INVITATION TO BID

TRANSIT BUS ALLISON H-40 HYBRID DRIVE SYSTEM MIDLIFE OVERHAUL

The City of Knoxville desires to enter into a maximum price agreement with a responsible and responsive firm to perform major repairs up to and including midlife overhauls of Allison Transmission H40 hybrid electric drive systems installed in Gillig transit buses. Repairs and/or overhauls will be performed on an as-needed basis for transit buses for Knoxville Area Transit (KAT). A blanket purchase order will be awarded based upon the lowest priced system overhaul.

Bid pricing listed for mid-life complete system overhauls shall be the basis for maximum charges. Components for a complete system overhaul shall include the Energy Storage System (battery pack), Dual Power Inverter Module (DPIM), drive unit (transmission) and any connecting harnesses and related components. Lower charges will be incurred for lesser repairs and shall be based on individual part pricing and an hourly labor rate. When performing lesser repairs, the City will perform an individual cost analysis for each repair to ensure charges are fair and reasonable. Based upon hybrid bus life-cycle analysis and anticipated funding, KAT expects a minimum of nine (9) and a maximum of twelve (12) hybrid bus midlife overhauls over the next three years; the number of lesser repairs cannot be forecasted.

Note that funding for repairs/overhauls is provided to the City of Knoxville through a grant from the Federal Transit Administration. Federal requirements listed below shall apply.

Specifications. Pricing must consider specifications as listed below. Note certain restrictions exist due to mandatory compliance with Buy America requirements.

- System overhaul pricing must include transportation costs of the bus from Knoxville Area Transit located at 1135 E. Magnolia Avenue, Knoxville to the awarded vendor's location and return.
- The awarded vendor must provide for secure storage of the bus while at the vendor's facility.
- The awarded vendor's facility where all overhaul work is performed must be located within the United States. No outsourcing of any overhaul work to a facility outside the United States is allowed.
- Overhaul of the Energy Storage System (battery pack) must consist of a REFRESH of the existing Energy Storage System. REPLACEMENT of the Energy Storage System with is NOT ALLOWED.
- Complete replacement of the DPIM and/or Drive Unit (transmission) with new is allowed only if the awarded vendor provides a signed certification that final assembly of those components occurred within the United States. Certifications must provide the name of the company and location of final assembly for those components.
- Overhaul pricing must include removal and reinstallation of the hybrid electric drive system components.
- All current software/firmware updates must be installed at time of overhaul.

- Due to the proprietary nature of the H40 hybrid electric drive system and potential exposure to extreme high voltages, bidders must submit documentation with their bids showing they have received training from Allison Transmission and Allison Transmission has certified the bidder to perform overhauls on the H40 series hybrid electric drive system, and the certification is current.
- Overhaul pricing must include an Allison Transmission one-year/50,000 mile warranty.
- Buses and hybrid system serial numbers are provided in Appendix A.
- Bidders must provide labor rate charge and sub-component pricing for all items listed in Appendix B.

Priority Status and Required Turn-Around.

- The awarded vendor must give City vehicles priority for repairs. Work on the vehicle must begin within 24 hours upon vehicle arrival.
- Major repair/overhaul turn-around time for return of the vehicle to KAT will be no more than four calendar weeks under normal conditions, shorter periods mutually agreed upon when receiving notice that the City is preparing for or is experiencing periods of high-hold rates during periods of high vehicle service demand.
- The City reserves the right to submit work to the next lowest bidder if the contractor, in KAT's opinion, is not meeting required turn-around times, fails to begin work within 24 hours, or habitually does not meet service expectations.

Part 31, apply to its actions pertaining to this Project. Upon execution of the underlying contract, the Contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying contract or the FTA assisted project for which this contract work is being performed. In addition to other penalties that may be applicable, the Contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification,

Access to Records and Reports. The following access to records requirements apply to this Contract:

1. **Record Retention.** The Contractor will retain, and will require its subcontractors of all tiers to retain, complete and readily accessible records related in whole or in part to the contract, including, but not limited to, data, documents, reports, statistics, sub-agreements, leases, subcontracts, arrangements, other third party agreements of any type, and supporting materials related to those records.

The Contractor shall maintain all books, records, accounts and reports required under this Contract for a period of at not less than three (3) years after the date of termination or expiration of this Contract, except in the event of litigation or settlement of claims arising from the performance of this Contract, in which case records shall be maintained until the disposition of all such litigation, appeals, claims or exceptions related thereto.

3. **Access to Records.** The Contractor agrees to provide sufficient access to FTA and its contractors to inspect and audit records and information related to performance of this contract as reasonably may be required.

4. **Access to the Sites of Performance.** The Contractor agrees to permit FTA and its contractors access to the sites of performance under this contract as reasonably may be required.

