- Albuquerque Public Schools Online Bidding System (Vendor Registry) utilizes the Internet and the World Wide Web which is comprised of systems that are completely out APS's control including but not limited to: the District, its agents, and registered suppliers' respective internet service providers. The District and its agents are not responsible for Internet outages, hardware failures, software failures, downtime, internet slowness, acts of God, power failures, and or user errors. All bids/proposals must be submitted before the due date regardless of your organization's ability to submit proposals online. It is the suppliers' responsibility to ensure that Bid offers arrive before the due date and time. Bidders understand and agree that technical support may not be readily available the day of and or the hours/minutes prior to a bid closing time (Due Date/Time). Bidders also understand and agree that internet access, browsers, and operating systems are not supported by the District and/or its agents. Bidders are strongly encouraged to review, create, and submit all electronic bid responses several days in advance of the due date and time
