No. 2022-06-007

Public Building Data Interconnect

The Village of Palmetto Bay, Florida is soliciting Proposals to experienced vendors able to engineer, implement, and provide as-needed support for a private, secure, high-speed data interconnect between selected public facilities.

The Village will **receive sealed Proposals no later than 3:00 p.m.** on or before **Wednesday the 26th day of May, 2022** (late submittals, email submittals, and facsimile submissions will not be accepted) at the Office of the Village Clerk, 9705 E Hibiscus Street, Palmetto Bay, Florida 33157. All Proposals received will be publicly opened and read aloud on said date and time at the Village Hall, 9705 E Hibiscus Street, Palmetto Bay, Florida 33157, before the Procurement Specialist or his designee.

To be considered, all interested parties must request copies of the Proposal documents and submit one (1) original, one (1) copy and a CD or flash drive containing a copy of the entire original submission in one (1) sealed package clearly marked with the Proposal title. The respondent shall bear all costs associated with the preparation and submission of the response to the Proposal.

A mandatory, pre-bid meeting is scheduled for **Wednesday, May 4th, 2022**, at 10:00 a.m. (Virtually) instructions to attend are located in the solicitation. Bid documents may be obtained on or after **Thursday, April 21st, 2022**. The bid document can be obtained by visiting our website www.palmettobay-fl.gov and by clicking Bids & RFP's. If you cannot download the documents, please contact Mrs. Litsy C. Pittser, Procurement Division, lpittser@palmettobay-fl.gov.

No Proposal shall be withdrawn after the opening of the Proposal without the consent of the Village for a period of sixty (60) days after the scheduled time of opening and reading Proposals. The Village reserves the right to reject any and all Proposals or parts thereof, to terminate the process at any time (and recommence it at a later time from the beginning), and to waive any informalities, technicalities and irregularities in the Proposal, to disregard all non-conforming, conditional or counter Proposals and to award in whole or in part to one or more respondents, or take any other such actions that may be deemed in the best interest of the Village.

SECTION 2.0: Introduction

The Village of Palmetto Bay has multiple parks, public facilities, and staffed work areas. Each of these locations currently connects to the internet via their own local business internet circuit(s). In order for staff to access enterprise network resources and applications hosted in Village Hall's data center each site is linked back to Village Hall's data center using IPSec VPN tunnels over their local WAN links. These remote sites have typically six or fewer Village staff members stationed at any time, but most have (or will soon have) large public Wi-Fi campuses with heavier bandwidth demands that vary throughout the day.

The current site-to-site IPSec VPN methodology has been very cost effective for the Village but lacks resiliency. As an over-the-internet resource, our IPSec VPN endpoints are relentlessly targeted by malicious actors attempting to breach the connections. Internet services at these sites are also unreliable dropping multiple times per week, especially during storms, taking the VPN tunnels and public Wi-Fi internet services with them.

The Village seeks proposals for a well-engineered data interconnection between our key locations (listed in Section 4)) that is secure, reliable, and resilient with sufficient bandwidth to support not only our staff's minimal needs but also our much larger public Wi-Fi campuses. We are open to fiber and wireless technologies so long as the solution is well-engineered and tested.

END OF SECTION

SECTION 3.0: Terms and Conditions for Receipt of Proposals

3.00 Requirement to Meet All Provisions

Each Contractor submitting a Proposal shall meet the terms and conditions of the Request for Proposal (RFP) specifications package to the satisfaction of the Village. By virtue of its Proposal submittal, the Contractor acknowledges agreement with and acceptance of all provisions of the RFP specifications. The term "Successful Proposer" means the highest ranked, qualified, responsible Proposer to whom Owner (on the basis of Owner's evaluation as hereinafter provided) makes an award and whose Proposal the Owner determines is in the best interests of the Village.

3.01 Errors and Omissions in RFP

Companies are responsible for reviewing all portions of this RFP, including all terms of the RFP and requirements of the Village's Procurement Code. Companies are to promptly notify the Village's Procurement Specialist, in writing, if the Contractor discovers any ambiguity, discrepancy, omission, or error in the RFP or forms. Any such notification should be directed to the Procurement Specialist (LPittser@palmettobay-fl.gov) in writing promptly after discovery, but in no event later than (6 calendar days) days prior to the date for receipt of Proposals. Modifications and clarifications will be made by addenda as provided below.

