contract provision or condition, then the termination will be immediate after notice of termination to the Contractor (unless the County provides for an opportunity to cure), and the Contractor will not be permitted to seek termination costs.

Upon any termination pursuant to this section, the Contractor will be liable to the County for costs that the County must expend to complete the Work, including costs resulting from any related delays and from unsatisfactory or non-compliant work performed by the Contractor or its subcontractors. The County will deduct such costs from any amount due to the Contractor; or if the County does not owe the Contractor, the Contractor must promptly pay the costs within 15 days of a demand by the County. This section does not limit the County's recovery of any other damages to which it is entitled by law.

Except as otherwise directed by the County, the Contractor must stop work on the date of receipt the notice of the termination.

B. TERMINATION FOR THE CONVENIENCE OF THE COUNTY

Business Associate shall cooperate with Covered Entity in investigating the Breach and in meeting Covered Entity's obligations under HIPAA and any other applicable security breach notification laws, including, but not limited to, providing Covered Entity with such information in addition to Business Associate's report as Covered Entity may reasonably request, e.g., for purposes of Covered Entity making an assessment as to whether/what Breach Notification is required.

Business Associate's report under this subsection shall, to the extent available at the time the initial report is required, or as promptly thereafter as such information becomes available but no later than 30 days from discovery, include:

1. The identification (if known) of each Individual whose Unsecured Protected Health Information has been, or is reasonably believed by Business Associate to have been, accessed, acquired, or disclosed during such Breach;

- p) Business Associate shall maintain for a period of six years all information required to be reported under paragraph "o". This records retention requirement does not in any manner change the obligation to timely disclose all required information relating to a non-permitted acquisition, access, use or disclosure of Protected Health Information to the County Privacy Officer and the County Project Officer or designee five business days following Discovery.

3) Permitted Uses and Disclosures by Business Associate

Except as otherwise limited in this Business Associate Agreement, Business Associate may use or disclose PHI, consistent with HIPAA, as follows:

- a) Business Associate may use or disclose PHI as necessary to perform functions, activities, or services to or on behalf of Covered Entity under any service agreement(s) with Covered Entity, including Data Aggregation services related to the health care operations of Covered Entity, if called for in the Underlying Agreement, if Business Associate's use or disclosure of PHI would not violate HIPAA if done by Covered Entity.
- b) Business Associate may use PHI for the proper management and administration of Business Associate or to carry out the legal responsibilities of Business Associate.
- c) Business Associate may disclose PHI for the proper management and administration of Business Associate if:
1. Disclosure is Required by Law;
 2. Business Associate obtains reasonable assurances from the person to whom the PHI is disclosed that the PHI will remain confidential, and will be used or further disclosed only as Required by Law or for the purpose for which it was disclosed, and the person agrees to promptly notify Business Associate of any known breaches of the PHI's confidentiality; or
 3. Disclosure is pursuant to an order of a Court or Agency having jurisdiction over said information.
- d) Business Associate may use PHI to report violations of law to appropriate Federal and State authorities, consistent with 45 CFR § 164.502(j)(1).

4) Obligations of Covered Entity

- a) Covered Entity will notify Business Associate of any limitations on uses or disclosures described in its Notice of Privacy Practices (NOPP).
- b) Covered Entity will notify Business Associate of any changes in, or revocation of, permission by an Individual to use or disclose PHI, to the extent that such changes or revocation may affect Business Associate's use or disclosure of PHI.

- c) Covered Entity will notify Business Associate of any restriction of the use or disclosure of PHI, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.
- d) Covered Entity will notify Business Associate of any alternative means or locations for receipt of communications by an Individual which must be accommodated or permitted by Covered Entity, to the extent that such alternative means or locations may affect Business Associate's use or disclosure of PHI.
- e) Except as otherwise provided in this Business Associate Agreement, Covered Entity will not ask Business Associate to use or disclose PHI in any manner that would not be permissible under HIPAA if such use and/or disclosure was made by Covered Entity.

