

RFB 2204 Lawn Care

ADDENDUM 1 November 9th, 2021

This addendum is to post the following updates:

1. Transportation cut location will have a retention pond requiring a cut.
2. There is a hill on Shoally Creek Elementary that will need to be cut 2-3 times a year.
3. The mulch type will be died mulch color and the schools will select the color. Also, the bid will be the price to bring mulch and spread per cubic yard.
4. Boiling Springs Elementary and Middle school will have straw bales used instead of mulch.
5. Chesnee Elementary has River rock instead of mulch.
6. The contract award will be per school and each award will encompass all services related to that school (i.e. Cuts, Pruning, retention pond, hills, mulch spread)