The contractor shall at all times comply with all applicable FTA regulations, policies, procedures and directives, including without limitation those listed directly or by reference in the Master Agreement between the City of Knoxville and FTA, as they may be amended or promulgated from time to time during the term of this contract. The contractor's failure to so comply shall constitute a material breach of this contract.

Termination.

1. The City may terminate this Agreement at any time, with or without cause, by written notice of termination to the Contractor. If the City terminates this Agreement, and such termination is not a result of a default by the Contractor, the Contractor shall be entitled to receive as its sole and exclusive remedy the following amounts from the City, and the City shall have no further or other obligations to the Contractor: (a) The amount due to the Contractor for work executed through the date of termination, not including any future fees, profits, or other compensation or payments which the Contractor would have been entitled to receive if the Project had not been terminated; and (b) the direct out-of-pocket costs incurred by the Contractor for demobilization of the Project following receipt of the notice of termination, not to exceed the amount reasonably and actually required to demobilize the Project.

2. The City may, by written notice of default to the Contractor, terminate the whole or any part of this contract if the Contractor fails to make delivery of the supplies or to perform any of the other material provisions of the contract as determined by the City, or so fails to make progress as to endanger performance of this contract in accordance with its terms, and in either of these two circumstances does not cure such failure within a period of 10 days (or such longer period as the Purchasing Agent may authorize in writing) after receipt of notice from the Purchasing Agent specifying such failure. If the contract is terminated in whole or in part for default, the City may procure, upon such terms and in such manner as the Purchasing Agent may deem appropriate, supplies of services similar to those terminated. If the contract is terminated in whole or in part for default, the City may procure, upon such terms and in such manner as the Purchasing Agent may deem appropriate, supplies of services similar to those terminated.

3. If, after notice of termination of this contract under the provisions of this clause, it is determined for any reason that the Contractor was not in default under the provisions of this clause, or that the default was excusable under the provisions of this clause, the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to termination for convenience of the City.

4. The rights and remedies of the City provided in this clause shall not be exclusive and are in addition to any other right and remedies provided by law or under this contract.

Civil Rights Requirements. The City of Knoxville is an Equal Opportunity Employer. As such, the City agrees to comply with all applicable Federal civil rights laws and implementing regulations. Apart from inconsistent requirements imposed by Federal laws or regulations, the City agrees to comply with the requirements of 49 U.S.C. § 5323(h) (3) by not using any Federal assistance awarded by FTA to support procurements using exclusionary or discriminatory specifications. Under this Agreement, the Contractor shall at all times comply with the following requirements and shall include these requirements in each subcontract entered into as part thereof.

1. Nondiscrimination. Disadvantaged Business Enterprise (DBE) (49 CFR Part 26) -

1. This contract is subject to the requirements of Title 49, Code of Federal Regulations, Part 26, Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs. These requirements are in addition to all other equal opportunity employment requirements of this contract. The City of Knoxville shall make all determinations with regard to whether or not a Bidder/Offerer is in compliance with the requirements stated herein. In assessing compliance, the City of Knoxville may consider during its review of the Bidder/Offerer's submission package, the Bidder/Offerer's documented history of non-compliance with DBE requirements on previous contracts with the City of Knoxville.

2. A separate contract goal has not been established for this procurement.

3. The prime contractor and subcontractors shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out

applicable requirements of 49 CFR Part 26 in the award and administration of DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the City of Knoxville deems appropriate, which may include, but is not limited to:

- a. Withholding progress payments;
- b. Assessing sanctions;
- c. Liquidated damages; and/or
- d. Disqualifying the contractor from future bidding as non-responsible. (49 CFR 26.13(b)).

4. Each subcontract the contractor signs with a subcontractor must include the assurance in the subparagraph above (see 49 CFR 26.13(b)). The successful bidder/offeror will be required to report its DBE participation obtained through race-neutral means throughout the period of performance.

5. All bidders/proposers are required to submit the Subcontractor Information Form below. Additionally, the selected contractor, prior to contract award, must complete and submit the Commitment to Utilize DBE Certification form and subcontractors certified as DBE's through the TDOT Unified Certification Program who are participating in the project must submit the DBE Subcontractor Participation Certification form below.

6. The contractor is required to pay all of its subcontractors performing work related to this contract for satisfactory performance of that work no later than 30 days after the contractor's receipt of payment for that work from the City of Knoxville. Delays in payment must be approved in writing by the City of Knoxville. In addition, the contractor may not hold retainage from its subcontractors.

7. The contractor must promptly notify the City of Knoxville, whenever a DBE subcontractor performing work related to this contract is terminated or fails to complete its work, and must make good faith efforts to engage another DBE subcontractor to perform at least the same amount of work. The contractor may not terminate any DBE subcontractor and perform that work through its own forces or those of an affiliate without prior written consent of the City of Knoxville.