3.02 Inquiries Regarding RFP

Inquiries regarding the RFP, including requests for clarification of the RFP, must be in writing. With respect to questions about the meaning or intent of the Project Specifications all questions shall be submitted in writing to the Village within seventy-two (72) hours after the receipt of the Project Specifications or Drawings. Failure to submit written questions regarding the Project Specifications within seventy-two (72) hours of receipt of the Project Specifications shall constitute a waiver of all claims associated herewith.

All inquiries shall only be directed to:

Mrs. Litsy C. Pittser
Procurement Specialist
Village Managers Office – Procurement Division
9705 E Hibiscus Street
Palmetto Bay, FL 33157
Email: LPittser@palmettobay-fl.gov

Oral information is not binding, or the Proposer shall be deemed to have waived all claims associated therewith on the Village and will be without legal effect. Only questions answered by written addenda will be binding, as set forth in 3.03 below, and may supersede terms noted in this solicitation. Replies will be issued by Addenda mailed or

delivered to all parties recorded by Owner as having received the Proposal Documents. Inquires must be received by **Thursday, May 19th, 2022**, no later than 3:00pm.

3.03 Addenda to RFP

The Department may modify or clarify the RFP, prior to the submittal due date, by issuing written addenda. Addenda will be sent via email to the last known address of each person listed with the Department as having received a copy of the RFP for proposal purposes. The Department will make reasonable efforts to notify Companies in a timely manner of modifications to the RFP. Notwithstanding this provision, the Contractor shall be responsible for ensuring that its submittal reflects any and all addenda issued by the Department prior to the submittal due date regardless of when the submittal is submitted. Each respondent should acknowledge receipt of any addenda by indicating same in their proposal submission. Each respondent acknowledging receipt of any addenda is responsible for the contents of the addenda and any changes to the Proposal herein. Failure to acknowledge any addenda may cause the Proposal to be rejected.

3.04 Proposal Withdrawal and Opening

A Contractor may withdraw its Proposal, without prejudice prior to the time specified for the Proposal opening, by submitting a written request to the Village Clerk for its withdrawal, in which event the proposal will be returned to the Contractor unopened. No Proposal can be withdrawn within the ninety (90) day period which occurs after the time is set for closing. Companies who withdraw their Proposals prior to the designated date and time may still submit another Proposal if done in accordance with the proper time frame. All Proposals will be opened and declared publicly. Companies and/or their representatives are invited to be present at the opening of the Proposal.

3.05 Revision of Proposals

At any time during the submittal evaluation process, the Department may require a Contractor to provide written clarification of its submittal.

3.07 No Waiver

No waiver by the Village of any provision of this RFP shall be implied from any failure by the Village to recognize or take action on account of any failure by a Contractor to observe any provision of this RFP.

3.08 Cone of Silence

Pursuant to Section 2-138 of the Village Code, all procurement solicitations once advertised and until written award recommendation has been forwarded by the village manager to the village council, are under the "Cone of Silence."

Contractor, is not thereby disqualified from submitting a sub-Proposal or from quoting prices to other companies submitting Proposals.

3.17 Exceptions to Specifications

If any Contractor submitting a Proposal intends on sub-contracting out all or any portion of the engagement, that fact, and the name of the proposed sub-contracting companies must be clearly disclosed in the Proposal. Following the award of the contract, no additional sub-contracting will be allowed without the prior written consent of the Village of Palmetto Bay.