5) Term, Termination and Breach

- a) This Business Associate Agreement is effective when fully executed and will terminate when all of the PHI provided by Covered Entity to Business Associate or created or received by Business Associate on behalf of Covered Entity, is destroyed or returned to Covered Entity, including any material provided to subcontractors. If it is infeasible to return or destroy all PHI, protections are extended to such information, in accordance with the Section 5(d) and 5(e) below.
- b) Upon Covered Entity's determination that Business Associate has committed a violation or material breach of this Business Associate Agreement, and in Covered Entity's sole discretion, Covered Entity may take any one or more of the following steps:
 - 1. Provide an opportunity for Business Associate to cure the breach or end the violation, and if Business Associate does not cure the Breach or end the violation within a reasonable time specified by Covered Entity, terminate this Business Associate Agreement;
 - 2. Immediately terminate this Business Associate Agreement if Business Associate has committed a material breach of this Business Associate Agreement and cure of the material breach is not feasible; or,
 - 3. If neither termination nor cure is feasible, elect to continue this Business Associate Agreement and report the violation or material breach to the Secretary.
- c) If Business Associate believes Covered Entity has failed to fulfill any of its duties under this Business Associate Agreement, Business Associate will promptly notify Covered Entity as to same and Covered Entity shall promptly address the matter with Business Associate.
- d) Except as provided in Section 5(e) upon termination of this Business Associate Agreement for any reason, Business Associate will return or destroy, at the discretion of Covered Entity, all PHI received from Covered Entity or created or received by Business Associate on behalf of Covered Entity. This provision will also apply to PHI that is in the possession of workforce members, subcontractors, or agents of Business Associate. Neither Business Associate, nor any workforce member, subcontractor, or agent of Business Associate, will retain copies of the PHI.
- e) If Business Associate determines that returning or destroying all or part of the PHI received or created by and/or on behalf of Covered Entity is not feasible, Business Associate will notify

Covered Entity of the circumstances making return or destruction infeasible. If Covered Entity agrees that return or destruction is infeasible, then Business Associate will extend the protections of this Business Associate Agreement to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business Associate maintains such PHI. Business Associate further agrees to retain the minimum necessary PHI to accomplish those tasks/responsibilities which make return and/or destruction infeasible.

6) Miscellaneous

- a) Covered Entity and Business Associate agree to take any action necessary to amend this Business Associate Agreement from time to time as may be necessary for Covered Entity or Business Associate to comply with the requirements of HIPAA, and/or any other implementing regulations or guidance.
- b) Notwithstanding the expiration or termination of this Business Associate Agreement or any Underlying Agreement, it is acknowledged and agreed that those rights and obligations of Business Associate which by their nature are intended to survive such expiration or termination shall survive, including, but not limited to, Sections 5(d) and 5(e) herein.
- c) In the event the terms of this Business Associate Agreement conflict with the terms of any other agreement between Covered Entity and Business Associate or the Underlying Agreement, then the terms of this Business Associate Agreement shall control.

- e) Covered Entity will have the right to inspect any records of Business Associate or to audit Business Associate to determine whether Business Associate is in compliance with the terms of this Business Associate Agreement. However, this provision does not create any obligation on the part of Covered Entity to conduct any inspection or audit.
- f) Nothing in this Business Associate Agreement shall be construed to create a partnership, joint venture, or other joint business relationship between the parties or any of their affiliates, or a relationship of employer and employee between the parties. Rather, it is the intention of the parties that Business Associate shall be an independent contractor.
- g) Nothing in this Business Associate Agreement provides or is intended to provide any benefit to any third party.
- h) The Business Associate will indemnify and hold harmless Arlington County, its elected officials, officers, directors, employees and/or agents from and against any employee, federal administrative action or third party claim or liability, including attorneys' fees and costs, arising out of or in connection with the Business Associate's violation (or alleged violation) and/or any violation and/or alleged violation by Business Associate's workforce, agent/s, or subcontractor/s of the terms of this Business Associate Agreement, federal law, HIPAA, the HITECH Act, and/or other implementing regulations or guidance or any associated audit or investigation.

The obligation to provide indemnification under this Business Associate Agreement shall be contingent upon the party seeking indemnification providing the indemnifying party with written notice of any claim for which indemnification is sought. Any limitation of liability provisions contained in the Underlying Agreement do not supersede, pre-empt, or nullify this provision or the Business Associate Agreement generally.

This indemnification shall survive the expiration or termination of this Business Associate Agreement or the Underlying Agreement.

