

**Part B Requirements and/or Recommendations**

• **NOTICE:** A pattern and/or repeated violations of the same or related acute or critical regulations (violations of the same Part in Title 49, Code of Federal Regulations) will cause the maximum penalties allowed by law to be assessed under Section 222 of the Motor Carrier Safety Improvement Act of 1999 (MCSIA). A pattern of violations means two or more violations of acute and/or critical regulations in three or more Parts of Title 49, Code of Federal Regulations discovered during any eligible investigation. Repeated violations means violation(s) of an acute regulation of the same Part of Title 49, Code of Federal Regulations discovered in an investigation after one or more closed enforcement actions within a six year period and/or violation(s) of a critical regulation in the same Part of Title 49, Code of Federal Regulations discovered in an investigation after two or more closed enforcement actions within a six year period.

• **NOTICE:** 49 CFR Part 391.23 requires prospective employers to, at a minimum, investigate a driver's employment information, crash record, and alcohol and controlled substances history from all employers the driver worked for within the previous 3 years.

The Pre-Employment Screening Program (PSP) is a screening tool that assists motor carriers in investigating crash history and roadside safety performance of prospective drivers. The PSP allows motor carriers to purchase 5 years of crash data and 3 years of roadside inspection data from the Federal Motor Carrier Safety Administration's (FMCSA) Motor Carrier Management Information System (MCMIS). Records are available 24 hours a day via Web request. Motor carriers should visit the following website for more information:  
<http://www.psp.fmcsa.dot.gov/Pages/default.aspx>

• All motor carriers and truck drivers are needed to fight against terrorism and hijacking. You could be a target. Protect yourself, your trucks, your cargo, and your facilities. Discuss with your employees/drivers the "Security Measures for Truck Drivers and Companies" which were provided and reviewed with motor carrier official. Motor carriers should visit the following website for more information:  
<http://www.fmcsa.dot.gov/documents/Hijacking-Brochure.pdf>

Information on your compliance status, roadside inspections, regulatory changes, accident countermeasures and hazardous material incident prevention manual is available on the Internet at the Federal Motor Carrier Safety Administration's web site at <http://www.fmcsa.dot.gov/> and <http://www.safer.fmcsa.dot.gov/>.

## Executive Summary

### CARRIER INFORMATION

Inspection No.: 2152382

**Carrier Name**      KINGSMEN COACH LINES LLC

**DBA**

**Trade Name**

**SCAC Code**      KCLL

**Units Inspected:**

**DOT Number**      252315

**Current DTMO Inventory:**      11

No critical or worse violations were discovered during this FTE. The operations manager, Mr. Bernard Barns, has taken action to correct numerous violations noted on the prior FTE conducted on December 18, 2014. KCL has not been involved in any recordable accidents, and no buses have been put out-of-service during roadside inspections.

Kingsmen Coach Lines LLC, referred to as "KCL" in the remainder of this report, is a for-hire passenger carrier conducting business since 1983. They currently own and operate 11 full sized motor coaches, and employ 14 drivers; two are multiply employed. KCL operates throughout the East Coast, with limited trips to points in the West. They also provide shuttle service for numerous convention and tour businesses in the Atlanta area. They have operated an average of 53 charters per month with an annual mileage of 597,789 miles. In addition, they have operated an average of 4.6 military charters in the last twelve months; the major military base being Ft. Benning in Columbus, GA. They lost the Atlanta Airport to Ft. Benning contract to Harmon Brothers Charter Services. This is the reason for the reduction in miles and drivers.

The company's owner and President is Mr. Walter Hubbard, who initiated operations in 1983. Mr. Bernard Barns is their full time Operations Manager; however, he still performs driver duties as needed. The owner's stepson, Mr. Xavier Landers, is their part time compliance supervisor. Mr. Landers is now the designated employee representative (DER) for their Alcohol and Controlled Substance testing program. He is a full time Fulton County police officer.

KCL operates out of a large fenced facility owned by Mr. Hubbard. Their offices are in a brick building on this property and it was found to be well organized, and presented a professional image of the carrier. On the same property a separate five bay, two story garage, is leased to Parker Truck Service, and is their 3rd party vender for almost all inspections and repairs. However, most oil changes are performed off site due to the special pressurized equipment needed to perform this task on the newer engines.

The most recent Federal Motor Carrier Safety Administration (FMCSA) compliance review on April 29, 2015 resulted in a satisfactory safety rating