In order that the Owner may be assured that only qualified and competent Subcontractors will be employed, each Proposer shall submit with the Proposal a list of the Subcontractors who will perform the work for each division of the Project Specifications as indicated on the "List of Subcontractors" form contained within the Proposal Form. The Proposer shall have determined to its own complete satisfaction that a listed Subcontractor has been successfully engaged in its particular type of business for a reasonable length of time, has successfully completed tasks comparable to that which is required by the Contract Documents and is qualified both technically and financially to perform that pertinent phase of the Work for which it is listed. Only one Subcontractor shall be listed for each division of the Work. The "List of Subcontractors" shall be accompanied by an experience statement with pertinent information as to similar projects and other evidence of qualification, with all applicable licenses, registration or certification numbers noted on the Proposal Form opposite its name for each such Subcontractor, person, and organization. In contracts where the Contract Price is based on Cost-of-the-Work Plus a Fee, the apparent Successful Proposer, prior to the Notice of Intent to Award, shall identify in writing to Owner those portions of the Work that such Proposer proposes to subcontract and after the Notice of Intent to Award may only subcontract other portions of the Work with Owner's written consent.

No Contractor shall be required to employ any Subcontractor, other person, or organization against whom he has reasonable objection.

The Contractor shall pay all claims and losses in connection therewith, and shall investigate and defend all claims, suits or actions of any kind or nature in the name of the Village, where applicable, including appellate

3.26 Protests, Appeals and Disputes

The procedures and requirements for Proposal protests, appeals and disputes are set forth in the Village Code, Sec. 2-175 (o) – (p), the provisions of which are hereby incorporated as if fully set forth herein, which may be found on

www.municode.com:

https://www.municode.com/library/#!/fl/palmetto_bay/codes/code_of_ordinances?nodeId=COOR_CH2AD_ARTVIFI_DIV2PRCO_S2-175PRPR

3.27 Force Majeure

The performance of any act by the Village or Contractor hereunder may be delayed or suspended at any time while, but only so long as, either party is hindered in or prevented from performance by acts of God, the elements, war, rebellion, strikes, lockouts or any cause beyond the reasonable control of such party, provided however, the Village shall have the right to provide substitute service from third parties or Village forces and in such event the Village shall withhold payment due Contractor for such period of time. If the condition of force majeure exceeds a period of 14 days the Village may, at its option and discretion, cancel or renegotiate this Agreement.

3.28 Work Delays

Should the Contractor be obstructed or delayed in the work required to be done hereunder by changes in the work or by any default, act, or omission of the Village, or by strikes, fire, earthquake, or any other Act of God, or by the inability to obtain materials, equipment, or labor due to federal government restrictions arising out of defense or war programs, then the time of completion may, at the Village's sole option, be extended for such periods as may be agreed upon by the Village and the Contractor. In the event that there is insufficient time to grant such extensions prior to the completion date of the contract, the Village may, at the time of acceptance of the work, waive liquidated damages that may have accrued for failure to complete on time, due to any of the above, after hearing evidence as to the reasons for such delay, and making a finding as to the causes of same.

3.29 Authority of the Village's Project Manager

- A. The Contractor hereby acknowledges that the Village's Project Manager will determine in the first instance all questions of any nature whatsoever arising out of, under, or in connection with, or in any way related to or on account of, the Agreement including without limitations: questions as to the value, acceptability and fitness of the Services; questions as to either party's fulfillment of its obligations under the Contract; negligence, fraud or misrepresentation before or subsequent to acceptance of the Proposal; questions as to the interpretation of the Scope of Services; and claims for damages, compensation and losses.
- B. The Contractor shall be bound by all determinations or orders and shall promptly obey and follow every order of the Project Manager, including the withdrawal or modification of any previous order and regardless of whether the Contractor agrees with the Project Manager's determination or order. Where orders are given orally, they will be issued in writing by the Project Manager as soon thereafter as is practicable.
- C. The Contractor must, in the final instance, seek to resolve every difference concerning the Agreement with the Project Manager. If the Contractor and the Project Manager are unable to resolve their difference, the Contractor may initiate a dispute in accordance with the procedures set forth in the section below. Exhaustion of these procedures shall be a condition precedent to any lawsuit permitted hereunder.
- D. In the event of such dispute, the parties to the Agreement authorize the Village Manager or designee, who may not be the Project Manager or anyone associated with this Project, acting personally, to decide all questions arising out of, under, or in connection with, or in any way related to or on account of the Agreement (including but not limited to claims in the nature of breach of contract, fraud or misrepresentation arising either before or subsequent to execution hereof) and the decision of each with respect to matters within the Village Manager's purview as set forth above shall be conclusive, final and binding on parties. Any such dispute shall be brought, if at all, before the Village Manager within 10 days of the occurrence, event or act out of which the dispute arises.
- E. The Village Manager may base this decision on such assistance as may be desirable, including advice of experts, but in any event shall base the decision on an independent and objective determination of whether Contractor's performance or any Deliverable meets the requirements of the Agreement and any specifications with respect thereto set forth herein. The effect of any decision shall not be impaired or waived by any negotiations or settlements or offers made in connection with the dispute, whether or not the Village Manager participated therein, or by any prior decision of others, which prior decision shall be deemed subject to review, or by any termination or cancellation