- i) Any ambiguity in this Business Associate Agreement shall be resolved to permit the parties to comply with HIPAA, its implementing regulations, and associated guidance. The sections, paragraphs, sentences, clauses and phrases of this Business Associate agreement are severable. If any phrase, clause, sentence, paragraph or section of this Business Associate Agreement is declared invalid by a court of competent jurisdiction, such invalidity shall not affect any of the remaining phrases, clauses, sentences and sections of this Business Associate Agreement.
- j) If any dispute or claim arises between the parties with respect to this Business Associate Agreement, the parties will make a good faith effort to resolve such matters informally, it being the intention of the parties to reasonably cooperate with each other in the performance of the obligations set forth in this Business Associate Agreement. The Dispute Resolution clause of the Underlying Agreement ultimately governs if good faith efforts are unsuccessful.
- k) A waiver with respect to one event shall not be construed as continuing, or as a bar to or waiver of any other right or remedy as to any subsequent events.
- l) Neither party may assign any of its rights or obligations under this Business Associate Agreement without the prior written consent of the other party.

- m) This Business Associate Agreement and the rights and obligations of the parties hereunder shall be construed, interpreted, and enforced with, and shall be governed by, the laws of the Commonwealth of Virginia and the United States of America.
- n) This Business Associate Agreement shall remain in effect for the duration of the Underlying Agreement between the parties, any renewals, extension or continuations thereof, and until such time as all PHI in the possession or control of the Business Associate has been returned to the Covered Entity and/or destroyed. If such return or destruction is not feasible, the Business Associate shall use such PHI only for such limited purposes that make such return or destruction not feasible, and the provision of this Business Associate Agreement shall survive with respect to such PHI.
- o) The Business Associate shall be deemed to be in violation of this Business Associate Agreement if it knew of, or with the exercise of reasonable diligence or oversight should have known of, a pattern of activity or practice of any subcontractor, subsidiary, affiliate, agent or workforce member that constitutes a material violation of that entity's obligations in regard to PHI unless the Business Associate took prompt and reasonable steps to cure the breach or end the violation, as applicable, and if such steps were unsuccessful, terminated the contract or arrangement with such entity, if feasible.
- p) Upon the enactment of any law or regulation affecting the use or disclosure of PHI, or any change in applicable federal law including revisions to HIPAA; upon publication of any decision of a court of the United States or of the Commonwealth of Virginia, relating to PHI or applicable federal law; upon the publication of any interpretive policy or opinion of any governmental agency charged with the enforcement of PHI disclosures or applicable federal law, the County reserves the right, upon written notice to the Business Associate, to amend this Business Associate Agreement as the County determines is necessary to comply with such change, law or regulation. If the Business Associate disagrees with any such amendment, it shall so notify the County in writing within thirty (30) days of the County's notice. In case of disagreement, the parties agree to negotiate in good faith the appropriate amendment(s) to give effect to such revised obligation. In the County's discretion, the failure to enter into an amendment shall be deemed to be a default and good cause for termination of the Underlying Agreement.
- q) The County makes no warranty or representation that compliance by the Business Associate with this Business Associate Agreement, HIPAA, the HITECH Act, federal law or the regulations promulgated thereunder will be adequate or satisfactory for the Business Associate's own purposes or to ensure its compliance with the above. The Business Associate is solely responsible for all decisions made by it, its workforce members, agents, employees, subsidiaries and subcontractors regarding the safeguarding of PHI and compliance with federal law.
- r) The Business Associate agrees that its workforce members, agents, employees, subsidiaries and subcontractors shall be bound by the confidentiality requirements herein and the provisions of this Business Associate Agreement shall be incorporated into any training or contracts with the same.
- s) This Business Associate Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same document.

t) This Business Associate Agreement shall replace and supersede any prior Business Associate Agreement entered between the parties.

IN WITNESS WHEREOF, each party hereto has executed this Business Associate Agreement in duplicate originals on the date below written:

Contractor also agrees that it will not directly or indirectly use or facilitate the use or dissemination of County information (whether intentionally or by inadvertence, negligence or omission and whether verbally, electronically, through paper transmission or otherwise) for any purpose other than that directly associated with its work under the Project. The Contractor acknowledges that any unauthorized use, dissemination or disclosure of County Information is prohibited and may also constitute a violation of Virginia or federal laws, subjecting it or its employees to civil and/or criminal penalties.