Incorporation of Federal Transit Administration (FTA) Terms - Incorporation of Federal Transit Administration (FTA) Terms - The preceding provisions include, in part, certain Standard Terms and Conditions required by DOT, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by DOT, as set forth in FTA Circular 4220.1F, are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. The Contractor shall not perform any act, fail to perform any act, or refuse to comply with any City of Knoxville requests, which would cause the City of Knoxville to be in violation of the FTA terms and conditions.

Government-Wide Debarment and Suspension.

1. The Contractor shall comply and facilitate compliance with U.S. DOT regulations, "Nonprocurement Suspension and Debarment," 2 C.F.R. part 1200, which adopts and supplements the U.S. Office of Management and Budget (U.S. OMB) "Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement)," 2 C.F.R. part 180. These provisions apply to each contract at any tier of \$25,000 or more, and to each contract at any tier for a federally required audit (irrespective of the contract amount), and to each contract at any tier that must be approved by an FTA official irrespective of the contract amount. As such, the Contractor shall verify that its principals, affiliates, and subcontractors are eligible to participate in this federally funded contract and are not presently declared by any Federal department or agency to be:

- a. Debarred from participation in any federally assisted Award;
- b. Suspended from participation in any federally assisted Award;
- c. Proposed for debarment from participation in any federally assisted Award;
- d. Declared ineligible to participate in any federally assisted Award;
- e. Voluntarily excluded from participation in any federally assisted Award; or
- f. Disqualified from participation in any federally assisted Award.

2. By signing and submitting its bid or proposal, the bidder or proposer certifies as follows:

The certification in this clause is a material representation of fact relied upon by the City of Knoxville. If it is later determined by the City of Knoxville that the bidder or proposer knowingly rendered an erroneous certification, in addition to remedies available to the City of Knoxville, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment. The bidder or proposer agrees to comply with the requirements of 2 C.F.R. part 180, subpart C, as supplemented by 2 C.F.R. part 1200, while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

Breaches and Dispute Resolution.

1. The City of Knoxville shall have the following rights in the event that the City deems the Contractor guilty of a breach of any term under the Contract.

- a. The right to take over and complete the work or any part thereof as agency for and at the expense of the Contractor, either directly or through other contractors;
- b. The right to cancel this Contract as to any or all of the work yet to be performed;

- c. The right to specific performance, an injunction or any other appropriate equitable remedy; and
- d. The right to money damages.

2. Inasmuch as the Contractor can be adequately compensated by money damages for any breach of this Contract, which may be committed by the City, the Contractor expressly agrees that no default, act or omission of the City of Knoxville shall constitute a material breach of this Contract, entitling Contractor to cancel or rescind the Contract (unless the City directs Contractor to do so) or to suspend or abandon performance.

3. Substantial failure of the Contractor to complete the Project in accordance with the terms of this Agreement will be a default of this Agreement. In the event of a default, the City will have all remedies in law and equity, including the right to specific performance, without further assistance, and the rights to termination or suspension as provided herein. The Contractor recognizes that in the event of a breach of this Agreement by the Contractor before the City takes action contemplated herein, the City will provide the Contractor with thirty (30) days written notice that the City considers that such a breach has occurred and will provide the Contractor a reasonable period of time to respond and to take necessary corrective action.

4. Disputes arising in the performance of this Contract that are not resolved by agreement of the parties shall be decided in writing by the authorized representative of City's Purchasing Agent. This decision shall be final and conclusive unless within [10] days from the date of receipt of its copy, the Contractor mails or otherwise furnishes a written appeal to the Purchasing Agent. In connection with any such appeal, the Contractor shall be afforded an opportunity to be heard and to offer evidence in support of its position. The decision of the Purchasing Agent shall be binding upon the Contractor and the Contractor shall abide by the decision.

5. Performance during Dispute. Unless otherwise directed by the City, Contractor shall continue performance under this Contract while matters in dispute are being resolved.

6. Claims for Damages. Should either party to the Contract suffer injury or damage to person or property because of any act or omission of the party or of any of its employees, agents or others for whose acts it is legally liable, a claim for damages therefor shall be made in writing to such other party within a reasonable time after the first observance of such injury or damage.

7. Remedies. Unless this Contract provides otherwise, all claims, counterclaims, disputes and other matters in question between the City and the Contractor arising out of or relating to this agreement or its breach will be decided by arbitration if the parties mutually agree, or in a court of competent jurisdiction within the State of Tennessee, County of Knox.

8. The duties and obligations imposed by the Contract documents and the rights and remedies available thereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law. No action or failure to act by the City of Knoxville or Contractor shall constitute a waiver of any right or duty afforded any of them under the Contract, nor shall any such action or failure to act constitute an approval of or acquiescence in any breach thereunder, except as may be specifically agreed in writing.

