

## ADDENDUM NO. 1

Issue Date: August 27, 2019

Project Name: Harmony Oaks Boardwalk Construction

Bid Number: 2020001

Bid Opening Date: September 9, 2019

This addendum is being released to provide minutes to the pre-bid meeting and to answer questions received to date. The information contained in this addendum are hereby incorporated in the invitation to bid.

**This addendum must be acknowledged where indicated on the bid form, or the bid will be declared non-responsive.**

### Questions answered at Pre-Bid/Minutes

1. The County will confirm whether the access point to the boardwalk that was used today will be available for use during construction. The alternative access is through the conservation area gate to the west.
2. The access to the west is only suited to ATV or UTV. The trail is too narrow and not suited for trucks or larger vehicles.
3. The County will stake the location of the Seasonal High Water elevations, as presented in the plan drawings. The stakes will be installed within the next 10 business days, and we will let them know when this has been completed.
4. The boardwalk must be ADA compliant, so any ramp needed to meet this requirement must be depicted in the plans.
5. The location of any on site staging areas would have to be approved by County staff.

### Questions and Answers

- The bid contract stated that only general contractors and those with dock building certification are eligible. As a building contractor I thought I could build these type of structures. Am I eligible to contract this type of project?
- Building Contractors can bid as long as the can meet all requirements and are properly licensed and insured.**
