**I. Statement of Intent**

The City of Knoxville is requesting proposals from responsible firms to provide a replacement fuel management system for Knoxville Area Transit (KAT). **III. Background**

Knoxville Area Transit (KAT) provides bus transit service as a division of the City of Knoxville. Currently KAT operates sixty one (61) heavy-duty diesel buses, twelve (12) medium-duty gasoline cutaway buses, twenty-two (22) small cutaway gasoline vans, and seventeen (17)

gasoline support vehicles. Fueling and fluids servicing occurs every day with annual dispensed bulk fluids at approximately 600,000 gallons of diesel, 200,000 gallons of gasoline, 4,000 gallons of oil, 500 gallons of ATF, and 8,000 gallons of DEF. Bulk fluids dispensing is currently managed by a Gasboy system that was originally installed in 1989. Inside the service building, KAT operates one diesel pump with adjacent overhead reel dispensers for motor oil, antifreeze, and ATF. An additional dispenser reel for DEF is mounted to the adjacent wall. Immediately outside the service building, KAT operates a gasoline dispenser pump. Across the street, KAT mechanics operate dispenser reels located throughout the maintenance shop that dispense motor oil, antifreeze, and ATF. Currently, dispensed fuel and fluid data is captured in a dedicated computer where it is converted and uploaded onto a thumb drive and transferred into TransitFleet Maintenance Management software system. All underground storage tanks (UST) are monitored by Veedor-Root TLS 350 systems.

Knowledge of Conditions. All proposers are required to examine the Specifications carefully and to be informed thoroughly regarding any and all conditions and requirements that may in any manner affect the work to be performed under the contract. No allowances will be made because of lack of knowledge of these specifications, conditions, or requirements.

## V. Specifications

5.1 The fuel management system must control and account for fluids dispensed through existing dispensing equipment.

5.2. Remote system activation control consoles utilizing key FOBs or other control device shall enable an employee to activate user defined dispensers, both individual dispensers (such as gasoline only) and a group of dispensers (such as diesel, oil, antifreeze, ATF, and DEF) for a specific vehicle, group of vehicles, or the entire fleet throughout a work shift.

5.3. Remote system activation control consoles shall be installed in the following locations.

5.3.1. Inside the service building near the diesel pump.

5.3.2. Outside the service building adjacent to the unleaded pump.

5.3.3. Inside the maintenance shop.

5.4. The system shall have a method for allowing users to dispense fuel and other fluids into small containers such as gas cans or other secondary containers. The system must also account for and report these dispensed fluids into secondary containers.

5.7. If the system software is designed to reside on a centralized computer server, proposals shall provide details for hardware requirements. Three (3) City network workstations will require access to the fuel management system – shop supervisor, maintenance director, and chief maintenance officer.

5.8. Accounting methods for all fluids dispensed shall be configurable to U.S. gallons and quarts.

5.9. An automated feature shall also be provided that, once the dispensing system is activated by an employee, data listed above and vehicle major component health codes (engine, transmission, HVAC, etc.) is automatically captured through the vehicle J1939 multiplex or other system and transmitted via contractor installed RFID (or similar) technology.

Proposals must include pricing for annual maintenance service beyond the first two years of installation for the life of the system. The awarded contractor may adjust the annual renewal prices in accordance with the increase or decrease, if any, in the Producer Price Index (PPI), using as a basis of such adjustment the “Software Publishers: Other Application Software Publishing – PCU51121051121050202” (index) for the most recently published index by the Bureau of Labor Statistics of the United States Department of Labor, excepting that the

maximum annual increase shall not exceed 3.5%. The new rate for each year will be calculated as per the following example:

PPI for current period (Current April Index):	110.4
minus PPI for previous period (Prior April Index):	107.3
equals Index point change	3.1

Index point change (3.1) ÷ Prior year Index (110.4) = 0.028 (rounded up) x 100 = 2.8% index change

1.0% index change x current Unit Price – Price Increase + Current Unit Price = New Unit Price

The City also may adjust annual renewal prices downward if the PPI index decreases by ten percent (10%) or more from the date of the last increase in price. Increases in annual renewal prices may occur after Contractor has given the City written notice of such change and the City approves the calculation.

6.4 Independent Contractor. The relationship of contractor to the City will be that of independent contractor. The contractor will be solely and entirely responsible for its acts and for the acts of its agents, employees, servants and subcontractors done during the performance of the contract. All services performed by the contractor shall be provided in an independent contractor capacity and not in the capacity of officers, agents, or employees of the City.

6.5 Assignment. The contractor shall not assign or transfer any interest in this contract without prior written consent of the City of Knoxville.

Contractor shall defend, indemnify and hold harmless the City, its officers, employees and agents from any and all liabilities which may accrue against the City, its officers, employees and agents

or any third party for any and all lawsuits, claims, demands, losses or damages alleged to have arisen from an act or omission of Contractor in performance of this Agreement or from Contractor's failure to perform this Agreement using ordinary care and skill, except where such injury, damage, or loss was caused by the sole negligence of the City, its agents or employees.

The indemnification and hold harmless provisions of this Agreement shall survive termination of the Agreement.

6.7 Termination. The City may terminate this Agreement at any time, with or without cause, by written notice of termination to the Contractor.

If the City terminates this Agreement, and such termination is not a result of a default by the Contractor, the Contractor shall be entitled to receive as its sole and exclusive remedy the following amounts from the City, and the City shall have no further or other obligations to the Contractor: the amount due to the Contractor for work executed through the date of termination, not including any future fees, profits, or other compensation or payments which the Contractor would have been entitled to receive if this Agreement had not been terminated.

If this Agreement is terminated in whole or in part for default, the City may procure, upon such terms and in such manner as the Purchasing Agent may deem appropriate, supplies or services similar to those terminated.

# DIVERSITY BUSINESS ENTERPRISE (DBE) PROGRAM

The City of Knoxville strongly encourages prime contractors to employ diverse businesses in the fulfillment of contracts/projects for the City of Knoxville.

The City of Knoxville's Fiscal Year 2017 goal is to conduct 3.33% of its business with minority-owned businesses, 9.21% of its business with woman-owned businesses, and 45.5% with small businesses.

While the City cannot engage (pursuant to state law) in preferential proposalding practices, the City does **strongly encourage** prime contractors to seek out and hire diverse businesses in order to help the City meet its goals as stated above. As such, the City encourages prime contractors to seek out and consider competitive sub-proposals and quotations from diverse businesses.

For DBE tracking purposes, the City requests that prime contractors who are proposalding, proposing, or submitting statements of qualifications record whether or not they plan to employ DBE's as sub-contractors or consultants. With that in mind, please fill out, sign and submit (with your proposal/proposal) the following sub-contractor/ consultant statement.