Contractor agrees that it will not divulge or otherwise facilitate the disclosure, dissemination or access to or by any unauthorized person, for any purpose, of any Information obtained directly, or indirectly, as a result of its work on the Project. Contractor agrees to take strict security measures to ensure that County Information is kept secure; is properly stored in accordance with industry best practices, and if stored is encrypted; and is otherwise protected from retrieval or access by unauthorized persons or for unauthorized purposes. Any device or media on which County Information is stored, even temporarily, will have strict encryption, security, and access control. Any County Information that is accessible will not leave Contractor’s work site or the County’s physical facility, if the Contractor is working onsite, without written authorization of the County

Project Officer. If remote access or other media storage is authorized, the Contractor is responsible for the security of such storage device or paper files.

Contractor will ensure that any laptops, PDAs, netbooks, tablets, thumb drives or other media storage devices, as approved by the County and connected to the County network, are secure and free of all computer viruses, and running the latest version of an industry-standard virus protection program. The Contractor will ensure that all user accounts and passwords used by its employees or subcontractors are robust, protected and not shared. The Contractor will not download any County Information except as agreed to by the parties and then only onto a County-approved device. The Contractor understands that downloading onto a personally owned device or service, such as personal e-mail, Dropbox, etc., is prohibited.

Contractor agrees that it will notify the County Project Officer immediately upon discovery or becoming aware or suspicious of any unauthorized disclosure of County Information, security breach, hacking or other breach of this agreement, the County's or Contractor's security policies, or any other breach of Project protocols concerning data security or County Information. The Contractor will fully cooperate with the County to regain possession of any Information and to prevent its further disclosure, use or dissemination. The Contractor also agrees to promptly notify others of a suspected or actual breach if requested.

The Contractor agrees that all duties and obligations enumerated in this Agreement also extend to its employees, agents or subcontractors who are given access to County information. Breach of any of the above conditions by Contractor's employees, agents or subcontractors shall be treated as a breach by the Contractor. The Contractor agrees that it shall take all reasonable measures to ensure that its employees, agents and subcontractors are aware of and abide by the terms and conditions of this agreement and related data security provisions in the Main Agreement.

It is the intent of this *Non-Disclosure and Data Security Agreement* to ensure that the Contractor has the highest level of administrative safeguards, information security, disaster recovery and other best practices in place to ensure confidentiality, protection, privacy and security of County information and County-networked resources and to ensure compliance with all applicable local, state and federal laws or regulatory requirements. EVALUATION RATINGS DEFINITIONS

Rating	Definition	Notes
Excellent	Performance meets contractual requirements and exceeds many to the County's benefit. The contractual performance of the element or sub-element being evaluated was accomplished with few minor problems for which corrective actions taken by the contractor were highly effective.	To justify an Exceptional rating, identify multiple significant events and state how they were of benefit to the County. A singular benefit, however, could be of such magnitude that it alone constitutes an Exceptional rating. Also, there should have been NO significant weaknesses identified.
Satisfactory	Performance meets contractual requirements. The contractual performance of the element or sub-element contains some minor problems for which corrective actions taken by the contractor appear or were satisfactory.	To justify a Satisfactory rating, there should have been only minor problems, or major problems the contractor recovered from without impact to the contract/order. There should have been NO significant weaknesses identified. A fundamental principle of assigning ratings is that contractors will not be evaluated with a rating lower than Satisfactory solely for not performing beyond the requirements of the contract/order.
Poor	Performance does not meet some contractual requirements. The contractual performance of the element or sub-element being evaluated reflects a serious problem for which the contractor has not yet identified corrective actions. The contractor's proposed actions appear only marginally effective or were not fully implemented.	To justify poor performance, identify a significant event in each category that the contractor had trouble overcoming and state how it impacted the County. A poor rating should be supported by referencing the management tool that notified the contractor of the contractual deficiency (e.g., management, quality, safety, or environmental deficiency report or letter).
Unacceptable	Performance does not meet most contractual requirements and recovery is not likely in a timely manner. The contractual performance of the element or sub-element contains a serious problem(s) for which the contractor's corrective actions appear or were ineffective.	To justify an Unsatisfactory rating, identify multiple significant events in each category that the contractor had trouble overcoming and state how it impacted the County. A singular problem, however, could be of such serious magnitude that it alone constitutes an unsatisfactory rating. An Unsatisfactory rating should be supported by referencing the management tools used to notify the contractor of the contractual deficiencies (e.g., management, quality, safety, or environmental deficiency reports, or letters).
Not Applicable (N/A)	N/A (not applicable) should be used if the ratings are not going to be applied to a particular area for evaluation.
