4.2. FORCE MAJEURE

The City and Supplier will be excused from the performance of their respective obligations under this Contract when and to the extent that their performance is delayed or prevented by any circumstances beyond their control including but not limited to, fire, flood, explosion, strikes or other labor disputes, act of God or public emergency, war, riot, order/act of any governmental authority, provided that:

- **4.2.1.** The non-performing party gives the other party prompt written notice within three (3) business days describing the particulars of the Force Majeure including, but not limited to, the nature of the occurrence and its expected duration, and continues to furnish timely reports with respect thereto during the period of the Force Majeure;
- **4.2.2.** The excuse of performance is of no greater scope and of no longer duration than is required by the Force Majeure;
- **4.2.3.** No obligations of either party that arose before the Force Majeure causing the excuse of performance are excused as a result of the Force Majeure;
- **4.2.4.** The non-performing party uses its best efforts to remedy its inability to perform. Economic hardship of the Provider will not constitute Force Majeure. The term of the Provider shall be extended by a period equal to that during which either party's performance is suspended under this Section.

The provisions of this section shall not preclude the City from canceling or terminating any resulting award (or any order for any goods or services included herein), or from revising the scope of the Work, as otherwise permitted under this RFP.

4.3. SUPPLIER'S INVOICE

- **4.3.1.** The Supplier shall prepare and submit invoices to the attention of the project manager at: City of Griffin, Attn: <u>(insert project manager name)</u>, PO Box T, Griffin, GA 30224. A proper invoice must include the items listed below:

Delivery shall be made only as authorized by orders issued in accordance with the Ordering clause. Subject to any limitations in the Order clause or elsewhere in this contract, the Supplier shall furnish to the City all items specified in the Bid Schedule and called for by orders issued in accordance with the Ordering clause.

4.7. ASSIGNMENT OR NOVATION OF CONTRACT

The Supplier shall not assign or transfer, whether by Assignment or Novation, any of its rights, duties, benefits, obligations, liabilities, or responsibilities under the Contract without the written consent of the City; provided, however, that assignments to banks, trust companies or other financial institutions for the purpose of securing a bond may be made without the consent of the City.

The City considers late delivery of contract items as reasonable cause to terminate the contract.

Prior to termination, a Cure Notice will be issued by the City. The Notice will identify the problems and deadlines that need to be met to remedy the problems to avoid termination for default. If the Supplier does not respond with an acceptable action plan to remedy the default or commence to remedy the default within a period of five (5) business days (or such longer period as the City may authorize in writing) after the issuance of notice, the City may issue termination for cause.

4.9. TERMINATION FOR CONVENIENCE

The City reserves the right to terminate the resulting contract, in whole or in part, in the event the City determines that such termination is in the best interest of the City, such as an unforeseen project cancellation. 4.11.CHANGES

All work and materials furnished for this project shall be made in conformance with the contract documents. Changes in the scope of work or the terms and conditions of this contract may be made only by written agreement of the parties. The Supplier shall report any contract disputes and/or problems to the Procurement Analyst, both verbally and in writing within 48 hours of their occurrence.

The Supplier shall supply the City with proof of compliance with the Workers' Compensation Act while performing work for the City by way of a COI. This proof must be received by the City **prior to** the commencement of work.  - 5.2.1.2. If the Supplier, for any reason, fails to maintain insurance coverage which is required pursuant to this Agreement, the same shall be deemed a material breach of contract. City, at its sole option, may terminate this Agreement and obtain damages from the Supplier resulting from said breach.

The coverage shall contain no special limitations on the scope of protection afforded to the City, members of the City Commission, boards, commissions and committees, officers, agents, employees and volunteers.
 - 5.2.2.2. The Supplier's insurance coverage shall be primary insurance as respects the City, members of its City Commission, boards, commissions and committees, officers, agents, employees and volunteers. Any insurance or self-insurance maintained by the City, members of its City Commission, boards, commissions and committees, officers, agents, employees and volunteers shall be excess of the Supplier's insurance and shall not contribute with it.

SUPPLIER DISCLOSURES 19-006

All solicitations MUST contain signed and notarized statement of Non-Collusion and non-Conflict of Interest. Any YES response for other disclosures must be detailed and attached to this sheet as part of your submittal. Reference to 'Supplier' denotes the organization submitting the response as well as the principal representing the organization.

Collusion. Collusion exists when two or more parties act together to achieve a fraudulent or unlawful act. Collusion inhibits free and open competition and is in violation of antitrust laws.

I certify that this bid response is genuine and is not a collusive or sham proposal. I further state that:

- The prepared response is made without prior understanding, agreement, or connection with any corporation, firm, or person submitting a bid or offer for the same supplies, labor, services, construction, materials or equipment to be furnished or professional or consultant services, and is in all respects fair and without collusion or fraud; and
- The price(s) submitted has/have been arrived at independently and without consultation, communication or agreement with any other supplier, supplier or potential responder to the solicitation; and
- No attempt has been made or will be made to induce any company or person to refrain from responding to this solicitation, or to induce them to submit a budget that is higher than the budget in this solicitation, or to submit any intentionally high or noncompetitive response or other form of nonresponsive submittal; and

Conflict of interest. A Conflict of Interest exists when personal interests interfere in any way with the best interest of the City. This can arise if any agent of the City or their families will receive a monetary or other type of benefit based on the award of this project or if any supplier has an unfair competitive advantage over other suppliers. A conflict is also perceived if any previous history would make it impossible for the supplier to objectively fulfill the obligations associated with this project.

I certify that there is no known conflict of interest with the City or any employee or agent of the City. There is presently no interest and no interest shall be acquired that would directly or indirectly conflict in any manner with the performance of this solicitation, should it be awarded.
