SB96 Revised Public Works Contractor Registration Law, as of June 27, 2017: *(which amends the previous SB854 law)*

It revised the previous SB 854 to update the fees to be collected to fund compliance monitoring and enforcement, determine prevailing wage and public works coverage, and hear enforcement appeals.

All contractors and subcontractors intending to bid or perform work on public works projects that meet the requirements for new construction, alteration, installation, demolition or repair that exceed \$25,000.00 for new construction or \$15,000.00 for maintenance, will be required to register, and annually renew, online for the program. The cost to register for the program is currently \$400.00 and is non-refundable. This is a DIR fee paid to the state. The District will not register a contractor, nor collect funds for registration.

No quote or bid can be accepted nor any contract or subcontract entered into nor purchase order issued without proof that the contractor or subcontractor is registered.

If you intend to bid or provide services on District projects in the future, please ensure you are registered with the DIR. The District will require a completed form PWC-100 notifying the DIR of the services you are providing, based on requirements above.

Annual registration fees for public works contractors have increased from \$300 to \$400, and contractors on small projects are exempt from public works registration and electronic certified payroll reporting requirements.

The Labor Commissioner will be able to assess public works contractors' penalties of up to \$8,000 – in addition to any penalty or registration fee – for failure to register. Awarding agencies are also subject to penalties of \$100 a day, up to a maximum of \$10,000, for hiring an unregistered contractor to perform work on a public works project. A contractor that hires an unregistered subcontractor is also subject to penalties of up to \$10,000.

This project is subject to compliance monitoring and enforcement by the DIR Relations. **All contractors must provide a separate form for each of their subcontractors, and they must include a screen shot(s) from the DIR Website for all contractors and subcontractors showing compliance, or your Bid will not be evaluated.**