of the Agreement. All such disputes shall be submitted in writing by the Contractor to the Village Manager for a decision, together with all evidence and other pertinent information regarding such questions, in order that a fair and impartial decision may be made. The parties agree that whenever the Village Manager is entitled to exercise discretion or judgment or to decide or form an opinion pursuant to the provisions of this Article, such action shall be deemed fair and impartial when exercised or taken. The Village Manager shall render a decision in writing and deliver a copy of the same to the Contractor. Except as such remedies may be limited or waived elsewhere in the Agreement, Contractor reserves the right to pursue any remedies available under law after exhausting the provisions of this Article.

3.30 E-Verify

Contractor acknowledges that the Village may be utilizing the Contractor's services for a project that is funded in whole or in part by State funds pursuant to a contract between the Village and a State agency. Contractor shall be responsible for complying with the E-Verify requirements in the contract and using the U.S. Department of Homeland Security's E-Verify system to verify the employment of all new employees hired by Contractor during the Agreement term. The Contractor is also responsible for e-verifying its sub-Contractor's, if any, pursuant to any agreement between the Village and a State Agency and reporting to the Village any required information. Contractor acknowledges that the terms of this paragraph are material terms, the breach of any of which shall constitute a default under the Agreement.

3.31 Veteran's Preference for Small Business

In order to obtain an additional 10 pts during the examination process, a "Veteran-Owned Small Businesses Preference Form" shall be submitted with the proposal, along with all documentation required by the form, and statutory requirements and documentation must be met by the proposal due date.

End of Section

SECTION 4.0: Scope of Services

The Village seeks proposals for a well-engineered data interconnection between our key locations (listed below) that is secure, reliable, and resilient with sufficient bandwidth to support not only our staff's minimal needs but also our much larger public Wi-Fi campuses. We are open to fiber and wireless technologies so long as the solution is well-engineered and tested.

1. Scope & Requirements

a. Locations

- i. Village Hall – 9705 East Hibiscus Street, Palmetto Bay, FL 33157
 1. Up to fifty (50) staff members
 2. Data center
 3. Interior and exterior public Wi-Fi zones currently active
 4. WAN link #1 – 250 Mbps synchronous fiber
 5. WAN link #2 – 600 Mbps down, 40 Mbps up
 6. **NOTE – WAN link 2 is under contract and not under consideration at this time.**
- ii. Thalatta Estate – 17301 Old Cutler Road, Palmetto Bay, FL 33157
 1. Up to (6) staff members
 2. Large public Wi-Fi zone currently active
 3. WAN link – 300 Mbps down, 40 Mbps up
- iii. Palmetto Bay Park – 17301 SW 95th Avenue, Palmetto Bay, FL 33157
 1. Up to four (4) staff members
 2. Large public Wi-Fi zone currently active
 3. WAN link – 1000 Mbps down, 40 Mbps up
- iv. Public Services Dept. – 9495 SW 180th Street, Palmetto Bay, FL 33157
 1. Up to six (6) staff members
 2. No large-scale public Wi-Fi expectations
 3. WAN link – 200 Mbps down, 40 Mbps up
- v. Coral Reef Park – 7895 SW 152nd Street, Palmetto Bay, FL 33157
 1. Up to four (4) staff members
 2. Large public Wi-Fi campus to be implemented soon
 3. WAN link – 200 Mbps down, 40 Mbps up
- vi. Perrine Community House – 900 Perrine Ave, Palmetto Bay, FL 33157
 1. Interior public Wi-Fi zone, small.

