

CITY OF CALLAWAY
WALLACE ROAD SIDEWALK CONSTRUCTION
PROJECT - REBID NO.: PW2020-12

ADDENDUM #1

Date Issued: November 5, 2020

This addendum is being released to address the following questions:

- 1. Proof of Insurance - the instructions say proof of insurance is required - but elsewhere it indicates that the Certificates of Insurance are only needed after the bid has been awarded. Can you clarify? Do I need actual COIs at the time I turn the bid in?
A. Most submit with the bid. It just saves time in awarding, but can be submitted post bid.
2. Item #12 - DBE Bid Package Information - we have prepared a plan as required. There is an I-9 form included in this part of the package. I am fully aware of what an I-9 form is and we have every new employee complete one as required. However I do NOT understand what we are supposed to do with the I-9 form as it relates to the bid - please advise.
A. It is a requirement of the FDOT LAP funding program that is funding this project. It would be the president or owner of the company, your decision.
3. Non-Collusion Form - the information in the upper right corner - I want to confirm that we do NOT complete that information - that information is to be completed by whomever receives the form of the winning bidder. Is that correct? If my assumption is wrong, please advise.
A. This information is based upon the LAP agreement information with the City for this specific project. Not necessary to fill that out as the form relates to the project being bid upon.
4. There is not a line item for Demo of curb, pipe etc.
A. The Contractor should include cost of demo in construction cost of new curb, pipe, etc.
5. There is not a line item for As-Builts.
A. the Contractor will be responsible to prepare the as-builts & the cost will be included in the construction cost.
6. Who is doing the layout for the project?
A. The layout should be included construction cost of sidewalk No separate item is provided for this work.
