**Errors:** When an error is made in the bid extension of generating total bid prices or in any other process of completing the bid, the original unit prices submitted will govern. Discrepancies between words and figures will be resolved in favor of the words. Carelessness in quoting prices, or in preparation of the bid otherwise, will not relieve the bidder from performance.

**Bid Rejection:** Failure to comply with all the enclosed instructions may result in rejection of the bid.

**Consideration of Bids:** Verbal, emailed or faxed bids will not be considered.

**Opening Location:** It will be the sole responsibility of the Bidder to deliver their bid personally or by mail or other delivery service to "Indian River County Purchasing Division, 1800 27<sup>th</sup> Street, Vero Beach, FL 32960," on or before the closing hour and date shown for receipt of bids. Bidders are further notified that the County's governing body may not give preference to a Bidder based on the Bidder's social, political, or ideological interests.

**Unbalanced Bids:** The County will reject any bid that is unbalanced, if it is in the best interest of the County to do so. A bid will be considered unbalanced when, in the opinion of the Purchasing Manager, the bid allocates a disproportionate share of costs to the price of one or more bid items in order to reduce the costs to the price of another bid item or items, and if there is a reasonable possibility that the bid will not result in the lowest overall cost to the County.

**Supplemental Information:** The County reserves the right to conduct such investigations as it deems necessary to assist in the evaluation of any Bid and to establish the responsibility, qualifications and financial ability of Bidders, proposed subcontractors, suppliers, and other relevant parties to perform and furnish the work. Failure to provide any requested information may result in the determination of the Bidder as non-responsible.

**Awards:** The County reserves the right to cancel the bid, accept or reject any and all bids in whole or in part, and waive any irregularity or technicality in bids received. When it is determined there is no competition to the lowest responsive, responsible Bidder, rebidding of the project is not required. Bidders are cautioned to make no assumptions unless their bid has been evaluated as being responsive. The County reserves the right to not make any award(s) under this bid.

**Bid Protest:** Any actual or prospective bidder or proposer who is aggrieved in connection with a competitive selection process may protest to the Purchasing Manager. The protest shall be submitted to the Purchasing Manager in writing within five (5) calendar days after the bidder or proposer knows or should have known of the

**Applicable Law and Venue:** The resulting Agreement and all rights and duties of the parties hereto shall be governed by the laws of the State of Florida, including but not limited to the provisions of the Florida Uniform Commercial Code Chapters 671-679 F.S., for any terms and conditions not specifically stated within. Venue for any lawsuit brought by either party against the other party or otherwise arising out of this Contract shall be in Indian River County, Florida, or, in the event of a federal jurisdiction, in the United States District Court for the Southern District of Florida.

**Cancellation:** It is the intention of the County to purchase material and / or services from sources of supply that will provide prompt and convenient shipment and service. Any failure of the supplier to satisfy the requirements of the County shall be reason for termination of the award.

**Termination by the County:** The County reserves the right to terminate a contract by giving thirty (30) days notice, in writing, of the intention to terminate, if at any time the contractor fails to abide by or fulfill any of the terms and conditions of the contract. Such grant must be in writing and made part of the resulting Agreement.

**Direct Purchase:** County reserves the option to purchase certain tangible materials necessary for the performance of the Contract, and thereby save the amount of the sales tax thereon by virtue of the Owner’s status as a Tax Exempt Institution. ### Scope

The scope of work for this solicitation includes the installation of native vegetation within a portion of the Hallstrom Farmstead Conservation Area located at 1701 Old Dixie Highway, Vero Beach, Florida 32960 (Figure 1). The site was once used for agriculture, and is dominated by ruderal grasses and other species. Figure 2 depicts the limits within the conservation area where re-vegetation is proposed. This area has been mechanically treated to remove exotics vegetation, and will be spot sprayed to control recruitment of undesirable vegetation prior to the planting detailed within this scope of work.

The plant material described in this solicitation will be installed in two separate areas: (1) within the parking lot; and (2) along the stabilized walking trail. The planting table provided for this work is included in this solicitation. The parking area plantings will be coordinated with County staff to field fit the location of these plantings. The trail plantings will occur as 20' by 20' clusters spaced along the trail in areas devoid of significant vegetative cover. County staff will place markers in the field at the location of the proposed trail planting areas (~40 in total).

### Materials & Methods

The purchase and installation of native plants at Hallstrom Farmstead shall conform with the following standards and practices:

- (1) Plant material shall be installed in a manner as determined by qualified County staff to be generally consistent with proper horticultural practices found in the most recent editions of the following:
  - (a) *Grades and Standards for Nursery Plants* from the Florida Department of Agriculture Division of Plant Industry;
  - (b) *Florida Friendly Best Management Practices for Protection of Water Resources* by the Green Industries from the Florida Department of Environmental Protection;
  - (c) *Selecting and Planting Trees for the South Florida Urban Forest* from the Florida Urban Council;
  - (d) *The Right Tree in the Right Place* brochure from Florida Power and Light;
  - (e) *American National Standards Institute A-300 and Z-133*; and
- (2) All installed plant material shall be a minimum grade of Florida #1 or better as identified in *Grades and Standards* by the Florida Department of Agriculture, where applicable.

### Mobilization

There is one access location that will be used to complete the planting (Figure 2). Selected Contractor shall coordinate the installation of the plants with County staff. Contractor shall notify the County in writing at least seven (7) days prior to the intended initiation of planting. County staff will be on site to assist with field fitting the location of plant materials to be installed. The limits of the proposed planting area will be flagged prior to the installation to ensure that plant materials are installed within this zone.

### Proposed Planting Zones

The proposed plants to be installed are detailed on the Bid Form. The County requests an installed price for each of the plant species identified. Based on availability, prospective bidders may provide alternative sizes of plant materials on the bid form, with accompanying cost. The County reserves the right to select the materials to be installed based on the sizes and installed costs detailed on the submitted bid forms.

Based on the bid form provided by the selected contractor, the County may elect to modify the number of species, and/or the number of plants installed, to meet the general requirements of the project. The Contractor should indicate in their response whether additional amounts of each species are available upon request by the County, or if there are limitations on the number of a particular species that can be provided (should the County elect to augment the number of plants installed).

### **Maintenance**

The project will have a guarantee period of 90 days. During this period, the Contractor will be required to maintain a minimum of 90% survivorship of installed materials. The Contractor will notify the County in writing if replacement of plant materials exceeds 10% of the overall number of plants installed. In addition, the Contractor will notify the County of the dates for plant replacement to ensure that the installed materials have been maintained for the duration of the 90-day maintenance period. The County is not requiring staking of materials, or a specific watering regime, however, there are County facilities within 5 miles of the project site where water is available, should the Contractor elect to use County sources.

### **PROJECT REQUIREMENTS**

No permits are required for completion of this project. Indian River County and SJRWMD are the permitting entities with oversight of the project area.