2. Directly connected back to Village Hall via point-to-point wireless bridge

No other Village-owned locations need to be considered at this time.

b. Bandwidth requirements

There are six (6) or fewer permanent Village staff members connected to the enterprise networks at Thalatta, Palmetto Bay Park, Coral Reef Park, and Public Services Dept. at any time with the occasional spike in on-site staff with laptops and tablets due to special events, meetings, etc. There are no staff members currently stationed at 900 Perrine but that may change. Bandwidth requirements for Village staff users at these locations are relatively low. WAN traffic mostly consists of web browsing, email, Office 365, and VoIP followed by IPSec VPN traffic allowing staff to access file servers and enterprise applications hosted in Village Hall's data center. Thalatta Estate, Palmetto Bay Park, and Coral Reef Park, however, have (or will soon have) a substantial, large public Wi-Fi campus and large spikes in visitor traffic throughout the day. For example, during soccer season Coral Reef Park may easily see over three hundred (300) visitors. Thalatta Estate, as another example, is also an extremely popular wedding destination and as such may easily draw over one hundred (100) visitors per event.

Village Hall contains our primary data center housing all of our enterprise applications, file servers and disaster recovery systems. It houses nearly fifty (50) staff members with a substantial amount of web browsing, email, and VoIP traffic as well as multiple daily uploads to our secure DR site. Village Hall also has constant weekday lobby foot traffic and many public visitors accessing its public Wi-Fi services, especially during special events and public meetings. Council meetings in non-pandemic times could easily draw just under one hundred (100) visitors while special annual events like the Holiday Festival may draw several hundred.

The Village requests that proposers evaluate our bandwidth needs and provide a solution that offers enough bandwidth for current needs and the ability to adjust or enhance in the future.

c. Technical requirements

The Village is seeking a well-engineered proposal that addresses our objectives:

- A secure, reliable, high-speed data interconnection between the locations mentioned in section 3.a

- Some level of resiliency in the design that allows for failover or re-routing of traffic if a link suffers a disconnection
- Enough bandwidth to support our staff and public users
- Connectivity that is resistant to environmental factors such as storms, floods, high speed winds, etc.

The Village is leaving it up to the proposers to engineer the solution and justify their selections.

The Village currently employs Fortinet network infrastructure appliances at each location mentioned in section 3.a. The gateway appliance models at each site are as follows:

- Village Hall – Fortinet Fortigate 200e
- Thalatta Estate – Fortinet Fortigate 80e
- Coral Reef Park, Palmetto Bay Park, and Public Services – Fortinet FortiWiFi 50e

The Village wishes to continue using Fortinet network infrastructure equipment whenever possible as our IT Division is extremely familiar administering and supporting them. We expect the Fortigate 80e and the three FortiWiFi 50e's will need to be replaced to support fiber optic connectivity should this be the selected media type. Proposers are asked to include the appropriate Fortinet replacement hardware in their proposals including any required fiber optic adapters.

d. Project plan requirements

The Village requires a project plan detailing the key implementation phases across all locations. This will allow us to anticipate and prepare for any construction, trenching and/or service outages associated with the project. The selected solution provider will need to coordinate with all affected departments to schedule the actual implementation work ensuring minimal interruptions.

e. Cybersecurity requirements

In addition to the network protection provided by the Fortinet gateway appliances at each location, the Village requests providers include carrier-level cybersecurity features to protect the network from intrusion, denial of service, etc.

f. Ongoing support requirements

The Village requires a price schedule agreement for ongoing support and minor modifications of the network for a term of three years.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. The IRS has created a page on www.irs.gov/w9 for information about Form W-9, at www.irs.gov/w9. Information about any future developments affecting Form W-9 (such as legislation enacted after we release it) will be posted on that page.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, payments made to you in settlement of payment card and third party network transactions, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

- Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
- Certify that you are not subject to backup withholding, or
- Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the

withholding tax on foreign partners' share of effectively connected income, and

- Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct.

Note. If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.
