WAYFINDING SIGNAGE PROGRAM

The City of Havelock, working under the direction of the City Manager, is soliciting proposals from qualified firms and /or teams to complete specifications, fabrication, and installations for the implementation of a wayfinding signage program within the City of Havelock with a concentration on the downtown area.

OVERVIEW

Havelock is a City of approximately 18,000 residents located near the Neuse River and United States Marine Corps Air Station Cherry Point in eastern North Carolina. Havelock is well-regarded for its unique small-town feel. In recent years, the City has implemented various economic development programs and improvements, including a new ADA compliant amphitheater, Music in the Park, and kayak launch with new restrooms along Slocum Creek to attract local and regional visitors to the City's retail areas and other points of interest.

GOALS

The primary goal of this project is to establish a program for wayfinding signage to serve residents and visitors to the City of Havelock. The focus of the wayfinding system will be signs within the public right-of-way.