Lobbying Restrictions. Contractors who apply or bid for a contract or subcontract award of \$100,000 or more shall file the certification required by 49 CFR part 20, "New Restrictions on Lobbying." Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier shall also disclose the name of any registrant under the Lobbying Disclosure Act of 1995 who has made lobbying contacts on its behalf with non-Federal funds with respect to that Federal contract, grant or award covered by 31 U.S.C. 1352. Such disclosures are forwarded from tier to tier up to the recipient.

Clean Air and Clean Water Act Requirements.

The contractor and their subcontractors awarded contracts exceeding \$150,000 must agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act and the Federal Water Pollution control Act.

The Contractor agrees:

1. It will not use any violating facilities;
2. It will report the use of facilities placed on or likely to be placed on the U.S. EPA "List of Violating Facilities;"
3. It will report violations of use of prohibited facilities to FTA; and
4. It will comply with the inspection and other requirements of the Clean Air Act, as amended, (42 U.S.C. §§ 7401 – 7671q); and the Federal Water Pollution Control Act as amended, (33 U.S.C. §§ 1251-1387).

Cargo Preference Requirements (as applicable). For equipment, materials, or commodities which may be transported by ocean vessels, the contractor agrees:

1. To use privately owned United States-Flag commercial vessels to ship at least 50 percent of the gross tonnage (computed separately for dry bulk carriers, dry cargo liners, and tankers) involved, whenever shipping any equipment, material, or commodities pursuant to the underlying contract to the extent such vessels are available at fair and reasonable rates for United States-Flag commercial vessels;
2. To furnish within 20 working days following the date of loading for shipments originating within the United States or within 30 working days following the date of leading for shipments originating outside the United States, a legible copy of a rated, "on-board" commercial ocean bill-of-lading in English for each shipment of cargo described in the preceding paragraph to the Division of National Cargo, Office of Market Development, Maritime Administration, Washington, DC 20590 and to the FTA recipient (through the contractor in the case of a subcontractor's bill-of-lading.)
3. To include these requirements in all subcontracts issued pursuant to this contract when the subcontract may involve the transport of equipment, material, or commodities by ocean vessel.

Fly America Requirements (as applicable).

1. Definitions. As used in this clause:

a. "International air transportation" means transportation by air between a place in the United States and a place outside the United States or between two places both of which are outside the United States.

b. "United States" means the 50 States, the District of Columbia, and outlying areas.

c. "U.S.-flag air carrier" means an air carrier holding a certificate under 49 U.S.C. Chapter 411.

2. When Federal funds are used to fund travel, Section 5 of the International Air Transportation Fair Competitive Practices Act of 1974 (49 U.S.C. 40118) (Fly America Act) requires contractors, recipients, and others use U.S.-flag air carriers for U.S. Government-financed international air transportation of personnel (and their personal effects) or property, to the extent that service by those carriers is available. It requires the Comptroller General of the United States, in the absence of satisfactory proof of the necessity for foreign-flag air transportation, to disallow expenditures from funds, appropriated or otherwise established for the account of the United States, for international air transportation secured aboard a foreign-flag air carrier if a U.S.-flag air carrier is available to provide such services.

3. If available, the Contractor, in performing work under this contract, shall use U.S.-flag carriers for international air transportation of personnel (and their personal effects) or property.

4. In the event that the Contractor selects a carrier other than a U.S.-flag air carrier for international air transportation, the Contractor shall include a statement on vouchers involving such transportation essentially as follows:

Statement of Unavailability of U.S.-Flag Air Carriers
(For International Air Transportation of Personnel or Property)

International air transportation of persons (and their personal effects) or property by U.S.-flag air carrier was not available or it was necessary to use foreign-flag air carrier service for the following reasons. See FAR § 47.403. [State reasons]:

(End of statement)

5. The Contractor shall include the substance of this clause, including this paragraph (e), in each subcontract or purchase under this contract that may involve international air transportation.

the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act.

Americans with Disabilities Act (42 USC 12101, et seq.) and Section 504 of the Rehabilitation Act of 1973 (29 USC 794; 49 USC 5301(d))— The Contractor agrees to comply with all applicable requirements of the Americans with Disabilities Act of 1990, as amended, 42 USC §12101, et seq.; section 504 of the Rehabilitation Act of 1973, as amended, 29 USC §794; 49 USC §5301(d); and any implementing requirements FTA may issue. Notification to FTA – If a current or prospective legal matter that may affect the Federal Government emerges, Contractor must promptly notify the City, the FTA Chief Counsel, and FTA Regional Counsel for the Region where the City is located. The Contractor must also include a similar notification requirement in all third-party agreements and require each third-party participant to include an equivalent provision in its sub-agreements at every tier, for any agreement that is a "covered transaction" according to 2 C.F.R. §§ 180.220 and 1200.200.
