Memorandum

To: Kyle Prufer, Acting Purchasing Officer
From: Ray C. Funnye, Director of Public Services 
Date: October 19, 2020
RE: Bid # 20-055: Comprehensive MS4 Permit Support and Stormwater Engineering & Consulting Services, IDIQ

On September 9, 2020, Georgetown County received six responses for RFQu#20-055: Comprehensive MS4 Permit Support and Stormwater Engineering & Consulting Services, IDIQ, from: Cranston Engineering Group, Davis & Floyd, Inc., Hanna Engineering, Johnson, Laschober & Associates, Thomas & Hutton, and Woolpert, Inc. On September 25, 2020, the 6-member review committee appointed by the County Administrator thoroughly reviewed and shortlisted the respondents to the following four firms: **Cranston Engineering Group, Davis & Floyd, Inc., Thomas & Hutton and Woolpert, Inc.**

Interviews with the four bidders for the second portion of the review committee's evaluation process were held on Monday, October 19, 2020. A detailed discussion ensued at the conclusion of the interviews, after which the committee members independently ranked the firms on the original criteria, and two frontrunners emerged: Cranston Engineering Group and Woolpert, Inc.

Woolpert, Inc., has been a reliable and professional consultant to Georgetown County over many years. Cranston Engineering Group demonstrated a high level of expertise in stormwater management throughout their presentation and has successfully handled complex projects similar to ours in Georgetown County. Therefore, I recommend RFQu #20-055: Comprehensive MS4 Permit Support and Stormwater Engineering & Consulting Services, IDIQ, be awarded to both Cranston Engineering Group and Woolpert, Inc.
